INDEPENDENT AUDITORS' REPORT

To the Participants and Trustee of

Metro Corral Partners, LLC 401(k) Plan:

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Metro Corral Partners, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 4, which was certified by State Street Bank and Trust Company (the "Custodian"), the custodian of the Plan's investment assets, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the Custodian as of December 31, 2012 and 2011, and for the years then ended, that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters
The supplemental schedule as of December 31, 2012 is required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 9 to the financial statements, management of Metro Corral Partners, LLC, the Plan's sponsor, terminated the Plan effective March 28, 2013, which indicates that the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination. Our opinion is not modified with respect to that matter.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, as listed in the accompanying table of contents, other than that derived from the information certified by the Custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

METRO CORRAL PARTNERS, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

1. DESCRIPTION OF THE PLAN

The following description of the Metro Corral Partners, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of Metro Corral Partners, LLC and affiliates under common ownership (the "Sponsor"), who have attained the age of 21 and completed one year of service. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974, as amended, ("ERISA") and the Internal Revenue Code ("IRC").

Contributions
Employees eligible to participate in the Plan ("participants") may contribute up to 50% of their eligible compensation (as defined) to the Plan under a salary deferral arrangement, up to the limit prescribed by the IRC, which is adjusted annually be the Internal Revenue Service ("IRS"). Participants may also make rollover contributions to the Plan, representing distributions from other qualified retirement plans or accounts.

The Sponsor, at its sole discretion, may make matching contributions on behalf of participants who make salary deferral contributions to the Plan. The amount of the matching contribution, if any, is equal to a percentage of the participants' deferral contributions, up to a specified percentage of the participants' compensation. The Sponsor did not elect to make matching contributions for the years ended December 31, 2012 and 2011.

Investment options
The Plan's assets are held by State Street Bank and Trust Company (the "Custodian"), the custodian of the Plan's assets. Under this arrangement with the Custodian and upon enrollment in the Plan, a participant may direct employee contributions in any whole percentage increments in any of the available funds. Participants may change their allocation to the various investment options at any time.

Participant accounts
Each participant's account is credited with (a) the participant's contributions, (b) the Sponsor's contributions on behalf of the participant and (c) the earnings and losses of the participant's investments, and is charged with any expenses incurred as a result of transactions initiated by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions plus earnings thereon. Vesting in the Sponsor's contribution and the earnings thereon is based on years of continuous service according to the following schedule:

Years of Service	Vested %
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

As discussed in Note 9, the Sponsor terminated the Plan effective March 28, 2013. As a result, of the termination, all participants became 100% vested in their accounts.

Forfeited accounts

Forfeited non-vested amounts during the years ended December 31, 2012 and 2011 were $293 and $2,347, respectively. No amounts were used to reduce Sponsor contributions for the years ended December 31, 2012 and 2011. At December 31, 2012 and 2011, accumulated forfeitures available to reduce future Sponsor contributions totaled $9,411 and $9,039, respectively.

Notes receivable from participants

Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balances, with a minimum amount of $500. A participant may have no more than one loan outstanding at any time. Loans are secured by the balance in the participant's vested account and bear interest at a fixed rate as determined by the Custodian. Loan terms normally range from one to five years, unless the loan is for the purchase of the participant's principal residence, in which case the term may be up to thirty years. Principal and interest are paid ratably throughout the term of the loan through payroll deductions. The loans outstanding at December 31, 2012 and 2011, bear interest at rates ranging from 5.25% to 10.25% with maturity dates between 2013 and 2017.

Payments of benefits

Upon termination of employment, attainment of normal retirement age or for reasons of death or disability, participants may withdraw the balance of their account in the form of a lump sum. Participants still employed with the Sponsor may withdraw all or a portion of their account balance for reasons of a financial hardship, as allowed under the IRC. A participant whose vested account balance does not exceed $1,000 will receive a lump sum distribution of their vested account balance as soon as administratively feasible following termination. A participant whose vested account balance exceeds $1,000 but does not exceed $5,000 and who does not elect otherwise will have their vested account balance distributed from the Plan directly to an individual retirement account in their name as soon as administratively feasible following termination.

