Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Terry's Tire Town, Inc. Salary Savings Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Company (U.S.A), the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

To the Plan Trustees

Other Matter

The supplemental schedules of Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4a – Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2012, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

TERRY'S TIRE TOWN, INC. SALARY SAVINGS PROFIT SHARING PLAN

Note 1. Description of the Plan

The following description of Terry's Tire Town, Inc. Salary Savings Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Terry's Tire Town, Inc. (the Company and the Plan Sponsor) who have reached 21 years of age and have completed 90 days of continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 1, 2011, the Terry's Tire Town, Baltimore, Ltd. Salary Savings Plan was merged into the Plan and the Plan Sponsor has amended the Plan to add Terry's Tire Town, Baltimore, Ltd., Sawmill Tire Co. dba Pro Tire and Service, Terry's Tire Town Virginia, Ltd., Premier Bandag #8, Inc., and Summit Tire Northeast, LLC as participating employers. Effective December 1, 2011, the Plan was amended to add Englewood Tire Wholesale as a participating employer. Participants were credited with their years of service with these employers for all plan purposes.

Contributions

Participants defer a portion of pre-tax annual compensation up to the maximum percentage allowable not to exceed the limits of IRC Sections 401(k), 402(g), 404 and 415. Participants may also contribute amounts representing distributions from other qualified deferred benefit or contribution plans. Participants direct the investment of their contributions into various investment options. Participants can change their investment options or deferral percentage any time throughout the year via on-line or direct phone access. The change in deferral is effective the next calendar quarter. The Company may make a discretionary matching contribution. The discretionary match was 25% in 2012 and 2011. The Company may make a discretionary profit sharing contribution. There was no profit sharing contribution in 2012 and 2011.

Participant Accounts

Each participant's account is credited with the participant's deferrals and allocations of (a) the Plan Sponsor's matching and profit sharing contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or contributions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferrals plus actual earnings thereon. Vesting in the matching and profit sharing contributions and investment gains and losses thereon are based on years of service. Participants are 25% vested after the completion of one year of service for matching and profit sharing contributions. Vesting increases by 25% for each year of service thereafter.

NOTES TO FINANCIAL STATEMENTS

TERRY'S TIRE TOWN, INC. SALARY SAVINGS PROFIT SHARING PLAN

Note 1. Description of the Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Loan terms range from 1 to 5 years. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of his or her account or equal installments for a period not to exceed the life expectancy of the participant or the joint life expectancy of the participant and the participant's designated beneficiary, except for accounts with a value less than \$1,000, which may be involuntarily distributed as a lump sum. Participants are also permitted to take hardship withdrawals from all accounts if they are fully vested.

Forfeited Accounts

Total forfeited nonvested accounts amounted to \$12,913 and \$970 at December 31, 2012 and 2011, respectively. These accounts will be used to reduce future Plan Sponsor contributions. In 2012, employer contributions were reduced by \$9,309 from forfeited nonvested accounts.

Note 2. Significant Accounting Policies

The accompanying financial statements reflect the application of certain accounting policies described in this note.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net asset available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits present the fair value of the investment contracts. When significant, the adjustment of the fully benefit-responsive investment contracts from fair value to contract value will also be presented. The statement of changes in net assets available for benefits will be presented on a contract value basis, when significantly different from the fair value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

TERRY'S TIRE TOWN, INC. SALARY SAVINGS PROFIT SHARING PLAN

Note 2. Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Substantially all expenses of maintaining the Plan are paid by the Plan Sponsor.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs" (ASU 2011-04). ASU 2011-04 amended the FASB *Fair Value Measurements and Disclosures* topic to converge the fair value measurement guidance in U.S. generally accepted accounting principles and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in the *Fair Value Measurements and Disclosures* topic. In addition, ASU 2011-04 requires additional fair value disclosures. This amendment was adopted for the year ended December 31, 2012. The adoption resulted in additional fair value disclosures (see Note 4). There was no impact to the net assets as of December 31, 2012 and 2011, as a result of the adoption.

