INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Target Logistics Management, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Target Logistics Management, LLC 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note (4), which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Compiled 2011 Financial Statement

We have compiled the accompanying statement of net assets available for benefits of Target Logistics Management, LLC 401(k) Plan as of December 31, 2011. We have not audited or reviewed the accompanying statement of net assets available for benefits and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist plan management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

TARGET LOGISTICS MANAGEMENT, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2012 (Audited) and 2011 (Compiled)

Note 1 **Description of Plan**

The following description of the Target Logistics Management, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide eligible employees of Target Logistics Management, LLC (the "Company") with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All full-time employees are eligible to participate in the Plan. Interns and temporary employees are eligible to participant in the Plan once they have attained the age of 21 and have completed at least 1,000 hours of service.

Participant contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 80% of eligible pretax annual compensation, limited to the maximum amount allowable under the provisions of the IRC ($17,000 in 2012). Further, participants who are 50 years of age or older as of December 31, 2012 may contribute an additional "catch up" contribution ($5,500 in 2012). The Plan also allows for participants to defer funds into a "Roth 401(k)." These deferrals are subject to federal income taxes, and the maximum allowable participant contribution is $17,000 combined between both the Roth and the pre-tax deferral. The Plan currently offers various mutual funds and a money market fund as investment options for participants. The Plan includes an automatic enrollment provision enabling eligible employees to be automatically enrolled into the Plan at a deferral rate of 2%. In accordance with the automatic enrollment provision, the deferral rate will increase by 1% annually, not to exceed 6%, for those participants who have been automatically enrolled. Participants may cancel, modify, or otherwise change any of the automatic elections.

Employer contributions

The Company may make discretionary matching contributions. For the plan year ended December 31, 2012, the Company made discretionary matching contributions in the amount of $26,649.

The Company may make qualified matching contributions. For the year ended December 31, 2012, the Company contributed 25% of every dollar contributed in the 2012 Plan year. For the plan year ended December 31, 2012, the Company made qualified matching contributions in the amount of $29,442.

Note 1 **Description of Plan (continued)**

Participant accounts
Each participant's account is credited with their respective contribution and its allocation of (a) employer contributions and (b) investment earnings or losses.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings or losses therein. Participants vest in Company contributions through a five-year graduated formula as defined in the Plan document. In the event of death, disability, termination of the Plan, or attainment of retirement age, as defined, participants' accounts become fully vested.

Payment of benefits
Upon termination of employment, retirement, death, or disability, the participant or the participant's beneficiary is entitled to receive the vested portion of the participant's account in a single lump-sum. Further, withdrawals from the Plan before leaving the Company are available for special "hardship" reasons (as defined) and after attaining the age of 59½. Distributions to participants are recorded when paid.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Participants may borrow up to 50% of their vested account balance with a minimum of $1,000 and a maximum of $50,000. Loans are subject to approval by the plan administrator and bear interest at a reasonable annual percentage interest rate determined by the plan administrator. Loan terms range from one to five years. However, if the loan is to acquire the principal residence of the participant, the term may be extended. Loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Forfeitures
The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, will be used to pay the Plan's administrative expenses as they occur. Any remaining forfeitures will serve to reduce future Company contributions. At December 31, 2012 and 2011, the net forfeiture balance was $40,477 and $40,611, respectively.

Note 2 **Summary of significant accounting policies**

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of estimates
The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition
Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. Shares of mutual funds and the money market fund are valued at the net asset value of shares held by the Plan at year end. See Note 10 for discussions of fair value measurements.

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the Plan year or at the time of purchase during the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Administrative expenses
Certain administrative expenses of the Plan are paid by the Company.

Fair value
Accounting standards provide a common definition of fair value and establishes a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain financial and non-financial assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. The Plan's financial assets reflected in the financial statements at fair value include its investments (see Note 10).

Subsequent events
The Plan has evaluated subsequent events through October 9, 2013, which is the date the financial statements were available to be issued.

Note 3 **Investments**

Individual investments that represent 5% or more of the Plan's total net assets as of December 31, 2012 and 2011 are as follows:

	2012	2011
Mutual Funds:		
Fidelity Freedom 2020	$ 370,890	$ 339,101
Fidelity Freedom 2025	162,183	115,137
J.P. Morgan Core Plus Bond Fund R2	**	42,613

** Investment did not represent at least 5% of the Plan's total net asset value as of December 31 of the indicated year.

During the Plan year ended December 31, 2012, the Plan's mutual fund investments, (including investments bought, sold, and held during the year) appreciated by $62,615.

