INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Southern Towing Company 401(k) Plan

Report on the Financial Statements

We were engagement to audit the accompanying financial statements of the Southern Towing Company 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 10, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

The financial statements of the Plan as of December 31, 2011 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, date September 28, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SOUTHERN TOWING COMPANY 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2012 and 2011

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Southern Towing Company 401(k) Plan (the “Plan”) is provided for general information purposes. Participants should refer to the Plan documents for more complete information. A summary description of the Plan has been provided to all eligible employees of the Company.

General

The Plan is a defined contribution plan adopted by Southern Towing Company (the “Company”) in July 1999. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan provides retirement benefits to employees through employee and Company contributions.

Contributions

Generally, employees who are twenty-one years of age are eligible to participate in the Plan after the completion of ninety days of employment. Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company’s safe harbor matching contribution is 100% of the first 5% of the employee’s elective deferral. For the year ended December 31, 2012, the Company contributed \$633,154 in safe harbor matching contributions. Additional profit sharing amounts may be contributed at the discretion of the Company’s board of directors. No profit sharing contribution was elected for the year ended December 31, 2012.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contributions and (b) Plan earnings. Allocations are based on participant account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant’s account. Participant accounts are participant-directed.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company’s profit sharing contributions portion of their accounts is based on years of service as follows:

<u>Years of Service</u>	<u>Percentage</u>
0-2	0%
3	100%

A participant must complete 1,000 hours of service to obtain a year of service.

Forfeited Accounts

Forfeited, non-vested accounts are first used to reduce certain administrative expenses of the Plan. Any remaining forfeitures are used to reduce future employer contributions. As of December 31, 2012, there were no forfeitures available to reduce future administrative expenses or employer contributions. No forfeitures were used to pay administrative expenses for the Plan or reduce employer contributions for the year ended December 31, 2012.

Payment of Benefits

Upon termination of service by death, early retirement, or retirement, the participant or the participant's beneficiary may elect to receive their vested account balance in one lump sum or in periodic installments over a period of not more than the assumed life expectancy of the participant or beneficiary. Normal retirement age is 65. Early retirement is permitted at the age of 60 with five years of vested service.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Recordkeeping and other administrative expenses may be charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Additional fees are charged to participants based on their use of certain Plan features.

Date of Management's Review

The plan sponsor evaluated the Plan's December 31, 2012 financial statements for subsequent events through October 14, 2013, the date the financial statements were available to be issued. The plan sponsor is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared on the accrual basis of accounting.

The Plan's investments are stated at fair market value, as defined by generally accepted accounting principles. See Note 4 for disclosure of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of mutual fund investment income, realized gains and (losses), and the unrealized appreciation (depreciation) on investments.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Benefits are recorded when paid.

NOTE 3 – INVESTMENTS

The Plan's investments are held by Principal Life Insurance Company. The following table presents the fair values of investments at December 31. Investments that represent 5% or more of the Plan's net assets at December 31, 2012 are separately identified.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under generally accepted accounting principles are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2012.

Pooled separate accounts: Valued at the net asset value of units held by the Plan at year-end.

General investment contract: Valued at the net asset value of unallocated amounts held by the insurance company. The fair market value of the account is the amount paid when funds are withdrawn prior to their maturity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011, respectively. Categories of pooled separate accounts that represent 5% or more of the Plan's net assets are separately identified.

	Assets at Fair Value as of December 31, 2012

General Investment Contract	\$ 1,335,700	Market Value Adjustment	Interest Rate on Account	.10% - .70%
			Current Rate on 12/31/2012	.64% - .75%

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 – PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7– TAX STATUS

The Internal Revenue Service issued a determination letter dated March 31, 2008 stating that the Prototype Non-Standardized Profit Sharing Plan with CODA, which the Plan adopted, was designed in accordance with applicable Internal Revenue Code (IRC) requirements. The Plan has not requested a determination letter of its own. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan has not generated any taxable income and no federal or state income tax returns have been filed. Federal and state taxing authorities could request an examination of the financial records of the Plan to ascertain if any such taxable income exists, but no such examination has occurred or is pending.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 8 – SEPARATED PARTICIPANTS

At December 31, 2012, the Plan's assets included \$427,219 of benefits allocated to participant accounts of former employees of the plan sponsor. No additional employee contributions to these accounts are allowed, nor do the separated participants continue to increase the vested portion of their account.

NOTE 9 – RELATED PARTY TRANSACTIONS

Plan investments are units in a guaranteed interest account or pooled separate accounts issued by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, certain Plan expenses paid directly by the plan sponsor also qualify as party-in-interest transactions.

NOTE 10 – INFORMATION PROVIDED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. The assets of the Plan are held by the trustee. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2012 and 2011
- Investment activity, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012
- The Schedule of Assets (Held at End of Year) as of December 31, 2012

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 11 – RECONCILIATION OF FEDERAL FORM 5500

The differences between the amounts reported on Schedule H of Federal Form 5500 "Annual Return/Report of Employee Benefit Plan" and the accompanying financial statements for the year ended December 31, 2012 are as follows:

Description	Amount per Financials	Amount per 5500	Difference
<u>Schedule H, Part II b(7)</u>			
Net investment gain (loss)	\$ 782,792	\$ 786,985	\$ (4,193)
<u>Schedule H, Part II c</u>			
Other income (loss)	-	(4,193)	4,193
	<u>\$ 782,792</u>	<u>\$ 782,792</u>	<u>\$ -</u>

The above differences are due to classification for financial statement presentation.

NOTE 12 – PROHIBITED TRANSACTION

During 2012, the Company failed to remit to the Plan's trustee certain employee contributions totaling \$6,385 within the period prescribed by the regulations of the Department of Labor. The delay in remitting the contributions to the custodian was due to administrative error. The Company, through Principal Life Insurance Company, the trustee, made contributions to the Plan in February 2013 to compensate for lost income due to the delay.
