Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

The Plan Administrator and Participants
Diebold, Incorporated Retirement Plan for Hourly Employees
North Canton, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Diebold, Incorporated Retirement Plan for Hourly Employees (the "Plan"), which comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by The Bank of New York Mellon, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of December 31, 2012 and 2011, and for the years then ended, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year, adjusted for the change in expected PBGC variable rate premium.
Actuarial value of assets	Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22) . The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2011 plan year.) The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.
Benefits not valued	None.

Early Retirement

With 30 years of Service ("30 and Out"): An employee retiring with at least 30 years of Benefit Service may retire immediately and receive an unreduced benefit as determined under the normal retirement benefit above. (A monthly supplement is payable to age 62, but directly from Company funds.)

With Less than 30 years of Benefit Service: An employee retiring between ages 60 and 65 with at least 10 years of Benefit Service is eligible for an early retirement benefit based on the formula in the normal retirement benefit section above, actuarially reduced for commencement prior to age 62.

Disability Retirement Benefit

An employee with at least 15 years of Benefit Service who becomes disabled under the terms of the Plan is entitled to a benefit based on the formula in the normal retirement benefit and is not adjusted for early commencement.

Termination Benefit

An employee terminating his service with 5 or more years of Vesting Service is eligible for a deferred vested benefit commencing at age 65 equal to the accrued normal retirement benefit. The employee may elect his benefit to commence as early as age 60 in accordance with the early retirement reductions above if the individual had 10 years of Benefit Service.

Pre-Retirement Death Benefit Option

An eligible spouse of a vested participant that dies prior to commencement will receive a spouse benefit equal to the amount of a 50% Joint & Survivor Annuity payable at the earliest of age 60 or death.

Retiree Medical Supplemental Benefits After Age 65

A participant who was not on the active payroll on May 1, 1992, and retired after May 1, 1995, on or after age 65 shall receive a monthly supplemental benefit equal to \$4.20 times his years of Benefit Service (maximum 30 years).

Form of Payment

The benefit is normally payable on a single life basis if not married, otherwise the benefit is payable on an actuarially reduced 50% Joint Survivor basis.

As a minimum benefit, persons age 62 or over and persons with 25 or more years of Benefit Service receive at least \$7.15 times years of Benefit Service (maximum of 35 years).

Temporary Supplemental Retirement Benefits
(Paid directly by Company, no costs included in valuation)

Eligibility: Employees who retire on or after July 1, 1977 with 30 or more years of Benefit Service.

Benefit: An amount of \$200/month payable from date of retirement (or age 58 whichever is later) to age 62.

Disability Retirement

Eligibility: Totally and permanently disabled after 10 years or more of Benefit Service.

Benefit: The accrued normal retirement benefit payable immediately.

NOTE 1: DESCRIPTION OF THE PLAN

The following brief description of the Diebold, Incorporated Pension Plan for Hourly Employees (the "Plan") is provided for general information purposes only. Participants and users of the financial statements should refer to the Plan document for more complete information.

(a) **General**

The Plan is a defined benefit pension plan designed to provide retirement benefits to former employees of the Canton, Ohio Plant of Diebold, Incorporated (the "Company") who were within the bargaining units of Lodge 1191 of the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers and Helpers (AFL-CIO-CFL) and the Safe Workers' Organization, Chapter 1, Inc. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended in 2002 for the Uruguay Round Agreements Act, the Uniform Services Employment and Reemployment Rights Act of 1994, the Small Business Job Protection Act of 1996, and the Taxpayer Relief Act of 1997 (collectively referred to as GUST), and the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"). The Plan was frozen effective July 1, 2000. Effective January 1, 2008, a 75 percent joint and survivor annuity payment option was added to the Plan.

