Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of DEX Imaging, Inc 401(k) Profit Sharing Plan & Trust as of December 31,

2012 and 2011, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets (Held at End of Year) - Modified Cash Basis, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

DEX IMAGING, INC. 401(K) PROFIT SHARING PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

(1) Description of Plan

The following description of the DEX imaging, inc. ("Company") 401k Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service and are age twenty-one or older. It was established on January 1, 2002 and was restated on July 1, 2005. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Paychex, Inc. Retirement Services provides administrative services and Merrill Lynch provides custodial services to the Plan.

(b) Contributions

Each year, participants may contribute up to 25% of pretax annual compensation, as defined in the Plan, subject to a maximum of \$17,000 in 2012 (\$22,500 including catch-up contributions for participants who attain age 50 by the end of the Plan year). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and a money market account as investment options for participants. Profit sharing contributions may be made at the option of the Company's board of directors. Contributions are subject to certain limitations. The Company did not make any profit sharing contributions for 2012.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings and losses thereon. Vesting in the Company's profit sharing contribution portion of their accounts plus actual earnings and losses thereon is based on years of continuous service as stated in the Plan document. A participant is 100% vested after six years of credited service. A participant's account also becomes fully vested upon death, attaining normal retirement age, retirement due to disability, or if the Plan is terminated. For vesting purposes, a year of service is defined as a twelve month period which includes 1,000 hours of service.

DEX IMAGING, INC. 401(K) PROFIT SHARING PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

(1) Description of Plan - Continued

(e) Forfeited Accounts

Forfeited accounts will be allocated to the individual accounts of qualifying participants.

(f) Payment of Benefits

Upon separation of service due to death, disability, retirement or termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or if the vested balance exceeds \$5,000 the payment can be delayed until the participant is required by law to receive minimum distributions.

(g) Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the present value of their vested account balance or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. The loans are secured by 50% of the balance in the participant's account and bear interest at various rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over a maximum period of 4.5 years except in the case of a loan for the purchase of a principal residence.

(h) Plan Expenses

The Company pays the cost of any outside services for the Plan.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, contributions, income from investments and plan expenses are recorded when received or paid. Securities investments are adjusted to fair value at year end and the unrealized appreciation or depreciation of these assets is recognized for the year.

(b) Use of Estimates

The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

(2) Summary of Significant Accounting Policies - Continued

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the cash basis.

(d) Payment of Benefits

Benefits are recorded when paid.

(3) Fair Value Measurements

Accounting Standards Codification Topic 820, Fair Value Measurements and Disclosures ("ASC 820"), establishes the fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of quoted prices in active markets of similar assets, quoted prices in inactive markets of identical assets, inputs other than quoted prices that are observable, or inputs that are derived principally from or corroborated by observable market data by correlation or other means; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds and money market funds is based on quoted net asset values of the shares held by the Plan at year-end.

(3) Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

(4) Investments

The fair value of investments greater than 5% of net assets are as follows:

	December 31,	
	2012	2011
DAVIS NY VENTURE A	\$ 396,504	\$ *
BLKRK GLBL ALLOC A	700,996	*
BLRK CP APPR PORT A	242,778	*
BLKRK VALUE OPPS A	185,405	*
OPPNHMR GLB ALLOC A	273,284	217,746
WF ADV CRE BND A	142,416	130,119

* Investment did not represent 5% or more of Plan's net assets.

(5) Refund of Excess Contributions

Benefit distributions of \$87,359 for the plan year ended December 31, 2012 include payments of \$59,901 made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

(6) Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Merrill Lynch. Merrill Lynch is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(8) Tax Status

The Plan did not obtain a plan specific determination letter as it operates with Paychex, Inc.'s determination letter, which was issued on the prototype plan document. The Plan administrator believes that the Plan was designed and is currently operating in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

DEX IMAGING, INC. 401(K) PROFIT SHARING PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) Subsequent Events

In February 2013, DEX Imaging, Inc.'s management changed payroll from Paychex to Kelly Total Benefit Solution. In addition, management transitioned from Paychex to Transamerica Retirement Solutions as trustee for the 401(k) Profit Sharing Plan and Trust.

Management has evaluated subsequent events through October 11, 2013, the date on which the financial statements were available to be issued. As of October 11, 2013, management did not identify any additional items for financial statement disclosure purposes.
