1. DESCRIPTION OF THE PLAN

The Creative Food Ingredients, Inc. Profit Sharing/401(k) Retirement Plan (the "Plan"), established February 27, 1964, and as amended, is a defined contribution profit sharing and 401(k) Plan established for the employees of Creative Food Ingredients, Inc. (the "Company").

General – An employee who is not a member of a collective bargaining unit covered by a collective bargaining agreement may become a participant in the Plan after such employee has completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The custodian of the Plan's assets is TD Ameritrade Trust Company. The Plan provides for one trustee who is appointed by the Board of Directors of the Company. At December 31, 2012, the trustee was Jeffrey Arcand.

Contributions – Employer contributions to the Plan are determined at the discretion of the Board of Directors of the Company and can be allocated to participants in the form of a matching contribution based upon the deferred contribution, on a per capita basis based upon the number of qualifying participants or discretionary contributions based upon covered compensation as defined in the Plan. For the plan years ended December 31, 2012 and 2011, the Board of Directors elected to not make an employer contribution.

In addition, employees who are eligible to participate may elect to contribute at least 1% but not more than 18% of their covered compensation to the Plan up to the Internal Revenue Service dollar limitations.

Contributions received from participants for 2011 are net of payments of $3,566 made in March 2012 to certain active participants to return to them excess deferred contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The amount was also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2011.

Payment of Benefits – Benefits paid directly to participants upon retirement or withdrawal from the Plan can be made in the form of cash or investments, at market value, at the time of distribution.

Benefits Payable – Net assets available for benefits included benefits of approximately $185,000 and $126,000 due to participants who have withdrawn from participation in the Plan as of December 31, 2012 and 2011, respectively.

Forfeited Accounts – Forfeitures arising from terminations are used first to offset administrative expenses, employer matching contributions, then employer discretionary contributions. There were no forfeitures available as of December 31, 2012. Forfeitures available as of December 31, 2011 amounted to approximately $11, which were used to offset administrative expenses during 2012. No forfeitures were used to offset administrative expenses or employer contributions during the year ended December 31, 2011.

Plan Termination – Although the Company intends to continue the Plan indefinitely, it nevertheless assumes no contractual obligation to do so and reserves the right to terminate the Plan with respect to its employees at any time by action of its Board of Directors.

1. DESCRIPTION OF THE PLAN - (continued)

In the event of termination of the Plan, its assets are to be allocated to Plan participants and beneficiaries along the following priorities:

1. Contributions made by employees, if any;
2. Contributions made by employer which are vested;
3. All other benefits under the Plan.

Vesting – Participants are immediately 100% vested for the amount in their participant account which represents amounts attributable to their deferral contributions. Vesting of employer contributions are calculated based on an employee's length of service, as follows:

Years of Service	Nonforfeitable Percentage
Less than 1	0%
1 less than 2	10%
2 less than 3	20%
3 less than 4	30%
4 less than 5	40%
5 or more	100%

Administrative Expenses – Administrative expenses are primarily paid by the Plan.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities which are subject to reporting at fair value based on standards established within generally accepted accounting procedures. The standards establish a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2 and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds: Valued based on quoted market price available on an active market, which represents net asset values of the shares held by the Plan at year end.

2. SUMMARY OF ACCOUNTING POLICIES - (continued)

Stable value fund: The stable value option is a fixed interest account that is credited, based upon the daily balance, at an effective annual rate of interest. There is no stated minimum or maximum interest rate for the stable value option. This investment, which is fully benefit responsive, has been valued based on the contract value (which is equivalent to fair market value) of the underlying investments in the fund. Contract value represents contributions made under the contract, adjusted for dividend earnings, transfers, and distributions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events through October 10, 2013, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. INVESTMENTS

All of the Plan's assets are held by TD Ameritrade Trust Company. Participants may allocate their account balances among one or more investments. An investment that represents 5% or more of the Plan's net assets at December 31, 2012 and 2011 is separately identified.

For the years ended December 31, 2012 and 2011, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the period) appreciated (depreciated) in value by $307,047 and ($74,006), respectively.

4. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table presents the balances of the assets of the Plan measured at fair value on a recurring basis at December 31:

	2012	2011

Level 2:

5. CUSTODIAN CERTIFICATION

The following is a summary of the unaudited information regarding the Plan as of December 31, 2012 and 2011, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by the TD Ameritrade Trust Company ("TD Ameritrade"), the Plan's custodian, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate:

a. Statements of net assets available for benefits, as of December 31:

	2012	2011
Mutual funds	$ 2,495,907	$ 2,344,507
Stable value fund	78,237	89,403

b. Additions to net assets for the years ended December 31:

Net appreciation (depreciation) in fair value of investments	$ 307,047	$ (74,006)
Interest and dividend income	24,421	30,572

c. Schedule of assets (held at end of year) See supplemental schedule on page 10.

6. INCOME TAX STATUS

The Plan obtained its latest determination letter on September 26, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include shares of mutual funds managed by Manning & Napier Advisors, Inc. ("Manning"). As Manning is the Plan's investment advisor, these transactions qualify as party-in-interest transactions. In addition the Plan's investments include shares of mutual funds managed by TD Ameritrade. As TD Ameritrade is the Plan's custodian, these transactions qualify as party-in-interest transactions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
