NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Gigamon LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan that was established in 2006 by Gigamon LLC (the "Company") to provide benefits to eligible employees, as defined in the Plan document. In 2013, the Company changed its name to Gigamon Inc. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration
The Company has appointed a Plan Administrator to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company ("Fidelity") to act as the custodian and a third-party administrator affiliated with Fidelity to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

Eligibility
Employees of the Employer are eligible to participate in the Plan the first day of the month following hire.

Participant Contributions
Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions
The Employer provides non-elective safe harbor contributions equal to 3% of eligible participant's compensation for each plan year and may provide discretionary contributions on the participant's deferral contributions. All Employer contributions are invested in the same manner that the participant directs his or her investments. For the year ended December 31, 2012, the Employer made non-elective safe harbor contributions of $915,696.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting
Participants are immediately vested in their contributions and non-elective safe harbor employer contributions. The participants are fully vested in their discretionary employer matching contributions after four years of service.

Participant Accounts
Each participant's account is credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution, if any.

Payment of Benefits
Upon termination, the participants or beneficiaries may elect to leave their account balances in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's interest in his or her account. The Plan allows for the automatic distribution of participant account balances that do not exceed $1,000.

Notes Receivable from Participants
The Plan allows participants to borrow up to the lesser of $50,000 or 50% of their account balance. The notes are secured by the participant's balance. Such notes bear interest at available market financing rates and must be repaid to the Plan within a five year period, unless the note is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes are established by the Company. Outstanding notes receivable at December 31, 2012 carry interest rates of 9.25%.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates
The preparation of financial statements in conformity with accounting principles, generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)
Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events
The Plan has evaluated subsequent events through October 14, 2013, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements
In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS* ("ASU 2011-04"). ASU 2011-04 amended Accounting Standards Codification Topic No. 820, *Fair Value Measurements and Disclosures* ("ASC 820"), to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards ("IFRSs"). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The adoption of these rules did not have a material effect on the Plan's financial statements.

In October 2012, the FASB issued Accounting Standards Update 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The adoption of this update is not expected to have a material impact on subsequent periods.

NOTE 3 – CERTIFIED INFORMATION

The following is a summary of the plan's asset information as of December 31, 2012, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2012	2011
Money market	$ 449,731	$ 179,642
Mutual funds	6,659,347	3,419,498
Notes receivable from participants	75,681	65,147

The trustee also certified the completeness and accuracy of $514,216 of net appreciation in fair value of investments for the year ended December 31, 2012. The net appreciation is entirely attributable to the mutual funds.

The trustee also certified the completeness and accuracy of $98,676 of dividends and interest income related to the aforementioned assets for the year ended December 31, 2012.

The following table presents the fair values of investment funds that include 5% or more of the Plan's net assets at December 31, 2012:

NOTE 4 – FAIR VALUE MEASUREMENT

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest-bearing cash: Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held in the Plan are open-end mutual funds that are registered. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012:

	Assets at Fair Value as of December 31, 2012

NOTE 5 – TAX STATUS

Income Taxes

Effective June 2009, the Plan adopted a non-standardized form of a volume submitter plan sponsored by Fidelity. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE 6 – ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that is more likely than not would be sustained upon examination. The Plan's management has not identified any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments and notes receivable from participants and the related interest income are managed and held by an affiliate of Fidelity, the trustee and custodian and therefore, these transactions qualify as "party-in-interest" transactions permitted by the DOL Rules and Regulations. The Employer is also a party-in-interest with respect to the Plan.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 9 – NON EXEMPT TRANSACTIONS

During 2012, the Plan Sponsor failed to deposit $6,639 of participant deferrals within the required timeframe as stated by the United States Department of Labor's regulations. The Company and Plan Sponsor deposited the contributions with the Plan trustee before the end of 2012. In 2013, the Company is going to enter into the VFCP to fully correct the error.

NOTE 10 – PLAN TERMINATION OR MODIFICATION

Although it has not expressed any intent to do so, the Employer, by action of its Plan Administration, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2012:

Net assets available for benefits per the financial statements	$ 7,624,260

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Gigamon LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan that was established in 2006 by Gigamon LLC (the "Company") to provide benefits to eligible employees, as defined in the Plan document. In 2013, the Company changed its name to Gigamon Inc. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration
The Company has appointed a Plan Administrator to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company ("Fidelity") to act as the custodian and a third-party administrator affiliated with Fidelity to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

Eligibility
Employees of the Employer are eligible to participate in the Plan the first day of the month following hire.

