NHR Newco Holdings LLC 401(k) Plan
Notes to Financial Statements
December 31, 2012 and 2011

1. PLAN DESCRIPTION

The following description of the NHR Newco Holdings LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

NHR Newco Holdings LLC 401(k) Plan is a defined contribution plan covering all non-leased, United States (U.S.) resident employees of NHR Newco Holdings LLC and its wholly owned subsidiaries, Network Hardware Resale, LLC and Network Hardware Services, LLC, (collectively, the Company) who have attained the age of 21, have completed three months of service, and perform services in offices located in the U.S. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan

Pursuant to a services agreement, Fidelity Management Trust Company, the trustee of the Plan, executes most of the day-to-day activities of administration of the Plan.

Contributions

Each year, participants may contribute up to 60% of pre-tax annual compensation, as defined in the Plan, subject to the annual limitation imposed by the Internal Revenue Code (IRC), which was \$17,000 for 2012. Under IRC regulations, participants who have obtained age 50 before the end of the Plan year are eligible to make additional catch-up contributions of up to \$5,500. Participants may change their contribution rates monthly or suspend them at any time. Participants may elect to contribute up to 100% of pre-tax bonus compensation as defined in the Plan.

Participants may direct contributions to a selection of registered investment companies offered under the Plan's investment contract. Participants may change their investment choices daily.

The Company can make discretionary and/or matching contributions to the Plan. The Company's matching percentage and maximum amount are determined annually, prior to the beginning of each Plan year, and may be changed at any time. Company matching contributions for 2012 were equal to up to 5% of the participant's compensation up to a maximum of \$2,500. Participants who have completed at least six months of service and have obtained the age of 21 as defined by the Plan are eligible for the employer match. The Company made matching contributions of \$290,822 during the Plan year ended December 31, 2012.

1. PLAN DESCRIPTION (Cont.)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) the Plan's net earnings or losses. Allocations of the Company's contributions are based on the investment percentages to which the participants choose to allocate their contributions. Allocations of the Plans' earnings are based on the investments' earnings and the percentage of the funds the participants choose to hold.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions plus actual earnings thereon is based on years of service. A participant becomes vested in the Employer's contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Years of service include all years the participant has worked for the Employer, regardless of the participant's date of enrollment in the Plan. Years of service for participants with breaks in service are adjusted for the years of breaks in service.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to 10 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate which is determined at the date of issuance. Plan participant loans at December 31, 2012 have a rate of 3.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator for loans with like circumstances. Principal and interest are paid through payroll deduction or by payment to the Company. A loan becomes immediately due and payable upon a participant's termination from employment or death.

1. PLAN DESCRIPTION (Cont.)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a fixed period. At December 31, 2012, all participants who elected to withdraw from the Plan and requested a distribution of their account had received a distribution from the Plan. Account balances of continuing plan participants at December 31, 2012 were \$12,679,957.

Forfeitures

Forfeitures are available to reduce Company contributions to the Plan. Total forfeitures for the year ended December 31, 2012 were \$20,820. Forfeitures of \$20,820 were used to reduce the Company contributions during the year ended December 31, 2012. Unallocated forfeitures were \$22 at December 31, 2012 and 2011, respectively.

Administrative Expenses

Administrative expenses, other than loan processing fees, check fees and asset charges are paid by the Company on behalf of the Plan. Plan administrative expenses paid by the Company for 2012 plan year were \$13,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates and Basis of Accounting

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator and management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are traded on a national securities exchange are stated at fair value on the basis of the closing quoted price on the last trading day of the year. Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. The net appreciation or depreciation in the fair value of investments is reflected in the statement of changes in net assets available for Plan benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 – Quoted prices in markets that are not considered to be active or financial instruments or which all significant inputs are observable, either directly or indirectly;
- Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Investment Risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provisions as well as those of ERISA and the participants' investment preference dictate the Plan's concentration of credit risk and market risk.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions to participants.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through October 11, 2013, the date that the financial statements were available to be issued.

The trustee's certification applies to all Plan assets, except for employer contributions receivable. Total net investment gain and interest income on notes receivable from participants as certified by the trustee for the year ended December 31, 2012 was \$1,477,498.

6. PLAN TERMINATION

Although the intention of the Company is to continue the Plan indefinitely, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

7. INCOME TAX STATUS

The Plan obtained an opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statement.

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for tax years prior to 2009.
