Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Malnati Organization 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by Capital Bank and Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter

The supplemental schedule of assets (held at end of year) as of the year ended December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the Malnati Organization (the Company) 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined contribution 401(k) plan which provides retirement benefits to all employees of the Company upon completion of one year of service and attainment of 21 years of age. Employees may enter the Plan on January 1 or July 1 after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Under the 401(k) provisions of the Plan, participants may, but are not required to, contribute pretax annual compensation to the Plan, not to exceed the Internal Revenue Code section 415(d) limit as adjusted in any Plan year (in 2012, $17,000; $22,500 for those over 50 years old). Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans. The Plan provides for a discretionary Company matching contribution determined annually by the Company. For the year ended December 31, 2012, the Company match was 50 percent of participant contributions up to $2,250. The Company may also make additional discretionary profit sharing contributions, of which none were made for the year ended December 31, 2012. Participants must be employed on the last day of the Plan year in order to participate in the discretionary Company matching and profit sharing contributions, if any.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, if any, and allocations of the Company profit sharing contributions, if any, and an allocation of investment earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant’s vested account.

Vesting: Participants are immediately vested in their contributions plus the actual earnings thereon. Vesting in the Company matching and profit sharing contribution portions of their accounts plus the actual earnings thereon is based on years of credited service. Once two years of credited service is completed, participants vest 20 percent each year until fully vested after six years of credited service.

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balances into various investment options offered by the Plan. Participants are responsible for determining the type and nature of their investments. Participants may change their investment options at any time.

Payments of benefits and withdrawals: On termination of service due to death, disability, attainment of age 59 ½ or retirement, a participant may elect to receive a lump-sum distribution equal to his or her vested account balance or periodic payments over a period not to exceed the life expectancy of the participant or beneficiary. Prior to termination of service with the Company, a participant may elect to withdraw all or any portion of his or her Company contribution account if the participant continues to work for the Company after attaining normal retirement age, or if the participant continues to work for the Company after attaining age 59 ½ and is 100 percent vested in his or her account balance. Withdrawals are also allowed at any time for hardship reasons, as defined in the Plan.

Forfeitures: At December 31, 2012 and 2011, forfeited nonvested accounts were $7,252 and $2,495, respectively. These accounts may be used to pay plan expenses or to reduce future Company contributions. During 2013, the December 31, 2012 forfeiture balance of $7,252 was used to pay 2013 Plan expenses.

Note 1. Plan Description (Continued)

Participant notes receivable: A participant may borrow from their account a minimum of $1,000 up to a maximum amount of the lesser of 50 percent of their vested account balance or $50,000. The maximum number of notes outstanding available to any participant is two. The note repayment period is not to exceed 5 years, or a longer period if used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest based on the prime rate on the first business day of each month, plus 1 percent, at the time of note origination. Interest rates on notes outstanding as of December 31, 2012, currently range from 4.25 percent to 6.00 percent. Principal and interest are paid ratably through bi-weekly payroll deductions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Accounting policies: The Plan follows Generally Accepted Accounting Principles (GAAP), as established by the Financial Accounting Standards Board (FASB), to ensure consistent reporting of financial condition.

Use of estimates: The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities and the reported amounts of revenue and expenses. Actual results could differ from those estimates.

Investment valuation: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the Plan’s Trustee. See Note 5 for a detailed discussion of fair value measurements.

Income recognition: Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Participant notes receivable: Participants notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: Certain expenses of the Plan, such as investment management and plan administrative fees, are paid by the Plan. Other expenses of the Plan are paid by the Company.

Note 2. Significant Accounting Policies (Continued)

Recent accounting pronouncement: In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs (ASU 2011-04).* ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurements*. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. See Note 5 for impact of adoption.

Pending accounting pronouncement: In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of Topics in the ASC, including plan accounting. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The adoption of this update is not expected to have a material impact on subsequent periods.

Reclassification: Amounts previously shown in the 2011 financial statements have been reclassified to conform to the current year presentation.

Note 3. Investments

The following table presents the fair value of individual investments as of December 31, 2012 and 2011 that represent 5 percent or more of the Plan's net assets.

