1. DESCRIPTION OF PLAN

The following description of The Corporate Source Inc. 401 (K) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Internal Revenue Service Code Section ("Code Section") 401(k) effective January 1, 2000.

The Plan is a defined contribution plan covering all full-time employees of The Corporate Source, Inc. ("Company"), excluding specified classes of employees. Employees are eligible to participate in the Plan with no age or service requirements.

The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Contributions to the Plan are pre-tax salary deferrals. Participants are immediately vested in their contributions plus actual earnings thereon.

Rollover contributions are subject to the terms of the Plan and are fully vested and non-forfeitable.

Employer Contributions

The Company may make matching contributions and non-elective profit sharing contributions. Non-elective profit sharing contributions are based on a Prevailing Wage Contribution equal to the balance of the fringe benefit payment for health and welfare, based on the participant's hourly contribution rate.

For the year December 31, 2012 the Company made non-elective profit sharing contributions of $314,589 to the Plan.

Forfeitures

The Company uses forfeited amounts to reduce Plan expenses. Any forfeitures left after paying expenses are used to reduce future employer contributions. At December 31, 2012 and 2011, there were no forfeited nonvested accounts.

Participant Accounts

Each participant's individual account is credited with (a) the participant's contribution, (b) an allocation of the Company's contribution, and (c) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in both their contributions and employer contributions, plus rollovers and actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a specified limit of their vested account balance. Notes receivable from participants are collateralized by the balance in the participant's account. The interest rate on outstanding loans is between 3.25% and 9.25%. Loan payments are made through payroll deductions.

Payment of Benefits

Benefits are recorded when paid. On termination of service due to death, disability or termination, a participant may request that the vested portion of his or her account be paid in one of the following forms of payment: 1) a lump sum; or 2) in installment payments over a period of time. Normal retirement age is 59 and 1/2 under the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship Withdrawals

A participant may request hardship withdrawal under certain conditions as specified in the Plan. Hardship withdrawals must be approved by the Plan administrator.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Standards Codification

The Financial Accounting Standards Board ("FASB") issued FASB Statement No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles*, effective for periods ending after September 15, 2009. This Statement establishes the FASB Accounting Standards Codification ("ASC") as the single source of authoritative United States generally accepted accounting and reporting standards for nongovernmental entities and these financial statements are referenced accordingly.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent loans are paid out as deemed distributions based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets.

Investments	2012	2011
Cash Reserves N	$ 520,745	$ 558,414
Port. Conservative Investor Fund N	361,647	*
Core Bond Fund N	182,862	159,996
Global Fund N	158,870	123,875
Rising Dividend Fund C	158,101	123,875
U.S. Government Trust N	157,259	152,831

* Indicates that the fund was not over 5% of the Plan's net assets in the specified year

During 2012 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) resulted in an increase in value by $125,593 all of which was from mutual funds.

4. INFORMATION PREPARED AND CERTIFIED BY PLAN'S TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2012 and 2011 was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustee, Ascensus, as agent for Frontier Trust Company.

	2012	2011
Investments, at fair value:	$ 2,144,044	$ 1,727,985
Net change in fair value of investments	125,593	(33,685)
Participant loans	195,099	129,754
Interest and dividends	37,186	38,228

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted market prices in inactive markets or quoted prices for similar assets in active markets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are not used.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements
The fair value of trust accounts is based the cash value of funds temporarily held by the trust company.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

December 31, 2012	Level 1	Level 2	Level 3	Total

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2012, are reported in net change in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan has not been submitted to the IRS for a determination letter. The Plan is on a prototype non-standardized profit sharing plan with CODA and is relying on a letter received by its former consultant dated March 31, 2008 that the Internal Revenue Service has determined that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. PARTY-IN-INTEREST TRANSACTIONS

Ascensus is the trustee of the Plan and therefore certain transactions qualify as party-in-interest transactions. Investment fees of $16,862 were paid to Ascensus from the Plan during the year ended December 31, 2012. Administrative expenses of the Plan are the responsibility of the Company.

10. SUBSEQUENT EVENTS

In preparing the accompanying financial statements, the Plan has reviewed events that have occurred after December 31, 2012, through the date of issuance of these financial statements on October 10, 2013.
