INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Semersky Enterprises 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Semersky Enterprises 401(k) Plan which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the supplementary schedules of assets held for investment and delinquent participant contributions as of December 31, 2012 on pages 15 and 16.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which

was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedules of Assets Held for Investment Purposes and Delinquent Participant Contributions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN:

The following description of the Semersky Enterprises (Semersky) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all Semersky employees who have completed one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible employees may begin participation the first day of the calendar quarter following the date they become eligible.

2. Contributions. Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan, up to $17,000 in 2012. Participants over 50 years of age may elect to contribute up to an additional $5,500 in 2012. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Semersky may choose to contribute a discretionary percentage of each participant's elective deferral contributions and may also make additional discretionary contributions. There were no employer contributions in 2012. Effective with an amendment on March 15, 2008, eligible employees who do not make an election to forgo participation in the Plan are deemed to elect to contribute 3% of eligible compensation. For 2012 excess contributions of $6,948 were made by certain highly compensated employees. These excess contributions will be corrected in 2013.

3. Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) employer contributions, and (b) Plan earnings, and are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Semersky's matching and discretionary contribution portion, if any, of their accounts plus actual earnings thereon is based on continuous years of service. A participant is 100 percent vested after four years of credited service. As of December 31, 2012, Semersky has not made any contributions since the Plan's inception.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN: (continued)

5. Investment Options. Upon enrollment in the Plan, a participant may direct employee contributions in a variety of investment options with differing investment strategies. Participants may change their investment options at any time.

6. Notes Receivable from Participants. Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

7. Payment of Benefits. Upon termination of service, a participant will, as soon as possible, receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if that value is less than $5,000. If the value exceeds $5,000, the participant must consent to the distribution.

8. Forfeited Accounts. Forfeited nonvested accounts may first be used to reduce Plan expenses and any remaining forfeitures will reduce future employer contributions. There were no forfeited nonvested accounts in 2012.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting:
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES: (continued)

Investment Valuation and Income Recognition:
The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The Stable Value Investment Contract is valued at contract value, as it holds investments in fully benefit-responsive investment contracts, representing the amounts participants would receive if they initiate certain permitted transactions under the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants:
Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the loan is deemed to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits:
Benefits are recorded when paid.

Expenses:
Semersky absorbs the significant administrative expenses of the Plan.

Subsequent Events:
Management has evaluated subsequent events through October 7, 2013, the date the financial statements were available to be issued, and identified no such events requiring disclosure.

NOTE 3 - FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provided a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

1. Level 1 inputs consist of unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access. Inputs to the valuation methodology include (a) quoted market prices for similar assets in active markets and, (b) quoted prices for identical or similar assets in inactive markets.

NOTE 3 - FAIR VALUE MEASUREMENTS: (continued)

2. Level 2 inputs include other observable inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for the full term of the asset.

3. Level 3 inputs are unobservable and significant to the fair value measurement. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The Stable Value Investment Contract is a common/collective trust and is valued at contract value, as determined by the manager of the trust.

The following table provides further details of the fair value measurements.

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)
December 31, 2012			
Mutual funds	$1,908,303	$1,908,303	$ 0
Stable Value Investment Contract	50,740	0	50,740
Total	$1,959,043	$1,908,303	$ 50,740

Stable Value Investment Contract	45,283	0	45,283
Total	$1,567,267	$1,521,984	$ 45,283

NOTE 3 - FAIR VALUE MEASUREMENTS: (continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2012 are reported in net appreciation in fair value of mutual funds.

NOTE 4 - INVESTMENTS:

The Plan's trustee, Fidelity Management Trust Company (Fidelity), certified that the amounts included as investments at fair value, notes receivable from participants, interest and dividend income, and net appreciation in fair value of mutual funds in the financial statements and accompanying schedule of assets held for investment are complete and accurate.

The following are investments that represent five percent or more of the Plan's net assets:

NOTE 5 - STABLE VALUE INVESTMENT CONTRACT:

The plan has a fully benefit-responsive stable value investment contract with its investment custodian. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the stable value investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value investment contract. The stable value investment contract is presented on the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to

NOTE 5 - STABLE VALUE INVESTMENT CONTRACT: (continued)

the plan by the investment custodian, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was $50,740 and $45,283, respectively. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed periodically for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The stable value investment contract does not permit the investment custodian to terminate the agreement prior to the scheduled maturity date.

The average yields earned by the stable value investment contract are as follows:

Average yields:	**2012**	**2011**
Based on actual earnings	1.69%	1.74%
Based on interest rate credited to participants	1.11%	1.26%

NOTE 6 - PLAN TERMINATION:

Although it has not expressed any intent to do so, Semersky has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

NOTE 7 - TAX STATUS:

The Internal Revenue Service has determined and informed Semersky that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 8 - DELINQUENT CONTRIBUTIONS:

For the year ended December 31, 2008, certain participant contributions were not remitted timely in accordance with Department of Labor guidelines of $10,516. Management is currently in the process of correcting the delinquent contribution.

NOTE 9 - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at lease reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - RELATED PARTY TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the Plan's trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $400 for the year

NOTE 10 - RELATED PARTY TRANSACTIONS: (continued)

ended December 31, 2012.