	December 31, 2012	December 31, 2011
Shares of registered investment companies:		
American Funds:		
2015 Target Date Fund	$ 374,726	$ 307,590
2030 Target Date Fund	332,873	309,908
Growth Fund of America	714,027	609,189
Income Fund of America	1,727,215	1,528,060

During 2012, the Plan's investments in shares of registered investment companies (including gains and losses on investments bought and sold, as well as held during each year) appreciated in fair value by $530,317.

Note 4. Information Certified or Provided by Capital Bank and Trust Company

The following is a summary of the Plan asset information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from the information certified and provided by Capital Bank and Trust Company (CB&T), the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee, that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31, 2012	December 31, 2011
Investments, at fair value		
Shares of registered investment companies	$ 5,663,502	$ 4,676,682
Common collective trust	122,033	135,798
Receivables		
Participant notes receivable	513,540	397,204

CB&T also certified to the completeness and accuracy of $530,317 of net appreciation in fair value of investments, $132,134 of dividends and $1,340 of interest related to the aforementioned plan investments, and $16,805 of interest income on participant notes receivable for the year ended December 31, 2012.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of Levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust, less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2012 and 2011:

	2012			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies:

	$ 4,676,682	$ 135,798	$ -	$ 4,812,480

Note 5. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using the net asset value per share (or its equivalent) as of December 31, 2012 and 2011:

Investment	Investment Objective	Fair Value December 31, 2012	Fair Value December 31, 2011	Redemption Frequency	Redemption Notice Period
Common collective trust:					
Stable value fund	(a)	$ 122,033	$ 135,798	Annual *	12 month *

* At the plan level in investment into the fund

(a) The stable value fund's primary investment objectives are to provide preservation of principal, maintain a stable interest rate and provide daily liquidity at contract value for participant withdrawals and transfers. Investments in this fund can be redeemed by the Plan annually with a twelve month redemption notice period. When the market value of units are less than their contract value, the Plan may also elect to withdraw units at their market value upon ten days written notice. As investment options in the plan may be changed at any time, investments in the fund may be redeemed by participants daily at the current net asset value per share based on the fair value of the underlying assets of the fund without a redemption notice period.

Note 6. Related-Party Transactions

Certain Plan investments are shares of registered investment companies issued by American Funds, which is affiliated with Capitol Bank and Trust Company, the trustee of the Plan. Accordingly, transactions in these investments are deemed party-in-interest transactions. Administrative expenses paid by the Plan to Capitol Bank and Trust Company were $1,898 for the year ended December 31, 2012.

Certain employees of the Company serve as trustees and perform administrative services for the Plan. These employees receive no compensation from the Plan for these services. The Company pays certain administrative fees of the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 8. Tax Status

The Plan uses a prototype plan document sponsored by American Funds. American Funds received an opinion letter from the Internal Revenue Service (the IRS), dated May 28, 2002, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC) and any employer adopting this prototype plan will be considered to have a plan qualified by the IRS. The Plan itself also received a determination letter from the IRS dated May 7, 2003. Although the Plan has been amended since adopting the prototype plan document and receiving the IRS determination letter, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Note 8. Tax Status (Continued)

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the local, state and federal taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. With few exceptions, Plan is no longer subject to income tax examinations by U.S. Federal, state or local tax authorities for years prior to 2009.

Note 9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2012 and 2011:

	December 31,	
	2012	2011
Net assets available for benefits per financial statements	$ 6,460,226	$ 5,355,293
Differences in:

Excess contributions payable	9,572	9,048
Investments	(513,540)	(397,204)
Receivables - participant notes receivable	513,540	397,204
Net assets available for benefits per Form 5500	$ 6,299,075	$ 5,209,684

The following is a reconciliation of the changes in net assets available for benefits for the year ended December 31, 2012, per the financial statements to Form 5500:

Change in net assets available for benefits per financial statements	$ 1,104,933
Company contribution receivable	(16,066)
Excess contributions payable	523
Change in net assets available for benefits per Form 5500	$ 1,089,390

