Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012 that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplement schedule referred to above.

The financial statements of *ICL 401(k) Plan for Specified Employees* as of and for the year ended December 31, 2011, were audited by other auditors whose report dated October 9, 2012, disclaimed an opinion on those statements based on the Plan Administrator's instructions not to perform any procedures related to information certified by Fidelity Management Trust Company, the trustee of the Plan, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES

ICL 401(k) PLAN FOR SPECIFIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN

The following description of the *ICL 401(k) Plan for Specified Employees* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was adopted on July 1, 2010 and last amended January 1, 2012, by Clearon Corporation, covers employees working more than twenty-four hours per week (only salaried hired before 12/1/2005 and all Union employees), except temporary, seasonal, co-op and intern workers. Temporary and seasonal employees are eligible to participate after working 1,000 hours within a calendar year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants may defer up to an annual maximum of the lesser of 60% of eligible compensation or \$17,000 for the years ended December 31, 2012 and 2011. The total of employee and employer contributions for a given year cannot exceed the lesser of \$50,000 or 60% of the employee's annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employees can rollover any balance from a qualified retirement plan from another employer to this Plan. Such rollover contributions are kept in a separate rollover contribution account established on the employee's behalf. Participants direct the investment of their contributions into various investment options offered by the Plan. The employee will have a 100% vested interest in all amounts credited to the rollover contribution account. Participants may also make after-tax contributions.

The Plan Sponsor may make matching contributions equal to 60 percent (40 percent prior to January 1, 2012) of the participant's first 5 percent contributed to the Plan. For the year ended December 31, 2012, the Plan Sponsor made matching contributions totaling \$137,151.

The Plan Sponsor may make discretionary matching contributions which total 3% of each participant's eligible compensation, if the employee was hired after 12/1/2005. For the year ended December 31, 2012, the Plan Sponsor made discretionary matching contributions totaling \$39,831.

Participant Accounts

Each participant account is credited with participant contributions and employer contributions, if any, and an allocation of the Plan's earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of continuous service. Participants become fully vested in their employer contributions plus actual earnings thereon after five years of credited service.

ICL 401(k) PLAN FOR SPECIFIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Loans

Loans to participants are reported at their unpaid principal balance plus any accrued interest. Loans are made in any amount greater than \$1,000, but less than 50% of the participant's vested account balance. In no event can the participant borrow more than \$50,000. Loan transactions are treated as transfers from the investment funds to the participant loan accounts. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Interest rates range from 4.25% to 10.25% during 2012 and 2011. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

The Plan provides for retirement benefits to begin upon retirement. Retirement age for the Plan is 65. Upon death or disability of a participant while employed, the account balance becomes fully vested.

Upon termination of service, if the distribution amount is more than \$1,000 and less than \$5,000, the distribution will be automatically rolled over by the Plan to an IRA with Fidelity as soon as administratively feasible. If the amount of the distribution is \$1,000 or less, participants will receive a lump-sum distribution.

Participants with account balances exceeding \$5,000 will have their funds maintained in the Plan until a written request is submitted to the Plan Sponsor for payment. Participants must begin taking required minimum distributions at age 70½.

Investment Options

Upon enrollment in the Plan, participants may direct contributions to any of the applicable investment options available to Plan participants.

Forfeitures

Participants who terminate their employment and are less than 100% vested in their employer account will forfeit their non-vested portion. The Plan Sponsor may use these funds to reduce their contributions to the Plan. For the years ended December 31, 2012 and 2011, \$31,154 and \$5,722 of forfeitures were used to reduce employer contributions, respectively. The forfeiture balance was \$20,527 and \$6,955 at December 31, 2012 and 2011, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan follows the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses of the Plan are paid by both the Plan Sponsor and the participants of the Plan.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ICL 401(k) PLAN FOR SPECIFIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

Level II – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: The Managed Income Portfolio Fund is a common/collective trust valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issue (see Note 5). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

NOTE 4 INVESTMENTS AND CONCENTRATION OF CREDIT RISK

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2012 and 2011, respectively:

	<u>2012</u>	<u>2011</u>
Fidelity Managed Income Portfolio	\$ 3,941,354	\$ 4,629,114
Fidelity Freedom K 2015	2,461,590	2,397,889
Fidelity Freedom K 2020	1,466,365	2,017,463
Pimco Total Return Instl	1,157,063	872,276

In aggregate, investments in the following securities represent 10% or more of the Plan's net assets for the years ended December 31, 2012 and 2011: Fidelity Advisors.

NOTE 5 CONTRACT WITH INSURANCE COMPANIES AND COMMON/COLLECTIVE TRUST

As of December 31, 2012 and 2011, the Plan was invested in a fully benefit-responsive investment contract with Fidelity Management Trust Company. Fidelity Management Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The contract is included in the financial statements at fair market value, as reported to the Plan by Fidelity Management Trust Company, for the years ended December 31, 2012 and 2011 with an adjustment to fair value totaling \$112,791 and \$114,172, respectively. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

The contract spot yield (credit to participants) was 1.05% and 1.39% for 2012 and 2011. The market value spot yield (underlying investment return) was 1.70% and 1.92% for 2012 and 2011.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Fidelity Management Trust Company. The Company believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE 6 TAX STATUS

The Plan is designed to be a qualified trust under Section 401(a) of the Internal Revenue Code ("IRC") which provides that a qualified trust is exempt from federal income taxes. The Plan is required to operate in accordance with the Plan document and the applicable federal laws in order to maintain its qualification. The Plan obtained its latest determination letter on March 31, 2008, based on a prototype plan document used by the Plan Administrator, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

ICL 401(k) PLAN FOR SPECIFIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS

NOTE 6 TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 7 INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and additional information was obtained from data that has been prepared and certified to be complete and accurate by Fidelity as of December 31, 2012 and 2011.

NOTE 8 RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. The Plan adopted Fidelity as the custodian in November 2009. Therefore, these transactions qualify as party-in-interest transactions. The fees paid by the Plan for the investment management services are netted with the investment income (loss) on each investment option of the Plan for the year ended December 31, 2012.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
