INDEPENDENT AUDITORS' REPORT

Memphis Publishing Company
Graphic Communication International
Union No. 231- M Retirement Benefit Plan
495 Union Avenue
Memphis, Tennessee

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Memphis Publishing Company and Graphic Communication International Union No. 231- M (Pressmen) Retirement Benefit Plan, which comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits and of changes in accumulated benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Russell Investments, the trustee of the Plan, except for comparing the information with the related information included in the financial

statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year, assets acquired and disposed of within year, and reportable transactions which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF PLAN

The following is a brief description of the Memphis Publishing Company and Graphics Communications International Union, Local No. 231-M (Pressmen) Retirement Benefit Plan (Plan), which was last amended on May 14, 2012, effective June 30, 2012. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined benefit pension plan covering all employees in the Collective Bargaining Unit represented by the Union. As mentioned above, the plan was amended on May 14, 2012, effective on June 30, 2012; this amendment was to freeze the plan benefits as of June 30, 2012 and not allow any additional participants after June 1, 2012. Future vested benefits are calculated as if employee retired on June 30, 2012.

Pension Benefits

Benefit Level

The monthly benefit provided under the plan effective February 1, 1999 was \$23 times the number of years of service limited to 40 years, and \$24 for the years on or after February 1, 2000.

Service Credit

Service credit for service prior to January 1, 1958 is equal to service shown on cards prepared by the Publisher and signed by employee.

Service credit for service after January 1, 1958 shall be granted for each calendar year in which the employee completes 220 straight time shifts. A proportionate part of the year shall be granted for less than 220 straight shifts except that no credit will be given for less than 10 straight time shifts.

Maximum years of service credit for purposes of this plan are forty (40). However, no service credit is given for any time after June 30, 2012 according to the May 14, 2012 plan amendment.

Eligibility Service

Eligibility service before January 1, 1976 shall be computed in the same manner as service credit above. For periods on or after January 1, 1976 it shall be credited for each calendar year beginning with 1976 in which the employee completes 1,000 or more hours.

Break-in Service

A one year break-in service occurs for any calendar year in which an employee is compensated for fewer than 501 hours or fewer than 10 straight time shifts, provided the employee is not on an approved leave of absence.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Normal Retirement Benefit

Normal retirement begins after age 65 and the completion of 5 or more years of eligibility service. The amount of the monthly benefit payable for life is determined annually in advance by the Board with advice from the actuary. If the employee has less than 40 years of service credit, the benefit is reduced accordingly.

Postponed Retirement Benefit

The monthly benefit is equal to the normal pension based on service at actual retirement date.

Early Retirement Benefit

After age 55 and the completion of 10 or more years of service credit, the benefit amount is determined as for normal retirement but reduced by .6% for each month the payments begin prior to age 62.

Vested Lump Sum Benefit

A lump sum benefit may be paid at any age, provided the employee has 5 years of service credit. The benefit is equal to 25% of the aggregate contributions made on behalf of the employee after January 1, 1964 if he has 5-10 years of service credit. The benefit is 50% of the aggregate contributions made on behalf of the employee after January 1, 1964 if he has 10-15 years of service credit. The benefit is 75% if he has 15 or more years of service credit. If the participant is eligible for the Deferred Withdrawal Benefit, then the Vested Lump Sum Benefit will be offset by the actuarially determined present value of the Deferred Withdrawal Benefit.

Disability Benefit

Upon disability, a benefit is available at any age prior to 65, provided the employee has 10 years of service credit. The benefit payable immediately for life is computed as for normal retirement, considering service to date of disability.

Death Benefit

An automatic survivorship option becomes operative in the form of a 100% survivorship annuity upon actual retirement payable to the designated spouse of the employee if they have been married at least one year; some exceptions may apply.

Asset Priority Upon Plan Termination

Should the plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Party-in-Interest Transactions

The Plan's trustee, Russell Trust Company (Russell), is also a fund service provider offering various mutual funds, money funds, and fixed income funds which are held as investments in the plan. This arrangement results in Russell receiving indirect (fund management) compensation from the plan in addition to direct compensation they receive for holding the Plan's assets. The receivable from investments sold on the balance sheet is due from this party-in-interest.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Date of Management's Review

Management has evaluated subsequent events through October 14, 2013, the date the financial statements were available to be issued. (See Note 8).

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Valuation of Investments

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, Fair Value Measurements and Disclosures, as amended. FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB

ASC 820 are described below:

Level 1 : Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 : Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 : Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (continued)

Valuation of Investments (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Assets at Fair Value as of December 31, 2012

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

Plan contributions are made, and the actuarial present value of accumulated Plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term, and due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements.

The Plan's assets are concentrated in investment securities. These securities are exposed to various risks such as interest risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the financial statements.

