Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Nationwide Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets Held (Held at End of Year), as of December 31, 2012), is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2012 and 2011 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. PLAN DESCRIPTION

The following description of the G2 Software Systems, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1992 as a defined contribution plan for all employees of G2 Software Systems, Inc. ("Company" or "Plan Sponsor") under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). All employees having attained the age of 21 and having three months of service are eligible to participate in the Plan the first day of the month following three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 100% of annual compensation, as defined by the Plan, limited to the maximum amount permitted under federal law. For employees who elect to participate, such deferrals shall not exceed the IRC limitations, up to a maximum amount of $17,000 for the 2012 Plan year. Participants who are 50 years of age or older who have met the annual IRC deferral limit or the specified plan limit of the deferral, may contribute catch-up deferral contributions of up to $5,500 for 2012. Contributions can be made either on a pre-tax basis, or participants may elect to designate some or all of their contributions as "Roth Contributions" which are made on an after-tax basis. Participants may also contribute amounts representing distributions (rollover contributions) from other qualified defined benefit or defined contribution plans. Participants may choose to direct the investment of their contributions and earnings thereon among several funds offered by the Plan. Participants may change their investment options at any time.

The Plan Sponsor may make discretionary non-elective contributions on behalf of each eligible participant. During 2012, the Plan Sponsor made discretionary contributions of $314,433 into the Plan.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Participants may borrow a maximum equal to the lesser of $50,000 or 50% of their vested balances in the Plan, subject to certain restrictions and limitations set forth in the Plan document and the IRC.

1. PLAN DESCRIPTION (continued)

Notes Receivable from Participants (continued)

Loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Loans are available to all participants except those participants that are deemed highly compensated employees. The maximum term of the loan is five years unless the loan is used for the purchase of a participant's primary residence. If a participant has an outstanding loan balance at the time their employment terminates, the entire outstanding principal and accrued interest shall be immediately due and payable.

Interest rates on all outstanding loans range from 4.25% to 8.25%. Principal and interest are paid monthly through payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings. Investment income is allocated among eligible participants in the ratio which the dollar value of the respective participant's interest in the specific investment bears to the dollar value of all participants' interest in that investment.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount equal to the value of the participant's vested interest in his account. Participants with account balances of $5,000 or less receive a lump-sum distribution upon termination of service with the Company. In-service withdrawals are permitted for hardship or financial reasons limited to the participant's elective deferrals and earnings thereon, rollover contributions or vested portion of employer discretionary contributions. These withdrawals are included with benefits paid and cannot exceed the participant's voluntary contributions and their vested portion of employer contributions and earnings. In-service withdrawals are also permitted for disability at an amount equal to the value of the participant's vested interest in his or her account.

Hardship distributions of account balances are permitted under certain financial hardship conditions as defined in the provisions of the Plan provided the participant has obtained all other distributions and loans available under the Plan. Following receipt of a hardship distribution, the participant is restricted from making further salary deferrals or voluntary after-tax contributions for a minimum of six (6) months.

Vesting

Participants are vested immediately in both their contributions and employer non elective discretionary contributions, plus actual earnings thereon.

1. PLAN DESCRIPTION (continued)

Vesting (continued)

Vesting in the Plan Sponsor's matching contribution portion of their accounts is based on the number of years of continuous service. Plan Sponsor contributions vest at a rate of 20% per year and a participant is 100% vested after five years of credited service. Any amount not vested upon a participant's separation from service is forfeited and may be used by the Plan Sponsor to reduce future matching contributions or to pay current Plan expenses. The Plan Sponsor did not make matching contributions during the year ended December 31, 2012.

The employer contributions are prevailing wage contributions for employees who work on the Navy Marine Mammal Contract which is covered by the Service Contract Act. These contributions are vested immediately.

Forfeitures

Forfeitures of terminated participants' nonvested accounts may be used to pay administrative costs of the Plan or may be applied to reduce the employer's discretionary or matching contributions to the Plan. During the year ended December 31, 2012, no forfeitures were used to pay administrative costs or to reduce employer discretionary or matching contributions. Plan assets at December 31, 2012 and 2011 include $31,658 and $31,776, respectively, that are expected to be used in future periods to reduce plan sponsors discretionary or matching contributions or to pay administrative expenses of the Plan.

Plan Termination

It is the intention and expectation of the Plan Sponsor that the Plan will be continued indefinitely; however, continuation of the Plan is not assumed as an obligation of the Plan Sponsor. The Plan may be amended, terminated or employer contributions may be discontinued at any time. If the Plan is terminated, participants will receive the entire balance of their accounts, regardless of their years of service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting with generally accepted accounting principles in the United States of America ("GAAP").

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan incurs certain expenses including charges associated with distribution, loan processing and other transaction charges, investment management and advisory fees and audit and recordkeeping fees. Distribution, loan and other transaction charges are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. Investment related expenses are netted with investment income in the accompanying statement of changes in net assets available for benefits. Certain administrative expenses are paid by the Plan Sponsor and accordingly are not reflected in the accompanying financial statements of the Plan.