Note 4 **Information certified by the Plan's trustee (unaudited)**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company ("Fidelity"), the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year).

Investments	2012
Mutual Funds	$ 1,032,730
Money Market Fund	48,016
Notes Receivable From Participants	4,307

The trustee has also certified to the completeness and accuracy of $62,615 of net appreciation in fair value of investments and $20,462 of interest and dividend income related to the aforementioned investments and notes receivable for the year ended December 31, 2012.

Note 5 **Related party transactions**

Certain Plan investments are shares of mutual funds and a money market fund held by Fidelity. Fidelity is the trustee, as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

Note 6 **Reconciliation of financial statements to the Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2012 and 2011, and net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2012:

	2012	2011
Net assets available for benefits per the financial statements	$ 1,085,053	$ 672,044
Participants contributions receivable	-	(10,979)
Net assets available for benefits per the Form 5500	$ 1,085,053	$ 661,065

Net increase in net assets available for benefits per the financial statements	$ 416,811
Participants contributions receivable as of December 31, 2011	7,177
Net increase in net assets available for benefits per the Form 5500	$ 423,988

Note 7 **Tax status**

The Plan operates under a volume submitter profit sharing plan which has received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2008, indicating that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 **Tax status (continued)**

The Financial Accounting Standards Board ("FASB") has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 8 **Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 **Risks and uncertainties**

The Plan provides for a range of investment options in accounts which invest in various combinations of stocks, bonds, fixed-income securities, mutual funds and other investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could, in the near term, materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 10 **Fair value measurements**

Accounting standards require that financial and non-financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

Note 10 **Fair value measurements (continued)**

Level 1 - Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.

Level 3 - Unobservable inputs for the asset or liability. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the closing priced reported by the fund sponsor from an actively traded exchange.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 10 **Fair value measurements (continued)**

The following table summarizes the valuation of the Plan's financial assets at December 31, 2012:

	Level 1	Level 2	Level 3	Total

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Target Logistics Management, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Target Logistics Management, LLC 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note (4), which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Compiled 2011 Financial Statement

We have compiled the accompanying statement of net assets available for benefits of Target Logistics Management, LLC 401(k) Plan as of December 31, 2011. We have not audited or reviewed the accompanying statement of net assets available for benefits and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist plan management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

TARGET LOGISTICS MANAGEMENT, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2012 (Audited) and 2011 (Compiled)

Note 1 **Description of Plan**

The following description of the Target Logistics Management, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide eligible employees of Target Logistics Management, LLC (the "Company") with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All full-time employees are eligible to participate in the Plan. Interns and temporary employees are eligible to participant in the Plan once they have attained the age of 21 and have completed at least 1,000 hours of service.

Participant contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 80% of eligible pretax annual compensation, limited to the maximum amount allowable under the provisions of the IRC ($17,000 in 2012). Further, participants who are 50 years of age or older as of December 31, 2012 may contribute an additional "catch up" contribution ($5,500 in 2012). The Plan also allows for participants to defer funds into a "Roth 401(k)." These deferrals are subject to federal income taxes, and the maximum allowable participant contribution is $17,000 combined between both the Roth and the pre-tax deferral. The Plan currently offers various mutual funds and a money market fund as investment options for participants. The Plan includes an automatic enrollment provision enabling eligible employees to be automatically enrolled into the Plan at a deferral rate of 2%. In accordance with the automatic enrollment provision, the deferral rate will increase by 1% annually, not to exceed 6%, for those participants who have been automatically enrolled. Participants may cancel, modify, or otherwise change any of the automatic elections.

Employer contributions

The Company may make discretionary matching contributions. For the plan year ended December 31, 2012, the Company made discretionary matching contributions in the amount of $26,649.

The Company may make qualified matching contributions. For the year ended December 31, 2012, the Company contributed 25% of every dollar contributed in the 2012 Plan year. For the plan year ended December 31, 2012, the Company made qualified matching contributions in the amount of $29,442.