Note 11. Subsequent Events

The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2013, the date the financial statements were available to be issued. The Plan amended the Plan documents effective January 1, 2013 to limit the loan refinancing transactions to one per quarter and to cease including compensation earned prior to eligibility for compliance testing and benefit accrual.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Malnati Organization 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by Capital Bank and Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter

The supplemental schedule of assets (held at end of year) as of the year ended December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the Malnati Organization (the Company) 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined contribution 401(k) plan which provides retirement benefits to all employees of the Company upon completion of one year of service and attainment of 21 years of age. Employees may enter the Plan on January 1 or July 1 after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Under the 401(k) provisions of the Plan, participants may, but are not required to, contribute pretax annual compensation to the Plan, not to exceed the Internal Revenue Code section 415(d) limit as adjusted in any Plan year (in 2012, $17,000; $22,500 for those over 50 years old). Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans. The Plan provides for a discretionary Company matching contribution determined annually by the Company. For the year ended December 31, 2012, the Company match was 50 percent of participant contributions up to $2,250. The Company may also make additional discretionary profit sharing contributions, of which none were made for the year ended December 31, 2012. Participants must be employed on the last day of the Plan year in order to participate in the discretionary Company matching and profit sharing contributions, if any.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, if any, and allocations of the Company profit sharing contributions, if any, and an allocation of investment earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant’s vested account.

Vesting: Participants are immediately vested in their contributions plus the actual earnings thereon. Vesting in the Company matching and profit sharing contribution portions of their accounts plus the actual earnings thereon is based on years of credited service. Once two years of credited service is completed, participants vest 20 percent each year until fully vested after six years of credited service.

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balances into various investment options offered by the Plan. Participants are responsible for determining the type and nature of their investments. Participants may change their investment options at any time.

Payments of benefits and withdrawals: On termination of service due to death, disability, attainment of age 59 ½ or retirement, a participant may elect to receive a lump-sum distribution equal to his or her vested account balance or periodic payments over a period not to exceed the life expectancy of the participant or beneficiary. Prior to termination of service with the Company, a participant may elect to withdraw all or any portion of his or her Company contribution account if the participant continues to work for the Company after attaining normal retirement age, or if the participant continues to work for the Company after attaining age 59 ½ and is 100 percent vested in his or her account balance. Withdrawals are also allowed at any time for hardship reasons, as defined in the Plan.

Forfeitures: At December 31, 2012 and 2011, forfeited nonvested accounts were $7,252 and $2,495, respectively. These accounts may be used to pay plan expenses or to reduce future Company contributions. During 2013, the December 31, 2012 forfeiture balance of $7,252 was used to pay 2013 Plan expenses.

Note 1. Plan Description (Continued)

Participant notes receivable: A participant may borrow from their account a minimum of $1,000 up to a maximum amount of the lesser of 50 percent of their vested account balance or $50,000. The maximum number of notes outstanding available to any participant is two. The note repayment period is not to exceed 5 years, or a longer period if used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest based on the prime rate on the first business day of each month, plus 1 percent, at the time of note origination. Interest rates on notes outstanding as of December 31, 2012, currently range from 4.25 percent to 6.00 percent. Principal and interest are paid ratably through bi-weekly payroll deductions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Accounting policies: The Plan follows Generally Accepted Accounting Principles (GAAP), as established by the Financial Accounting Standards Board (FASB), to ensure consistent reporting of financial condition.

Use of estimates: The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities and the reported amounts of revenue and expenses. Actual results could differ from those estimates.

Investment valuation: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the Plan’s Trustee. See Note 5 for a detailed discussion of fair value measurements.

Income recognition: Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Participant notes receivable: Participants notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: Certain expenses of the Plan, such as investment management and plan administrative fees, are paid by the Plan. Other expenses of the Plan are paid by the Company.

Note 2. Significant Accounting Policies (Continued)

Recent accounting pronouncement: In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs (ASU 2011-04).* ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurements*. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. See Note 5 for impact of adoption.

Pending accounting pronouncement: In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of Topics in the ASC, including plan accounting. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The adoption of this update is not expected to have a material impact on subsequent periods.

Reclassification: Amounts previously shown in the 2011 financial statements have been reclassified to conform to the current year presentation.

