Report on the Financial Statements

We were engaged to audit the accompanying financial statements of First Assembly/Christian Life 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements and supplemental schedule in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements and supplemental schedule that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements and supplemental schedule based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

First Assembly/Christian Life 401(k) Plan

Notes to Financial Statements

Note 1 Description of Plan

The following description of the First Assembly/Christian Life 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of First Assembly of God Church and affiliates (collectively the "Organization") who are 21 years of age or older and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute a percentage of their annual compensation, as defined in the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan also permits Roth elective deferral contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and an investment contract as investment options for participants.

The Organization's contributions are at the discretion of the Organization. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's contribution, (b) plan earnings (losses), and (c) charged with an allocation of administrative expenses. Allocations are based on eligible participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

First Assembly/Christian Life 401(k) Plan

Notes to Financial Statements

Note 1 Description of Plan (Continued)

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings/losses thereon. Vesting in the Organization's contribution portion of their accounts plus actual earnings (losses) thereon is based on years of continuous service. Participants become fully vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan originated as determined by the plan administrator. Interest rates on existing loans range from 4.25% to 6.50%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary will receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or in annual installments equal to the value of the participant's vested interest in his or her account or an annuity. Participants may also withdraw all or part of their vested account, resulting from rollover contributions, at any time. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Organization before becoming 100% vested in the Organization's contributions. These forfeitures may be used to reduce Organization contributions to the Plan, for payment of administrative expenses or be reallocated as an additional contribution to the Plan. At December 31, 2012 and 2011, unallocated forfeitures from non-vested accounts totaled \$1,395 and \$4,084, respectively. During the years ended December 31, 2012 and 2011, the Organization's contributions were reduced by \$0, from forfeited non-vested accounts.

Notes to Financial Statements

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The investment contract is not fully benefit-responsive and, therefore, is presented in the statements of net assets available for benefits and the statements of changes in net assets available for benefits on a fair value basis.

Use of Estimates

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

First Assembly/Christian Life 401(k) Plan

Notes to Financial Statements

Note 2 Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to investment advisory and management fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2013, which is the date the financial statements were available to be issued.

Notes to Financial Statements

Note 4 Fair Value Measurements

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that provides the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is as description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds held in pooled separate accounts: Fair value is estimated using the net asset value (NAV) per unit by the issuer of the pooled separate accounts. Fair value is based on the fair value of the underlying investments held by the pooled separate accounts.

First Assembly/Christian Life 401(k) Plan

Notes to Financial Statements

Note 4 Fair Value Measurements (Continued)

Investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

(a) This class includes investments in securities to obtain a high level of current income to the extent consistent with the preservation of capital and maintenance of liquidity.

(b) This class seeks a combination of total return and stability of principal by investing the underlying funds in an asset allocation strategy of 35% equity securities and 65% in fixed-income securities.

First Assembly/Christian Life 401(k) Plan

Notes to Financial Statements

Note 4 Fair Value Measurements (Continued)

(c) This class is generally comprised of investment options that invest in stocks, or shares of ownership in U.S. companies. These investment options often carry more risk than fixed-income investment options but have the potential for higher returns. They may be an appropriate choice for long-term investors who are seeking the potential for growth.

(d) This class is generally comprised of investment options that invest in stocks and convertible securities that can be converted into stocks being traded on a specific stock index. The asset class also invests in other derivatives whose economic returns are by design closely equivalent to the returns of the index and it also invests in exchange traded products. These investment options often carry more risk than fixed-income investment options but have the potential for higher returns. They may be an appropriate choice for long-term investors who are seeking the potential for growth.

(e) This class is generally comprised of investment options seeking to provide total return consistent with an asset allocation targeted at retirement dates. These investment options may include U.S. stocks, international stocks, bonds, cash, and other investments. They are managed to adjust the asset allocation based upon the designated retirement date of the fund. The further away from the retirement date the asset allocation will include a greater percentage of equity securities rather than fixed-income securities, and the closer to the retirement date the asset allocation will shift to greater amounts of fixed-income securities.

(f) This class is generally comprised of investment options that invest in bonds, or debt of a company or government entity (including U.S. and Non- U.S.). It may also include fixed-income instruments of varying maturities. These investment options typically carry more risk than short-term fixed income investment options, but less overall risk than equities.

(g) This class is comprised of investment options that invest in stocks or shares of ownership in companies with their principal place of business or office outside the United States. These investment options often carry more risk than U.S. equity investment options but may have the potential for higher returns. They may be an appropriate choice for long-term investors who are seeking the potential for growth.

(h) The investment contract's objective is to preserve capital and earn interest at a declared rate or a minimum rate described in the contract.

Note 5 Information Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian.

	2012	2011
Investments, at fair value -		
Pooled separate accounts	\$1,560,878	\$1,393,857
Investment contract	\$53,211	\$159,383
Notes receivable from participants	\$57,951	\$72,425
Investment income (loss)	\$185,253	\$(43,737)
Interest income on notes receivable from participants	\$3,708	\$4,532

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Organization contributions.

Note 7 Tax Status

The IRS has determined and informed the Organization by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

First Assembly/Christian Life 401(k) Plan

Notes to Financial Statements

Note 8 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 Related Party Transactions

The Plan's investments are managed by ING Life Insurance and Annuity Company (ING). ING is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services for the years ended December 31, 2012 and 2011 amounted to \$6,067 and \$1,872, respectively.

Notes receivable from participant also qualify as party-in-interest transaction, which are exempt from the prohibited transaction rules of ERISA.

Note 10 Reclassifications

Certain reclassifications have been made to the 2011 financial statements to conform to the 2012 classifications.

Note 11 Subsequent Event – Changes in Plan's Custodian and Third-Party Administrator

Subsequent to year end, the Organization's Board of Directors approved amending and restating the Plan effective May 24, 2013. This amendment / restatement of the Plan created the following changes as of May 24, 2013:

1. Terminate prototype plan / trust and adoption agreement with ING Life Insurance and Annuity Company. Elect prototype plan / trust and adoption agreement with Touchstone Retirement Group, LLC.
2. Terminate ING Life Insurance and Annuity Company as custodian and third-party administrator. Elect Touchstone Retirement Group, LLC as custodian and third-party administrator.

First Assembly/Christian Life 401(k) Plan

Notes to Financial Statements

Note 11 Subsequent Event – Changes in Plan's Custodian and Third-Party Administrator (Continued)

3. Sell all investments in ING Life Insurance and Annuity Company. Purchase all investments in Touchstone Retirement Group, LLC.

On May 24, 2013, all investments of the old trust were liquidated, except for the participant loans, and the proceeds were transferred to the new trust. Participant loans were transferred to the new custodian at their recorded value.