Payment of Benefits

Benefit payments to participants are recorded upon distributions

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation and years of credited service computed under a formula included in the plan. Significant assumptions are made by the actuary in determining the accumulated plan benefits, including a discount rate of 4.14% and 5.14% for 2012 and 2011, respectively. Other significant assumptions are detailed in the actuary's report.

The actuarial present value of accumulated plan benefits was determined January 1, 2013 by the actuary, Towers Watson (formerly named Towers Perrin), located in Cincinnati, OH. This value is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected payment date. The significant actuarial assumptions used in the valuation as of January 1, 2013 from the latest report dated August 2013 were (a) life expectancy of annuitants, (b) retirement age assumptions (the assumed average retirement age was 61), and (c) investment return. The 2012 and 2011 valuations included assumed average rates of return of 4.65% and 5.30%, respectively, including a reduction to reflect anticipated administrative expense equal to prior year's associated with providing benefits.

The foregoing, actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits, as detailed in the Plan agreement.

NOTE 4 - FUNDING POLICY

The actuary calculates the required employer contributions according to the unit credit method. This method is partially based upon the assets' fair values, which were, as of December 31, 2012 and December 31, 2011 approximately 97.77% and 89.15%, respectively, of the present value of all benefits to be paid by the Plan. These percentages included Employer contributions and Plan contributions receivable to the Plan of \$0 for the 2012 plan year and \$55,000 for the 2011 plan year. The Plan has met the minimum funding requirements of ERISA for 2012 and 2011. Prior service cost increases or decreases in the projected benefit obligation are netted and then amortized on a straightline basis over the expected average remaining service of the active employees expected to benefit under the plan. See the Actuarial report for further details on the funding policy.

NOTE 5 - INCOME TAX

The Internal Revenue Service ruled by an updated determination letter dated August 5, 2002 that the Plan was still qualified under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Pension Administrative Committee is not aware of any course of action or series of events that have occurred, including plan amendments subsequent to receipt of the determination letter, that might adversely affect the Plan's qualified status.

INDEPENDENT AUDITORS' REPORT

Memphis Publishing Company
Graphic Communication International
Union No. 231- M Retirement Benefit Plan
495 Union Avenue
Memphis, Tennessee

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Memphis Publishing Company and Graphic Communication International Union No. 231- M (Pressmen) Retirement Benefit Plan, which comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits and of changes in accumulated benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Russell Investments, the trustee of the Plan, except for comparing the information with the related information included in the financial

statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year, assets acquired and disposed of within year, and reportable transactions which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Retirement Benefit Plan of Memphis Publishing Company and Graphic Communications International Union Local No. 231-M EIN 62-0291305/006

Schedule SB, Part V – Statement of Plan Provisions

Benefits Paid Upon the Following Events

Normal retirement	Monthly pension benefit determined as of NRD
Early retirement	Monthly pension benefit determined as of early retirement date, reduced by 0.6% for each year of payment before age 62
Postponed retirement	Monthly pension benefit determined as of actual retirement date
Vested termination	Monthly pension benefit determined as of termination date, reduced 0.6% for year if the payment before age 65
Disablement	Monthly pension benefit determined as of the date of disablement, payable immediately without reduction for early commencement paid until the earlier of death or recovery
Preretirement death	Monthly preretirement death benefit payable on behalf of an active employee or a terminated vested employee is reduced as stated above to employee's earliest retirement date

Other Plan Provisions

Forms of payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 100% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are a 50% joint and survivor annuity, a ten-year certain and life annuity, or (for married participants) a life annuity.
Maximum on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

The plan was amended effective June 30, 2012 for the following:

- The plan was closed to new entrants as of June 30, 2012.
- Pension service was frozen as of June 30, 2012.

Retirement Benefit Plan of Memphis Publishing Company and Graphic Communications International Union Local No. 231-M EIN 62-0291305/006

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year
Actuarial value of assets	Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings. The average asset value must be within 10% of fair value, including contributions receivable.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. Towers Watson has reviewed the plan provisions with Scripps and, based on that review, is not aware of any significant benefits required to be valued that were not.

Change in Assumptions and Methods Since Prior Valuation

There were no changes in non-prescribed assumptions and methods since the prior valuation.

Data Sources

Towers Watson used asset data supplied by the Plan's trustee. Memphis Publishing Company furnished participant data. Scripps furnished the dates and amounts of the 2010 contributions that will be paid in 2011. Data was reviewed for reasonableness and consistency, but no audit was performed. Assumptions or estimates were made by the Towers Watson actuaries when data were not available. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Schedule SB, line 22 – Description of Weighted Average Retirement Age

For an active participant, an expected retirement age was calculated, weighted in proportion to the probability that the individual would remain an active participant to each age and then retire at that age. The plan's weighted average retirement age of 62 is the arithmetic average of the expected retirement age of any such participant on January 1, 2012.