Note 1 **Description of Plan (continued)**

Participant accounts
Each participant's account is credited with their respective contribution and its allocation of (a) employer contributions and (b) investment earnings or losses.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings or losses therein. Participants vest in Company contributions through a five-year graduated formula as defined in the Plan document. In the event of death, disability, termination of the Plan, or attainment of retirement age, as defined, participants' accounts become fully vested.

Payment of benefits
Upon termination of employment, retirement, death, or disability, the participant or the participant's beneficiary is entitled to receive the vested portion of the participant's account in a single lump-sum. Further, withdrawals from the Plan before leaving the Company are available for special "hardship" reasons (as defined) and after attaining the age of 59½. Distributions to participants are recorded when paid.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Participants may borrow up to 50% of their vested account balance with a minimum of $1,000 and a maximum of $50,000. Loans are subject to approval by the plan administrator and bear interest at a reasonable annual percentage interest rate determined by the plan administrator. Loan terms range from one to five years. However, if the loan is to acquire the principal residence of the participant, the term may be extended. Loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Forfeitures
The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, will be used to pay the Plan's administrative expenses as they occur. Any remaining forfeitures will serve to reduce future Company contributions. At December 31, 2012 and 2011, the net forfeiture balance was $40,477 and $40,611, respectively.

Note 2 **Summary of significant accounting policies**

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of estimates
The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition
Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. Shares of mutual funds and the money market fund are valued at the net asset value of shares held by the Plan at year end. See Note 10 for discussions of fair value measurements.

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the Plan year or at the time of purchase during the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Administrative expenses
Certain administrative expenses of the Plan are paid by the Company.

Fair value
Accounting standards provide a common definition of fair value and establishes a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain financial and non-financial assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. The Plan's financial assets reflected in the financial statements at fair value include its investments (see Note 10).

Subsequent events
The Plan has evaluated subsequent events through October 9, 2013, which is the date the financial statements were available to be issued.

Note 3 **Investments**

Individual investments that represent 5% or more of the Plan's total net assets as of December 31, 2012 and 2011 are as follows:

	2012	2011
Mutual Funds:		
Fidelity Freedom 2020	$ 370,890	$ 339,101
Fidelity Freedom 2025	162,183	115,137
J.P. Morgan Core Plus Bond Fund R2	**	42,613

** Investment did not represent at least 5% of the Plan's total net asset value as of December 31 of the indicated year.

During the Plan year ended December 31, 2012, the Plan's mutual fund investments, (including investments bought, sold, and held during the year) appreciated by $62,615.

Note 4 **Information certified by the Plan's trustee (unaudited)**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company ("Fidelity"), the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year).

Investments	2012
Mutual Funds	$ 1,032,730
Money Market Fund	48,016
Notes Receivable From Participants	4,307

The trustee has also certified to the completeness and accuracy of $62,615 of net appreciation in fair value of investments and $20,462 of interest and dividend income related to the aforementioned investments and notes receivable for the year ended December 31, 2012.

Note 5 **Related party transactions**

Certain Plan investments are shares of mutual funds and a money market fund held by Fidelity. Fidelity is the trustee, as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

Note 6 **Reconciliation of financial statements to the Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2012 and 2011, and net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2012:

	2012	2011
Net assets available for benefits per the financial statements	$ 1,085,053	$ 672,044
Participants contributions receivable	-	(10,979)
Net assets available for benefits per the Form 5500	$ 1,085,053	$ 661,065

Net increase in net assets available for benefits per the financial statements	$ 416,811
Participants contributions receivable as of December 31, 2011	7,177
Net increase in net assets available for benefits per the Form 5500	$ 423,988

Note 7 **Tax status**

The Plan operates under a volume submitter profit sharing plan which has received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2008, indicating that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 **Tax status (continued)**

The Financial Accounting Standards Board ("FASB") has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 8 **Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 **Risks and uncertainties**

The Plan provides for a range of investment options in accounts which invest in various combinations of stocks, bonds, fixed-income securities, mutual funds and other investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could, in the near term, materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 10 **Fair value measurements**

Accounting standards require that financial and non-financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

Note 10 **Fair value measurements (continued)**

Level 1 - Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.

Level 3 - Unobservable inputs for the asset or liability. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the closing priced reported by the fund sponsor from an actively traded exchange.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