Administrative expenses

Administrative expenses charged to the Plan include transaction fees relating to certain participant-initiated transactions and are charged to the participants who initiated the transactions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in fully benefit-responsive investment contracts through a collective trust. The statements of net assets available for benefits present the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Interest income is recorded when earned. Net appreciation/depreciation in fair value of investments includes dividends and realized and unrealized gains and losses on those investments.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance, plus any accrued unpaid interest.

Payment of benefits
Benefits are recorded when paid.

Use of estimates in financial statement preparation
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent events
The Sponsor has evaluated subsequent events through September 30, 2013, the date that the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used during the years ended December 31, 2012 and 2011.

- Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end
- Common/collective trusts: Valued at the NAV of the underlying investments as reported to the investment advisor using the audited financial statements of the trusts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

4. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected that information certified by the Custodian not be subjected to any auditing procedures except for comparing such information to the related information contained in the accompanying financial statements and supplemental schedule.

The Custodian has certified the following information to be complete and accurate as of and for the years ended December 31:

	2012	2011
Investments:		
Common / collective trusts	$ 444,635	$ 423,661
Mutual funds	1,557,171	1,409,053

	$ 247,767	$ (62,466)

The following schedule presents investments that represent 5% or more of total net assets available for benefits as of December 31, 2012 and 2011:

	2012	2011
Allianz AGIC Opportunity Fund	$ 252,533	$ 213,317
Invesco Van Kampen Small Cap Value Fund	216,729	194,518

Putnam Equity Income Fund	188,259	162,235
Invesco International Growth Fund	161,097	138,735
PIMCO Total Return Fund	148,907	156,163
Alger Capital Appreciation Instit. Fund	142,853	117,423
SSgA S&P 500 Index Fund	- *	174,800

* Fund did not exceed 5% of the Plan's net assets available for benefits in the respective year.

5. RELATED PARTY TRANSACTIONS

The Sponsor absorbs costs on behalf of the Plan for insurance, third party administration fees, and professional fees. The Sponsor also provides recordkeeping and administrative services to the Plan at no cost.

Certain of the Plan's investments are held in common / collective trusts managed by the Custodian and as such, qualify as party-in-interest transactions as defined by ERISA.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements at December 31, 2012 and 2011, and for the years then ended to Form 5500, Annual Return/Report of Employee Benefit Plan:

	2012	2011
Net assets available for benefits per the financial statements	$ 2,201,167	$ 2,023,238
Participant loans - deemed distribution	(16,260)	(16,136)
Refunds of excess contributions	4,089	13,982
Net assets available for benefits per the Form 5500	$ 2,188,996	$ 2,021,084

	2012	2011
Net increase (decrease) in net assets available for benefits per the financial statements	$ 177,929	$ (223,162)
Participant loans - deemed distribution	(1,725)	(2,475)
Previous deemed distributed loans which are now offsetting distributions and accumulated interest	1,601	6,439
Refunds of excess contributions	(9,893)	13,982
Net increase (decrease) in net assets available for benefits per the Form 5500	$ 167,912	$ (205,216)

8. INCOME TAX STATUS

The Plan uses a prototype plan document provided by Automatic Data Processing, Inc. ("ADP"). The IRS has determined and informed ADP, by a letter dated March 31, 2008, that the Plan was designed in accordance with the applicable sections of the IRC. The Plan has not obtained a determination from the IRS on its adoption of the non-standardized prototype plan. In accordance with Revenue Procedure 2002-6, the Sponsor has chosen to rely on the opinion letter of the prototype plan. Subsequent to this opinion letter, the prototype plan has been amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress and the plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2009.

9. SUBSEQUENT EVENT AND PLAN TERMINATION

The Sponsor terminated the Plan effective March 28, 2013. As a result of the termination, all participants became 100% vested in their accounts.
