Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Board of Directors of
Member One Federal Credit Union
Defined Benefit Plan and Trust
Roanoke, Virginia

Report on the Financial Statements

We were engaged to audit the financial statements of the Member One Federal Credit Union Defined Benefit Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements. The financial statements of the Plan as of December 31, 2011, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by CMFG Life Insurance Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. Their report, dated September 28, 2012, indicated that because of the significance of the information in the financial statements related to the Plan's investments that they did not audit, the scope of their work was not sufficient to enable them to express an opinion on the financial statements and supplemental schedule taken as a whole.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by CMFG Life Insurance Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Summary of Significant Provisions of the Plan

The following description of the Member One Federal Credit Union Defined Benefit Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a noncontributory defined benefit plan which was frozen, effective April 1, 2007. The Plan covers substantially all employees of Member One Federal Credit Union (the "Credit Union") who were employed prior to the freeze. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During the year, the decision was made to transfer the assets from CMFG Life Insurance Company to Pentegra Retirement Services. The Plan's investments were converted to cash at year end. Pentegra received the cash in January 2013. There were no significant changes to Plan provisions.

Eligibility and contributions:

Since the Plan is frozen, employees can no longer become eligible to participate and employees already participating no longer earn years of service for benefit accrual purposes. The Credit Union made contributions to the Plan based on recommendations of CUNA Mutual Group and Pentegra Retirement Services, the Plan's actuaries, sufficient to maintain the Plan as a qualified defined benefit plan meeting the minimum funding standard requirements of ERISA. The Credit Union was not required to contribute to the Plan for 2012 and 2011.

Pension benefits:

Annual pension benefits generally begin at normal retirement age, which is age 65 or the first day of the calendar month coincident with or next following the participant's attainment of age 65. Pension benefits are equal to 50% of the average compensation up to the integration level plus a benefit equal to 60% of the average compensation in excess of the integration level for the Plan year. Integration level is based on the current Covered Compensation table. Average compensation includes the highest 60 consecutive months of service from date of hire to date of termination. Average compensation shall not include any amounts paid after April 1, 2007.

A participant's benefit is reduced pro-rata for each year of credited service less than 20 years at normal retirement age. The Plan permits early retirement at age 55 providing the participant completed at least 10 years of service. Employees may receive their pension benefits in the form of a lump sum, partial withdrawals provided the minimum withdrawal is \$1,000, joint and survivor annuities, straight life annuities, or life annuities with either 5, 10, 15, or 20 years certain.

Death and disability benefits:

If a participating employee dies before their retirement benefit would be payable, a death benefit payable to the surviving spouse or non-spousal beneficiary of an unmarried participant will be equal to the minimum spouse's death benefit as defined by the Plan. Death benefits are paid in either lump sums or straight life annuities.

NOTES TO FINANCIAL STATEMENTS

December 31, 2012

Note 1. Summary of Significant Provisions of the Plan (Continued)

Death and disability benefits: (Continued)

Active, participating employees, who become disabled, as determined under the Social Security Act, will receive annual disability benefits that are equal to the early retirement benefit without regard to the age and service requirements.

Vesting:

Since the Plan is frozen, all participants are fully vested in their accrued benefits.

Note 2. Summary of Significant Accounting Policies

Basis of presentation:

The financial statements are prepared using the accrual method of accounting.

Use of estimates:

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash:

The Plan's cash at year end was held by CMFG Life Insurance Company and is not insured by the Federal Deposit Insurance Corporation (FDIC).

