INDEPENDENT AUDITOR'S REPORT

September 16, 2013

To the Plan Administrator
Roskam Baking Company Salaried
Employees Retirement Savings Plan
Grand Rapids, Michigan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Roskam Baking Company Salaried Employees Retirement Savings Plan, which comprise the statements of assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by John Hancock Life Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ROSKAM BAKING COMPANY SALARIED EMPLOYEES RETIREMENT SAVINGS PLAN
December 31, 2012 and 2011

Note A – Description of the Plan

The following description of the Roskam Baking Company Salaried Employees Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and 401(k) plan that covers all salaried employees of Roskam Baking Company (the Plan sponsor) and its controlled group of corporations (Company). Eligible employees can become participants in the 401(k) and matching portions of the Plan immediately upon hire. Employees become eligible to receive discretionary employer contributions on January 1 or July 1 following their date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Contributions

Participants may elect to make contributions to the Plan through payroll deductions of a percentage of each participant's compensation, as defined, not to exceed statutory limits. The Plan allows participants to transfer funds from other employer qualified plans into the Plan.

The Company may elect to make a matching contribution for any Plan year. For the 2012 and 2011 plan years, the Company elected to make a Safe Harbor contribution of 100% of the first 5% of a participant's compensation deferred.

Plan Operations

The Company has appointed John Hancock Life Insurance Company (Custodian) to serve as Custodian of the Plan and a salaried employee of the Plan sponsor to serve as the Trustee and administrator. The Custodian is responsible for holding the investment assets of the Plan, executing investment transactions and making distributions to participants. The Trustee interprets and communicates the provisions of the Plan, ensures that all government and participant reporting requirements are fulfilled, and approves all distributions from the Plan to participants.

Note A – Description of the Plan (Continued)

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, gains or losses. Allocations to participant accounts are based on compensation or account balances, as specified by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose, as listed in the accompanying Schedule of Assets Held at End of Year.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Loans

Under certain conditions, a participant may obtain a loan from the Plan. A participant's loan cannot exceed the lesser of $50,000 or one half of the participant's nonforfeitable interest in the Plan. The loan will bear a reasonable interest rate, be adequately secured, and not exceed a period of five years. Principal and interest is paid ratably through payroll deductions. A participant may not have more than two loans outstanding at any time.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or periodic installments, at least annually, over a period not to exceed the joint life expectancy of the participant and spouse or beneficiary. In-service withdrawals are permitted upon attaining age 59½ or in cases of hardship.

Costs and Expenses

Certain administrative expenses are paid by the Plan and are based on reasonable and customary rates. Other costs and expenses incurred in connection with the operation of the Plan are borne by the Company.

Amendments

Effective March 12, 2012, the plan was amended to allow immediate eligibility, to allow loans for any purpose, and to limit loan terms to five years.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported in the Plan's financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Income Recognition

Income from interest and dividends is recorded as it is earned. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in the pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Benefits

Benefits are recorded when paid. Benefits totaling $122,582 were requested prior to December 31, 2010, but were paid during 2011.

Note B – Summary of Accounting Policies (Continued)

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through the date of the accompanying independent auditor's report, which is the date the financial statements were available to be issued.

Note C – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets and liabilities in markets that are not active
- other inputs that are observable or can be corroborated by observable market data
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Note C – Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled separate accounts: Valued at net asset value (NAV) based on the closing price for underlying securities, reported on the active market on which underlying securities are traded or based on quoted prices of similar assets. The NAV of each of the separate accounts is reported by the fund managers as of the financial statement date based on recent transaction prices, and represents the price at which the Plan would be able to initiate a transaction. The pooled separate accounts held by the Plan provide for daily redemptions by the plan at reported NAV with no advance notice requirement, and have no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

	Level 1	Level 2	Level 3	Total
December 31, 2012				
Pooled separate accounts:				
Money market		$ 137,532		$ 137,532

Index		941,101		941,101
Balanced		5,118,804		5,118,804
Total	$ -	$ 10,847,669	$ -	$ 10,847,669

Note C – Fair Value Measurements (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2012 and 2011, there were no significant transfers in or out of levels 1, 2 or 3.

Note D – Investments

The following table presents the fair market values of investments at December 31, 2012 and 2011. Investments that represent 5% or more of the Plan's assets are separately identified.

	2012	2011
Investments at Fair Value:		
Venture Lifestyle Conservative Fund	**$ 1,618,910**	$ 1,421,628
Venture Lifestyle Moderate Fund	**902,649**	
Venture Lifestyle Balanced Fund	**1,120,415**	861,272
Venture Lifestyle Growth Fund	**1,609,104**	1,240,390
Venture Lifestyle Aggressive Fund	**1,567,567**	1,526,831
Venture 500 Index Fund	**639,845**	941,101
Venture Science and Technology Fund	**817,688**	953,235
Other pooled separate accounts	**3,208,139**	3,903,212
	$ 11,484,317	$ 10,847,669

During the years ended December 31, 2012 and 2011, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in value by $1,400,422 and ($301,882), respectively.

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of assets available for benefits.

Note E – Information Certified by Custodian

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2012 and 2011, and net appreciation (depreciation) in fair value of investments and interest for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Custodian.

Note F – Party-In-Interest Transactions

Certain Plan investments are shares of pooled separate accounts offered by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the Custodian, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan to parties-in-interest for services rendered to the Plan were $1,382 and $1,349 for the years ended December 31, 2012 and 2011, respectively. Such fees were based on reasonable and customary rates.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would remain 100 percent vested in their accounts.

Note H – Tax Status

The Plan obtained its latest determination letter on October 20, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has adopted a volume submitter plan since receiving the determination letter, and has not applied for an individual determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

Note H – Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.
