INDEPENDENT AUDITORS' REPORT

Taubensee Steel & Wire Co.
Retirement Plan
Wheeling, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of Taubensee Steel & Wire Co. Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Taubensee Steel & Wire Co. Retirement Plan as of December 31, 2012 and 2011, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion in the financial statements as a whole. The supplemental schedules of Schedule of Assets Held for Investment, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies of the Plan.

Basis of Accounting: The Plan's financial statements are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fair Value Measurements: ASC 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements.

Companies are required to disclose fair value of certain assets and liabilities according to a fair value hierarchy. This hierarchy ranks the quality and reliability of the inputs used to determine fair values, which are then classified and disclosed in one of three categories. The three levels of the fair value hierarchy are:

- Level 1 – quoted prices in active markets for identical assets or liabilities.
- Level 2 – quoted prices in active markets for similar assets or liabilities; quoted prices in markets that are not active; and model-derived valuations whose inputs are observable. The plan did not have any investments in Level 2 at December 31, 2012.
- Level 3 – Model-derived valuations with unobservable inputs that are supported by little or no market activity. The Plan did not have any investments in Level 3 at December 31, 2012.

Mutual Funds: The plan measures its mutual funds that are exchanged traded in an active market using the funds' quoted prices. Therefore, this investment is classified within Level 1 of the valuation hierarchy. 100% of the investments held at December 31, 2012 are mutual funds

Investments: Investment transactions, including gains or losses on the sale of securities, are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Investments in mutual funds are stated at fair value as determined by quoted market prices at the end of the plan year, which represents the net asset value of shares held by the Plan at year-end.

Net realized and unrealized appreciation and depreciation is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments. Participant loans are valued at amortized cost, which approximates fair value.

Administrative and Other Expenses: General management fees and professional fees are borne by the plan sponsor. Transaction fees within the participant directed accounts are borne by the individual participants.

Payment of Benefits: Benefits are recorded when paid.

2. DESCRIPTION OF THE PLAN

The following description of the Taubensee Steel & Wire Co. Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a defined contribution plan with a 401(k) provision covering all full time employees of the Company who have 90 days of service and are age twenty-one or older. Employer matching begins one year from the date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 60 percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. The Company may make matching contributions equal to a percentage declared by the employer, through an annual Board of Directors' resolution, of the deferral contributions made by each participant during the plan year. The Company may also contribute an amount, which is designated as a qualified discretionary contribution. There were no discretionary contributions for 2012 or 2011. Participants may also contribute after-tax (Roth) contributions. There are no Company matching requirements on Roth contributions.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Investment options: Participants may direct contributions in any of the mutual fund options set up by the employer at Fidelity Investments. At present there are twenty different fund options available.

Participant notes receivable: Participants may borrow from their fund accounts, only for hardship reasons, a minimum of $1,000 and up to a maximum of the lesser of $50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participants Notes fund. Loan terms shall not exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also receive the vested amount of their account upon attainment of normal retirement age, whether or not employment has terminated.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

4. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There are no material reconciling items between the Form 5500 and the financial statements for tax year ending December 31, 2012.

5. TAX STATUS

The trust constitutes a qualified trust under Section 401(a) of the Internal Revenue Code and is therefore exempt from Federal income taxes under provisions of Section 501(a). A favorable determination letter was received March 31, 2008 by the plan administrator for the prototype plan the sponsor adopted. Although the determination letter does not cover any variances from the prototype plan, management feels the plan is operating in accordance with the applicable sections of the Internal Revenue Code.

The Company files income tax returns in the U.S. federal jurisdiction. The Company is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2009.

6. INVESTMENTS

The following table represents the fair values of investments and investment funds that totaled 5% or more of the Plan's net assets at December 31, 2012 and 2011:

	2012	2011
Fidelity Contrafund	$ 1,410,657	$ 1,638,038

Report on the Financial Statements

We have audited the accompanying financial statements of Taubensee Steel & Wire Co. Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Taubensee Steel & Wire Co. Retirement Plan as of December 31, 2012 and 2011, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion in the financial statements as a whole. The supplemental schedules of Schedule of Assets Held for Investment, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies of the Plan.

Basis of Accounting: The Plan's financial statements are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fair Value Measurements: ASC 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements.

Companies are required to disclose fair value of certain assets and liabilities according to a fair value hierarchy. This hierarchy ranks the quality and reliability of the inputs used to determine fair values, which are then classified and disclosed in one of three categories. The three levels of the fair value hierarchy are:

- Level 1 – quoted prices in active markets for identical assets or liabilities.
- Level 2 – quoted prices in active markets for similar assets or liabilities; quoted prices in markets that are not active; and model-derived valuations whose inputs are observable. The plan did not have any investments in Level 2 at December 31, 2012.
- Level 3 – Model-derived valuations with unobservable inputs that are supported by little or no market activity. The Plan did not have any investments in Level 3 at December 31, 2012.

Mutual Funds: The plan measures its mutual funds that are exchanged traded in an active market using the funds' quoted prices. Therefore, this investment is classified within Level 1 of the valuation hierarchy. 100% of the investments held at December 31, 2012 are mutual funds

Investments: Investment transactions, including gains or losses on the sale of securities, are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Investments in mutual funds are stated at fair value as determined by quoted market prices at the end of the plan year, which represents the net asset value of shares held by the Plan at year-end.

Net realized and unrealized appreciation and depreciation is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments. Participant loans are valued at amortized cost, which approximates fair value.

Administrative and Other Expenses: General management fees and professional fees are borne by the plan sponsor. Transaction fees within the participant directed accounts are borne by the individual participants.

Payment of Benefits: Benefits are recorded when paid.

2. DESCRIPTION OF THE PLAN

The following description of the Taubensee Steel & Wire Co. Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a defined contribution plan with a 401(k) provision covering all full time employees of the Company who have 90 days of service and are age twenty-one or older. Employer matching begins one year from the date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 60 percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. The Company may make matching contributions equal to a percentage declared by the employer, through an annual Board of Directors' resolution, of the deferral contributions made by each participant during the plan year. The Company may also contribute an amount, which is designated as a qualified discretionary contribution. There were no discretionary contributions for 2012 or 2011. Participants may also contribute after-tax (Roth) contributions. There are no Company matching requirements on Roth contributions.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Investment options: Participants may direct contributions in any of the mutual fund options set up by the employer at Fidelity Investments. At present there are twenty different fund options available.

Participant notes receivable: Participants may borrow from their fund accounts, only for hardship reasons, a minimum of $1,000 and up to a maximum of the lesser of $50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participants Notes fund. Loan terms shall not exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also receive the vested amount of their account upon attainment of normal retirement age, whether or not employment has terminated.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

4. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There are no material reconciling items between the Form 5500 and the financial statements for tax year ending December 31, 2012.

5. TAX STATUS

The trust constitutes a qualified trust under Section 401(a) of the Internal Revenue Code and is therefore exempt from Federal income taxes under provisions of Section 501(a). A favorable determination letter was received March 31, 2008 by the plan administrator for the prototype plan the sponsor adopted. Although the determination letter does not cover any variances from the prototype plan, management feels the plan is operating in accordance with the applicable sections of the Internal Revenue Code.

The Company files income tax returns in the U.S. federal jurisdiction. The Company is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2009.

6. INVESTMENTS

The following table represents the fair values of investments and investment funds that totaled 5% or more of the Plan's net assets at December 31, 2012 and 2011:

	2012	2011
Fidelity Contrafund	$ 1,410,657	$ 1,638,038