NOTES TO FINANCIAL STATEMENTS

TERRY'S TIRE TOWN, INC. SALARY SAVINGS PROFIT SHARING PLAN

Note 2. Significant Accounting Policies (Continued)

Pending Accounting Pronouncements

In October 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this Update will generally be effective for fiscal periods beginning after December 15, 2013, for non public entities, except for amendments in this Update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

Note 3. Investments

All investment information including investments held as of December 31, 2012 and 2011, interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2012, included in the Plan's financial statements and supplemental schedules, was prepared by or derived from information provided by John Hancock Company (U.S.A.) (John Hancock), the custodian, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that the information provided to the plan administrator by the custodian related to the assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investments.

The values of individual participant-directed investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2012	2011	
Pooled separate accounts			
* John Hancock Lifestyle Aggressive Fund	\$ 788,026	\$ 608,141

	<u>\$ 783,806</u>

Note 4. Fair Value Measurements

The FASB topic *Fair Value Measurements and Disclosures* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Guaranteed Investment Contracts: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 2). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

Note 4. Fair Value Measurements (Continued)

Pooled Separate Accounts: Valued at the unit value for each separate account investment based on the underlying assets, which include a mix of mutual funds, collective trusts and managed accounts. All underlying investment options are valued daily. This daily price is considered the selling price for transfers and withdrawals, and is calculated each day the principal market is open. The investment options are available for trading each day while the principal market is open.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Level 3 Gains and Losses

The following tables set forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2012:

	Guaranteed investment contracts
Balance, beginning of year	\$ 155,980
Change in adjustment from contract value to fair value	1,509
Purchases	40,488
Sales	(40,225)
Balance, end of year	<u>\$ 157,752</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period are reported as net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation technique used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair value	Principal valuation technique	Unobservable inputs	Range of significant input values	Weighted average
Three-Year Guaranteed Account	\$ 91,459	Average Yield Earned	Payout Date	12/31/12 - 12/31/14	0.14%
			Payout Percentage	.10% - .53%	
Five-Year Guaranteed Account	59,733	Average Yield Earned	Payout Date	12/31/13 - 12/31/16	1.14%
			Payout Percentage	.35% - 1.42%	
Ten-Year Guaranteed Account	6,560	Average Yield Earned	Payout Date	12/31/20 - 12/31/21	1.27%
			Payout Percentage	.70% - 1.40%	

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no significant transfers in or out of Levels 1, 2 or 3.

NOTES TO FINANCIAL STATEMENTS

TERRY'S TIRE TOWN, INC. SALARY SAVINGS PROFIT SHARING PLAN

Note 5. Guaranteed Investment Contracts with John Hancock Company

The Plan has a deposit administration contract with John Hancock. John Hancock maintains the Plan's deposits in a guaranteed long-term account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the plan by John Hancock, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was \$157,752 and \$155,980, respectively. The crediting interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields as of December 31 were:

	2012	2011
Three-Year Guaranteed Account	0.14%	0.16%
Five-Year Guaranteed Account	1.14%	1.16%
Ten-Year Guaranteed Account	1.27%	1.39%

The crediting interest rates as of December 31 were:

	2012	2011
Three-Year Guaranteed Account	0.10%	0.20%
Five-Year Guaranteed Account	0.15%	0.75%
Ten-Year Guaranteed Account	0.40%	1.30%

NOTES TO FINANCIAL STATEMENTS

TERRY'S TIRE TOWN, INC. SALARY SAVINGS PROFIT SHARING PLAN

Note 6. Related Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by John Hancock and Ohio National. John Hancock and Ohio National are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire amount.

Note 8. Income Tax Status

The Plan adopted a standardized form of a prototype plan sponsored by Walker Benefits, Inc. The prototype plan has received an opinion letter of the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan letter has been relied upon by this Plan. The Plan has been amended and restated since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination, including the resolution of appeals or litigation processes, if any. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Prohibited Transactions

During 2012 and 2011, the Plan Sponsor inadvertently failed to deposit participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The late contributions were \$1,638 and \$25,913 for 2012 and 2011, respectively. The Plan Sponsor has made contributions outside of and through the Voluntary Fiduciary Correction Program (VFCP), filed Form 5330, and paid the applicable excise tax. The excise tax payments were made from the Plan Sponsor's assets and not from assets of the Plan.