(b) **Retirement Dates**

The normal retirement date of a participant is the later of the 65th anniversary of his or her date of birth or the 5th anniversary of the date the employee commenced participation in the Plan. Any employee who has attained 30 or more years of benefit service may retire regardless of age. The early retirement date of a participant is the 62nd anniversary of his or her date of birth if such participant has 10 or more years of benefit service; an alternate early retirement date is the 60th anniversary of the date of birth if the participant has 10 or more years of benefit service and elects to receive actuarially reduced benefits. Any employee who has completed 15 or more years of benefit service and becomes incapacitated by total and permanent disability is retired and receives a disability retirement benefit. In addition, any participant who has five or more years of vesting service but whose service is broken before the age of 65 retains the right to receive a vested deferred pension benefit commencing at the age at which he or she could have elected to retire or would have been retired by the Company.

(c) **Benefit Service**

Benefit service is computed to the nearest month and is credited and computed for each calendar year for each employee on the basis of his or her total hours of service during such calendar year and prior to retiring. An employee who is credited with at least one hour of service in any week is credited with an entire week (45 hours). Any calendar year in which the employee has 1,600 or more hours of service is counted as one year of benefit service. The maximum number of years of benefit service which can be acquired by an employee cannot exceed 30 years.

(d) **Trust Fund Management**

Under the terms of the trust agreement between The Bank of New York Mellon (the "Trustee") and the Plan, the Trustee manages the trust funds and executes transactions on behalf of the Plan. All investments and a portion of the investment income included in the financial statements have been reported to the Plan by the Trustee for the years ended December 31, 2012 and 2011 as having been determined through the use of fair values of all assets of the trust fund.

(e) **Vested Benefits**

Vested benefits means the retirement benefit to which an employee, whose service terminated after his or her vesting date, is entitled. After five years of vesting service, such vested benefit is 100 percent of the employee's accrued benefit.

(f) **Preretirement Survivor Annuity**

Effective January 1, 1985, an active or terminated employee who has attained his or her vesting date, is married to an eligible surviving spouse, and who dies before his or her pension starting date, has a preretirement survivor annuity provided, as of the date of death, for the eligible surviving spouse.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) **Basis of Accounting**

The accompanying financial statements of the plan are prepared on the accrual basis of accounting and are in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(b) **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Due to investments in partnerships within the Master Trust not being traded on an active market, the values as of any particular date are not necessarily indicative of amounts that may ultimately be realized as a result of future sales or other dispositions of investments held. The estimated values may differ significantly from the values that would have been used had an active market for the securities existed. Actual results could differ from those estimates.

(c) **Actuarial Present Value of Accumulated Plan Benefits**

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. The significant assumptions underlying the actuarial computations include:

- Assumed retirement based at age 62 for employees who have 10 years of service and age 65 for all others;
- Assumed valuation interest rates for 2012 and 2011 of 8.05 and 8.25 percent, respectively compounded annually;
- Assumed turnover and disability rates based on published statistical data and tables;
- Assumed mortality rates based upon the RP-2000 Combined Healthy Mortality Table with separate male and female rates, projected to the valuation date (January 1, 2013 and 2012) for December 31, 2012 and 2011 results.

DIEBOLD, INCORPORATED RETIREMENT PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements

December 31, 2012 and 2011

The actuarial cost method used by the actuary is the unit credit cost method. This is a method under which an accrued benefit is calculated as of the beginning of the year and as of the end of the year for each benefit that may be payable in the future. The accrued benefit is based on the Plan's accrual formula and upon service as of the beginning or end of the year. For benefits where the Plan's accrual formula is not relevant, benefits are assumed to accrue on a straight-line basis over the period during which the employee earns credited service. The actuarial accrued liability is the present value of the accrued benefits as of the beginning of the year for the employed participants and is the present value of all benefits for other participants.

The December 2012 calculation of the actuarial present value of accumulated benefits contains a \$171,821 change in actuarial assumption due to a 0.20 percent decrease in the interest discount rate and a change in mortality table from RP-2000 projected to the valuation date (January 1, 2012) to RP-2000 projected to the valuation date (January 1, 2013).

The December 2011 calculation of the actuarial present value of accumulated benefits contains a \$227,075 change in actuarial assumptions due to a 0.25 percent decrease in the interest discount rate and a change in the mortality table from RP-2000 projected to the valuation date (January 1, 2012).