Note 3. Investments

The following table presents the fair value of individual investments as of December 31, 2012 and 2011 that represent 5 percent or more of the Plan's net assets.

Growth Fund of America	714,027	609,189
Income Fund of America	1,727,215	1,528,060

During 2012, the Plan's investments in shares of registered investment companies (including gains and losses on investments bought and sold, as well as held during each year) appreciated in fair value by $530,317.

Note 4. Information Certified or Provided by Capital Bank and Trust Company

The following is a summary of the Plan asset information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from the information certified and provided by Capital Bank and Trust Company (CB&T), the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee, that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31, 2012	December 31, 2011
Investments, at fair value		
Shares of registered investment companies	$ 5,663,502	$ 4,676,682
Common collective trust	122,033	135,798
Receivables		
Participant notes receivable	513,540	397,204

CB&T also certified to the completeness and accuracy of $530,317 of net appreciation in fair value of investments, $132,134 of dividends and $1,340 of interest related to the aforementioned plan investments, and $16,805 of interest income on participant notes receivable for the year ended December 31, 2012.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of Levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust, less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2012 and 2011:

	2012

Note 5. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using the net asset value per share (or its equivalent) as of December 31, 2012 and 2011:

Investment	Investment Objective	Fair Value December 31, 2012	Fair Value December 31, 2011	Redemption Frequency	Redemption Notice Period
Common collective trust:					
Stable value fund	(a)	$ 122,033	$ 135,798	Annual *	12 month *

* At the plan level in investment into the fund

(a) The stable value fund's primary investment objectives are to provide preservation of principal, maintain a stable interest rate and provide daily liquidity at contract value for participant withdrawals and transfers. Investments in this fund can be redeemed by the Plan annually with a twelve month redemption notice period. When the market value of units are less than their contract value, the Plan may also elect to withdraw units at their market value upon ten days written notice. As investment options in the plan may be changed at any time, investments in the fund may be redeemed by participants daily at the current net asset value per share based on the fair value of the underlying assets of the fund without a redemption notice period.

Note 6. Related-Party Transactions

Certain Plan investments are shares of registered investment companies issued by American Funds, which is affiliated with Capitol Bank and Trust Company, the trustee of the Plan. Accordingly, transactions in these investments are deemed party-in-interest transactions. Administrative expenses paid by the Plan to Capitol Bank and Trust Company were $1,898 for the year ended December 31, 2012.

Certain employees of the Company serve as trustees and perform administrative services for the Plan. These employees receive no compensation from the Plan for these services. The Company pays certain administrative fees of the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 8. Tax Status

The Plan uses a prototype plan document sponsored by American Funds. American Funds received an opinion letter from the Internal Revenue Service (the IRS), dated May 28, 2002, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC) and any employer adopting this prototype plan will be considered to have a plan qualified by the IRS. The Plan itself also received a determination letter from the IRS dated May 7, 2003. Although the Plan has been amended since adopting the prototype plan document and receiving the IRS determination letter, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Note 8. Tax Status (Continued)

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the local, state and federal taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. With few exceptions, Plan is no longer subject to income tax examinations by U.S. Federal, state or local tax authorities for years prior to 2009.

Note 9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2012 and 2011:

	December 31,	
	2012	2011
Net assets available for benefits per financial statements	$ 6,460,226	$ 5,355,293
Differences in:		
Company contribution receivable	(170,723)	(154,657)
Excess contributions payable	9,572	9,048
Investments	(513,540)	(397,204)
Receivables - participant notes receivable	513,540	397,204
Net assets available for benefits per Form 5500	$ 6,299,075	$ 5,209,684

The following is a reconciliation of the changes in net assets available for benefits for the year ended December 31, 2012, per the financial statements to Form 5500:

Change in net assets available for benefits per financial statements	$ 1,104,933
Company contribution receivable	(16,066)
Excess contributions payable	523
Change in net assets available for benefits per Form 5500	$ 1,089,390

Note 11. Subsequent Events

The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2013, the date the financial statements were available to be issued. The Plan amended the Plan documents effective January 1, 2013 to limit the loan refinancing transactions to one per quarter and to cease including compensation earned prior to eligibility for compliance testing and benefit accrual.