Investments valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investment are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial present value of accumulated plan benefits:

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and present employees or their beneficiaries. The accumulated Plan benefits for active employees are based on their average compensation during the five years ending on the date benefit information is presented. Benefits payable upon retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

NOTES TO FINANCIAL STATEMENTS

December 31, 2012

Note 2. Summary of Significant Accounting Policies (Continued)

Actuarial present value of accumulated plan benefits: (Continued)

The actuarial present value of accumulated Plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The most recent actuarial valuation was performed by Pentegra Retirement Services as of January 1, 2013. The actuarial valuation as of January 1, 2012, was performed by CUNA Mutual Group. The significant actuarial assumptions used in determining accumulated Plan benefits as of January 1, 2013 and 2012 are as follows:

	2013
Method of valuation:	Actuarial cost method
Mortality basis:	2013 combined male and female static mortality tables for non-annuitants and annuitants as published in IRS final regulation 1.430(h)(3)-1(e).
Retirement rates:	Representative rates, based on the light retirement table.
Discount rate:	6.47%
Salary increases:	None
Average rate of return:	Three-segment rates based on 24-month segment rates for January 2013, as modified by MAP-21, 4.94% for 1 to 5 years, 6.15% for 6 to 20 years, and 6.76% for 21 years and over.
	2012
Method of valuation:	Actuarial cost method
Mortality basis:	RP 2000 combined table projected to 2012 by scale AA.
Retirement:	Age 65
Discount rate:	7.50%
Salary increases:	None
Average rate of return:	4.75% determined by Mercer Pension Discount Index Rate for an Average Plan.

The actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

For the January 1, 2013 valuation, the following change in assumptions was made: Termination rates were changed from the T10 withdrawal table to select and ultimate rates. The assumed retirement age was changed from 100% at Normal Retirement Age (65) to a table that allows for light retirement rates prior to age 65.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits:

Benefit payments to participants are recorded when paid.

Administrative expenses:

Plan fees and administrative expenses are paid by the Plan and Credit Union on a discretionary basis.

Subsequent events:

Management has evaluated subsequent events through October 11, 2013, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Level 2 Fair Value Measurements

The CUNA Mutual Group Variable Annuity Accounts (Separate Accounts) are segregated investment accounts of CMFG Life Insurance Company. CMFG Life Insurance Company owns the assets of the Separate Accounts and values the assets at market value in accordance with established procedures.

The variable contract value will reflect the investment experience of the selected investment accounts, any net purchase payments paid, any full or partial withdrawals, any transfers, and any charges assessed in connection with the contract. There is no guaranteed minimum variable contract value, and, because a contract's value on any future date depends upon a number of variables, it cannot be predetermined.

The Separate Account value is determined at the end of each valuation period. The value will be the aggregate of the values attributable to the contract in each of the investment accounts, determined for each investment account by multiplying that investment account's unit value for the relevant valuation period by the number of accumulation units that investment account allocated to the contract.

Note 4. Investments

The Plan's investments were converted to cash at December 31, 2012, in preparation to transfer the assets to Pentegra Retirement Services in January 2013. Therefore, there are no investments to report in the table below for December 31, 2012. The following are investments that represent 5% or more of the Plan's net assets at December 31, 2011.

	<u>2011</u>
CUNA Mutual High Yield	\$ 528,227
CUNA Mutual Bond	\$ 481,119
CUNA Mutual Large Cap Growth	\$ 791,676
CUNA Mutual Large Cap Value	\$ 1,626,830
CUNA Mutual International Growth	\$ 258,317
CUNA Mutual Midcap	\$ 375,073
CUNA Mutual Emerging Markets	\$ 265,470

Note 5. Plan Termination

Although it has not expressed any intention to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will not be available on a pro rata basis to provide participant's benefits. Whether a particular participant's accumulated Plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all. Participants should refer to the Plan agreement for more complete information.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2012, that ceiling is \$4,653 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 6. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified by the Plan's Trustee as complete and accurate:

- Investment assets
- Investment transactions
- Investment income
- Schedule of Assets (Held at End of Year)
- Schedule of Reportable Transactions

Note 7. Income Tax Status

The Plan obtained its latest determination letter on August 31, 2004, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in accordance with the applicable sections of the *Internal Revenue Code (IRC)*. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the *IRC*.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The federal annual returns of the Plan are subject to examination by the IRS, generally for three years after they are filed.

Note 8. Related Party Transactions

Certain administrative functions are performed by officers or employees of the Credit Union. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

For the years ended December 31, 2012 and 2011, the Plan assets were invested in certain funds managed by the Plan's Trustee. These transactions qualify as related party transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