NOTE 3: FUNDING POLICY

Company contributions of \$491,638 and \$382,000 were made to the Plan for the years ended December 31, 2012 and 2011, respectively. The Company met the minimum funding requirements of ERISA for 2012 and 2011.

NOTE 4: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of permanent termination of the Plan, the assets then remaining in the trust fund, subject to provision for expenses incident to such termination, are allocated in the following priority: first, to retirees who began receiving benefits at least three years before termination, including benefits to individuals who would have received benefits for at least three years had they retired that long ago; second, to all other individuals guaranteed under the termination insurance provisions of ERISA; third, among all other uninsured vested benefits; and fourth, among all other benefits under the Plan. In the event the Plan assets are not sufficient to accomplish the above method of termination, the assets are distributed pro rata to participants based on the present value at termination date of their individual benefits, with all accrued funded rights non-forfeitable in any case.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees.

NOTE 5: INVESTMENTS

The Company has adopted a pension investment policy designed to achieve an adequate funding status based on expected benefit payouts and to establish an asset allocation that will meet or exceed the return assumption while maintaining a prudent level of risk. The Company utilizes the services of an outside consultant in performing asset / liability modeling, setting appropriate asset allocation targets along with selecting and monitoring professional investment managers.

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investment information is certified complete and accurate or derived from information certified complete and accurate by the Trustee as of and for the years ended December 31, 2012 and December 31, 2011, with the exception of certain partnership/joint venture interests within the Master Trust. The fair value of these investments within the Master Trust was \$24,988,446 and \$24,060,284 as of December 31, 2012 and 2011, respectively, with related appreciation of \$2,970,734 and \$2,438,945, respectively

Assets of the Plan are maintained on a commingled basis with assets of one other pension plan of the Company in a Master Trust for investment purposes, with the allocation of assets, earnings, and expenses among the funds maintained by the Trustee for the years ended December 31, 2012 and 2011. The Plan's equitable share of the Master Trust's assets was approximately 3.1 percent and 2.9 percent, at December 31, 2012 and 2011, respectively.

The assets of the Master Trust as reported by the Trustee at December 31, 2012 and 2011 were:

NOTE 6: FAIR VALUE MEASUREMENTS

The fair value framework described in Financial Accounting Standards Board ("FASB") ASC 820, *Fair Value Measurements*, requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment.

The three levels are defined as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Unadjusted quoted prices in active markets for similar assets or liabilities, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs, other than quoted prices in active markets that are observable either directly or indirectly.

Level 3: Unobservable inputs for which there is little or no market data.

Valuation methodologies used by the Master Trust are as follows:

Level 1 - Fair value of investments categorized as Level 1 are determined based on period end closing prices in active markets on which the individual securities are traded.

Level 2 - Fair value of investments categorized as Level 2 are determined based on the latest available ask price or latest trade price if listed. The fair value of unlisted securities is established by fund managers using the latest reported information for comparable securities and financial analysis. If the manager believes the fund is not capable of immediately realizing the fair value otherwise determined, the manager has the discretion to determine an appropriate value. Common collective trusts are valued at their net asset value ("NAV") which is used for expedience purposes, on the last day of the period.

Level 3 - Fair value of investments categorized as Level 3, represent the Plan's interest in private equity, hedge and property funds. The fair value for these assets is determined based on the NAV, which is used for expedience purposes, as reported by the underlying investment managers.

NOTE 7: TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated January 24, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). As of December 31, 2012, the Company believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8: PARTY-IN-INTEREST

Certain Plan investments are managed by the Trustee and, therefore, these transactions are party-in-interest transactions. Fees are paid by the Master Trust for asset custody and management to parties-in-interest. These fees are pursuant to arrangements exempted from the prohibited transaction rules.

NOTE 9: SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 14, 2013, the date the financial statements were available to be issued. There were no subsequent events that have occurred, which would require adjustments to or disclosure in the financial statements.