New Accounting Pronouncements

In May 2011, the FASB issued Accounting Standards Update ("ASU") 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards (Topic 820)—Fair Value Measurement*, to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for level 3 fair value measurements. ASU 2011-04 is effective for the Plan prospectively for the year ending December 31, 2012. The new guidance only requires new disclosure and Plan management does not expect the adoption to have a significant impact on the Plan's financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2013, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Nationwide Trust Company and was not subjected to any auditing procedures performed by the independent public accountants, except for comparing such information certified by the asset custodian to information included in the Plan's financial statements and supplemental schedule:

a) Total investments as shown in the accompanying statements of net assets available for benefits of $8,713,025 and $7,293,234 as of December 31, 2012 and 2011, respectively.

b) Investment income for the year ended December 31, 2012, as shown in the accompanying statement of changes in net assets available for benefits, from net appreciation in the fair value of investments and interest and dividends of $913,048 and $7,632, respectively.

c) Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $48,936 and $76,649 as of December 31, 2012 and 2011, respectively.

d) Interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits of $1,979 for the year ended December 31, 2012.

e) Investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2012.

The following presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011:

	2012	2011
Janus Twenty T	$ 1,648,809	$ 888,285
Neuberger Genesis	878,503	1,205,140
Nationwide S&P 500 Index Svc	755,943	437,726
American Century Growth Inv	623,302	390,210
Baron Asst	*	366,652

* Represents less than 5% of net assets available for benefit in year presented.

3. INFORMATION CERTIFIED BY CUSTODIAN (continued)

During 2012, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by $913,048.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* ("ASC 820") establishes a framework for measuring fair value. That framework provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1—Inputs to the valuation methodology are based on unadjusted quoted market prices for identical assets or liabilities in an active market that
- Level 2—Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3—Inputs to the valuation methodology include prices or valuation techniques that require inputs that are unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in December 31, 2012.

Mutual funds: Valued based on the quoted market prices of shares held by the Plan at year end.

Guaranteed investment contracts: Valued based on contract provisions of underlying group fixed annuity contract which approximates fair value.

4. FAIR VALUE MEASUREMENTS (continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's investment assets at fair value by level within the valuation hierarchy as of December 31, 2012 and 2011:

	Fair Value Measurements at December 31, 2012			
	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Quantitative Information about Significant Unobservable Inputs used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2012:

Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
Transamerica Guaranteed Investment Contract	$ 177,777	Market value adjustment	Minimum guaranteed rate	4%
			Current annual rate	4.37%

5. GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

Fully Benefit-Responsive

The Plan holds a guaranteed investment contract with Transamerica Life Insurance Company ("Transamerica"). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily withdraw or transfer all or a portion of their investment at contract value, and therefore this contract is considered to be fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to a fully benefit-responsive investment contract. The Plan Sponsor has determined that the contract value approximates its fair value, and accordingly, no adjustment for the difference between the contract value and fair value of the investment contract is included.

There are no reserves against contract value for credit risk of contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 4.0%. Such interest rates are reviewed on a quarterly basis for resetting. The actual average yield and crediting interest rate was approximately 4.46% for the year ended December 31, 2012. There is no guaranteed rate of return on future resets of this contract.

Non Fully Benefit Responsive

During 2011, the Plan held a guaranteed investment contract with Nationwide Life Insurance Company ("Nationwide"). Nationwide maintained contributions to such contract in general accounts. The accounts were credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract provided a guaranteed interest rate for various specified periods of time as determined, or allowed, by the Plan. The rate credited was the rate in effect on the day when each deposit is directed to the account. The contract promised contract value for a benefit event. However, since there was a possible market value adjustment when funds were withdrawn prior to their maturity, this account was not considered to be fully benefit responsive. The contract is included in the accompanying statements of net assets available for benefits as of December 31, 2011 at its estimated fair value. During 2012, the Plan Sponsor discontinued this investment alternative and funds in this account were originally transferred to a money market investment account.

6. TAX STATUS

The Plan has obtained its latest determination letter from the Internal Revenue Service dated March 31, 2008, as part of a volume submitter plan, in which the Internal Revenue Service stated that the Plan complied with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

During 2012, the Plan Sponsor determined that due to an administrative error, the Plan document had not been formally amended to revise the Plan's eligibility provisions to allow for immediate eligibility in connection with employer non-elective contributions made in connection with prevailing wage contribution obligations. Accordingly, such contributions were being made to certain participants prior to their eligibility date per the Plan document. Effective January 1, 2013, the Plan Sponsor amended the Plan document to correct this inconsistency, and in June 2013 the Plan Sponsor filed a Voluntary Correction Program submission with the Internal Revenue Service relating to this matter. The Plan Sponsor has agreed to pay all costs, and penalties, if any, relating to this matter and believes that this administrative error will not have any material effect on the Plan's financial statements or result in any adverse consequences to the Plan.

7. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