Participant Contributions
Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions
The Employer provides non-elective safe harbor contributions equal to 3% of eligible participant's compensation for each plan year and may provide discretionary contributions on the participant's deferral contributions. All Employer contributions are invested in the same manner that the participant directs his or her investments. For the year ended December 31, 2012, the Employer made non-elective safe harbor contributions of $915,696.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting
Participants are immediately vested in their contributions and non-elective safe harbor employer contributions. The participants are fully vested in their discretionary employer matching contributions after four years of service.

Participant Accounts
Each participant's account is credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution, if any.

Payment of Benefits
Upon termination, the participants or beneficiaries may elect to leave their account balances in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's interest in his or her account. The Plan allows for the automatic distribution of participant account balances that do not exceed $1,000.

Notes Receivable from Participants
The Plan allows participants to borrow up to the lesser of $50,000 or 50% of their account balance. The notes are secured by the participant's balance. Such notes bear interest at available market financing rates and must be repaid to the Plan within a five year period, unless the note is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes are established by the Company. Outstanding notes receivable at December 31, 2012 carry interest rates of 9.25%.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates
The preparation of financial statements in conformity with accounting principles, generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)
Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events
The Plan has evaluated subsequent events through October 14, 2013, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements
In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS* ("ASU 2011-04"). ASU 2011-04 amended Accounting Standards Codification Topic No. 820, *Fair Value Measurements and Disclosures* ("ASC 820"), to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards ("IFRSs"). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The adoption of these rules did not have a material effect on the Plan's financial statements.

In October 2012, the FASB issued Accounting Standards Update 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The adoption of this update is not expected to have a material impact on subsequent periods.

NOTE 3 – CERTIFIED INFORMATION

The following is a summary of the plan's asset information as of December 31, 2012, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2012	2011
Money market	$ 449,731	$ 179,642
Mutual funds	6,659,347	3,419,498
Notes receivable from participants	75,681	65,147

The trustee also certified the completeness and accuracy of $514,216 of net appreciation in fair value of investments for the year ended December 31, 2012. The net appreciation is entirely attributable to the mutual funds.

The trustee also certified the completeness and accuracy of $98,676 of dividends and interest income related to the aforementioned assets for the year ended December 31, 2012.

The following table presents the fair values of investment funds that include 5% or more of the Plan's net assets at December 31, 2012:

FID Freedom 2025	1,003,672
FID Freedom 2035	958,723

NOTE 3 – CERTIFIED INFORMATION (Continued)

The following table presents the fair values of investment funds that include 5% or more of the Plan's net assets at December 31, 2011:

	2011
FID Leverged Co STK	$ 324,876
FID Freedom 2020	217,156
FID Freedom 2030	295,408
FID Freedom 2015	312,027
FID Freedom 2040	199,268
FID Freedom 2025	435,122
FID Freedom 2035	318,207

NOTE 4 – FAIR VALUE MEASUREMENT

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest-bearing cash: Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held in the Plan are open-end mutual funds that are registered. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012:

	Assets at Fair Value as of December 31, 2012

NOTE 5 – TAX STATUS

Income Taxes

Effective June 2009, the Plan adopted a non-standardized form of a volume submitter plan sponsored by Fidelity. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE 6 – ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that is more likely than not would be sustained upon examination. The Plan's management has not identified any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments and notes receivable from participants and the related interest income are managed and held by an affiliate of Fidelity, the trustee and custodian and therefore, these transactions qualify as "party-in-interest" transactions permitted by the DOL Rules and Regulations. The Employer is also a party-in-interest with respect to the Plan.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 9 – NON EXEMPT TRANSACTIONS

During 2012, the Plan Sponsor failed to deposit $6,639 of participant deferrals within the required timeframe as stated by the United States Department of Labor's regulations. The Company and Plan Sponsor deposited the contributions with the Plan trustee before the end of 2012. In 2013, the Company is going to enter into the VFCP to fully correct the error.

NOTE 10 – PLAN TERMINATION OR MODIFICATION

Although it has not expressed any intent to do so, the Employer, by action of its Plan Administration, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2012:

Net assets available for benefits per the financial statements	$ 7,624,260
Adjustment for employer's contribution receivable	(439,501)
Net assets available for benefits per the Form 5500	**$ 7,184,759**

The following is a reconciliation of the affected components of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2012:
