Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 7, which was certified by Hartford Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules – Schedule H, line 4a and 4i, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan

The following description of the Osha Liang, LLP 401(k) Retirement Plan (the "Plan"), as amended effective January 1, 2009, provides only general information. Users of these financial statements should refer to the *Plan Document* for more complete information.

General

The Plan is a defined contribution plan pursuant to Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"). The Plan was adopted effective July 1, 1999, by Osha Liang, LLP (the "Company") to provide retirement benefits for its eligible employees, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

All of the Company's employees, who are not covered by a collective bargaining agreement or acquired in an asset or stock acquisition, merger or similar transaction, are eligible to participate in the Plan after attaining 21 years of age. Entry dates are January 1 and July 1 of each plan year.

Plan trustee

Hartford Life Insurance Company ("Hartford" or the "Trustee") is the trustee of the Plan.

Contributions

Participants can contribute up to 100% of their eligible compensation to the Plan subject to certain limitations established by the IRC. The Company may, at its sole discretion, make matching or other nonelective contributions to the Plan. The amount of the matching contributions is determined annually. For 2012 and 2011, the Company elected to match 50% of each participant's contribution up to a maximum of 6% of compensation. Nonelective contributions were not made during either year.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, if any, an allocation of Plan earnings or losses, and administrative expenses. These allocations are based on the participant's eligible compensation and account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account balance.

Investment options

Upon enrollment in the Plan, participants may direct Company and participant contributions into any of the investment options offered by the Plan. Participants can change their investment allocation among the various investment options either through direct transfer from one option to another or by changing the percentage allocation of future contributions.

Note 1 - Description of the Plan (Continued)

Vesting

Participants are immediately vested in their contributions and the actual earnings thereon. Vesting in the remainder of the participants' accounts is determined by years of credited service: 20% after two years of service; 40% after three years of service; 60% after four years of service; 80% after 5 years of service; and 100% after six years of service. Participants or their beneficiaries shall be immediately vested in their accounts upon death, retirement, or total and permanent disability.

Notes receivable from participants

Participants may borrow up to the lesser of $50,000 or 50% of the vested balance of their accounts, without penalty, subject to IRC regulations. The minimum amount that a participant may borrow is $1,000, with only one note outstanding at any time. Note terms range from one to five years, unless the note is used to acquire a principal residence, in which case, the administrator may permit a longer repayment term. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate to the prime rate.

Participant withdrawals

Participant withdrawals under the Plan are allowed upon termination of employment, upon the attainment of age 59½, or for financial hardship, as allowed by the IRC for certain circumstances. Upon termination or retirement, withdrawals may be made in the form of a lump-sum distribution, installments, or annuities, and equal to their vested account balance as of the valuation date on or following their termination of employment or normal retirement date. Participant withdrawals may also be made to a participant in the event of physical or mental disability or to a named beneficiary in the event of the participant's death.

If the value of the participant's account balance is less than $5,000, the payment will be made in cash in a single lump-sum. Any taxable distribution paid by the Trustee directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Forfeitures

The Plan provides that nonvested portions of Company contributions that are forfeited by terminated participants will be applied to offset administrative expenses of the Plan and then to reduce future Company contributions. Forfeitures in the amount of $28,006 and $0 were utilized during 2012 and 2011, respectively. Total forfeitures available for use by the Plan were $50,563 and $60,274 as of December 31, 2012 and 2011, respectively.

Note 1 - Description of the Plan (Continued)

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated by the Company, all participants will become 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Investment valuation and income recognition

Investments are reflected at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The Plan recognizes net appreciation or depreciation in the fair value of its investments. Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation along with realized gains and losses are reported as net appreciation or depreciation in fair value of investments on the statements of changes in net assets available for benefits.

Participant withdrawals

Participant withdrawals are recorded upon distribution.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon the terms of the *Plan Document*, upon liquidation of their account balance.

Note 2 - Summary of Significant Accounting Policies (Continued)

Financial instruments and credit risk

Financial instruments which potentially subject the Plan to credit risk include investments in a pooled separate account. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any Plan investment losses.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy, in accordance with the fair value standard, that establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quotes prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

- Pooled separate account - These investments are valued at the net asset value ("NAV") of the units held by the Plan which are based on the quoted market prices of the underlying securities of the funds. All investments in this category have no unfunded commitments and no redemption restrictions. The investments underlying the pooled separate account primarily include domestic and international equities and domestic and international fixed income securities, common stocks, mutual funds, and cash or cash equivalents.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's level 2 assets measured at fair value are as follows as of December 31:

	2012	2011
Investments:		
Pooled separate account		
Asset allocation	$ 193,755	$ 142,730

Note 4 - Party-in-Interest Transactions

Plan investments are funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions.

Note 5 - Tax Status

The volume submitter plan adopted by the Company received its latest favorable advisory letter dated March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and was tax-exempt as of December 31, 2012 and 2011. Therefore, no provision for income taxes has been recorded.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 6 - Investments

Individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31:

BlackRock Small Cap Growth II R	382,440	328,879

(a) Investment does not represent 5% or more of the Plan's net assets available for benefits as of December 31, 2012.

During the year ended December 31, 2012 and 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $447,466 and ($162,178), respectively.

Note 9 - Uncertainty

The Company is currently researching certain employer contributions that were not properly calculated or funded in accordance with the Plan provisions. The Company intends to correct any instances of non-compliance with the *Plan Document*. Further, the Company believes that the extent and nature of the corrections will not adversely affect the operations of the Plan or have a material adverse effect on the financial statements of the Plan.

Note 10 - Subsequent Events

Effective July 1, 2013, The Company replaced Hartford with ING Life Insurance and Annuity Company as trustee of the Plan. The *Plan Document* was amended and restated as of this date.
