BILINGUALS, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2012

NOTE A – DESCRIPTION OF PLAN

The following description of Bilinguals, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Bilinguals, Inc. (the "Company"). Employees become eligible to participate and contribute to the Plan upon completing three months of service and attaining the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Change in Trustee

Effective July 15, 2012, Frontier Trust Company ("Frontier") became the Plan's trustee and custodian. Investments in funds managed by Hartford Life Insurance Company ("Hartford") prior to July 15, 2012 were transferred to funds managed by Frontier on the conversion date.

Contributions

Participants may contribute from 0% to 100% of their compensation for the contribution period subject to a maximum dollar amount of $17,000 in 2012. Additionally, each participant who is eligible to make a contribution and who has attained the age of 50 is eligible to make catch-up contributions in accordance with, and subject to, the limitations of Section 414(v). The Company may make discretionary contributions at amounts to be determined annually by the Company.

Participant contributions are recorded in the period during which the Company makes payroll deductions for the participants' earnings. Employer contributions, if any, are recorded for the year to which the contribution applies. For the plan year ended December 31, 2012, the Company matched 10% of each dollar contributed by participants up to a maximum of 15% of eligible pay.

Rollover Contributions

Participants are allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participants' direction and the plan provisions.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer contributions, if any, and an allocation of net plan earnings. Participants' accounts are invested in available investment options in accordance with the participants' direction and the plan provisions. The benefit a participant is entitled to is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions, qualified rollovers and earnings. Vesting in Company contributions to the Plan plus earnings thereon is based on years of continuous service. A participant is vested evenly at 20 percent increments over a five-year period beginning after two years of employment.

Investment Options

Participants decide how their accounts are to be invested by choosing among the investment funds made available by the Trustee of the Plan.

Payment of Benefits

The normal retirement date is the first day of the month preceding the date on which the employee attains age 65. Upon eligibility for retirement or when any participant becomes totally and permanently disabled, as defined in the Plan, the participant is entitled to receive payment of the value of his or her account, as determined, as soon as practicable. Upon the death of a participant, 100% of the value of the participant's account determined as of the allocation date following his or her death, is payable to the beneficiary in a lump-sum amount, an annuity payment, or installment payments as defined in the Plan.

Forfeited Accounts

Participants who terminate employment before they vest will forfeit their interest in their employer contribution accounts. These accounts will be held in the Plan for use by the Company to meet any obligations with respect to employer contributions.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Hardship Withdrawals

A participant may request a withdrawal from their accounts in the event of financial hardship. Hardship withdrawals by Plan participants may be made upon written request to, and upon approval of, the Plan Trustees. If approved, the distribution can be made out of the salary deferral account of the participant and shall be limited to the lesser of 100% of the amount of the contributions of such account or the amount necessary to satisfy the immediate and heavy financial need of the participant, as defined. Salary deferral contributions of participants who obtain a hardship withdrawal will be suspended for six months after the hardship withdrawal.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by balances in the participants' account and bear interest at prime plus 1%. Principal and interest are paid ratably through monthly payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments were maintained in pooled separate accounts and within a group annuity contract. The investments in pooled separate accounts were valued at the asset value of the underlying investments based on quoted market prices. Participant loans were valued at the outstanding loan balance.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation/depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation/depreciation of those investments. Purchases and sales of securities are recorded as of the trade date. Interest income is accrued as earned and dividend income is recorded as of the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefit Payments

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. The Company manages the Plan's credit risk by offering participants diversified investment options.

NOTE C – INVESTMENTS

Participants directed investments, held in a trust by Frontier Trust Company, are combined with the investment portfolios of defined contribution plans of other companies. Interest and dividend income are allocated to the various plans included in the trust on a monthly basis, based on the ratio of each plan's fair value to total trust fair value. Participants may change their investment options daily.

The following presents investments that represent 5% or more of the Plan's assets at December 31, 2012 and 2011:

	2012	2011
Alger Capital Appreciation Fund	$ -	$ 253,835

During the year ended December 31, 2012, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $351,907.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds - Valued at quoted market prices as reported on the active market on which the individual funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2012:

	Assets at Fair Value as of December 31, 2012

NOTE E - INFORMATION CERTIFIED BY THE TRUSTEE

As permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Trustee has provided the Plan Administrator with certification as to the accuracy and completeness of the fair value of Plan investments at December 31, 2012 and the related interest income, dividends and net depreciation in the fair value of investments for the year ended December 31, 2012, as presented in the accompanying financial statements and Schedule H, Line 4i -- Schedule of Assets (Held at End of Year).

NOTE F – INCOME TAX STATUS

The Company adopted a volume submitter plan in July 2012, intended to meet the form requirements of Internal Revenue Code Section 401(a). The employer has not applied for a favorable determination letter and relies on the volume submitter opinion letter approved by the Internal Revenue Service. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G – PARTY-IN-INTERST TRANSACTIONS

Certain Plan investments are managed by Frontier Trust Company. Frontier Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.
