API HEALTHCARE CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2012 through September 25, 2013, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - API Healthcare Corporation is the plan sponsor/employer and the plan administrator. PPG Retirement Plan Services Ltd. is the third party administrator and performs various compliance tests as tax counsel. John Hancock Life Insurance Company (U.S.A.) ("John Hancock") is the investment agent that maintains investment and participant records and is the custodian of plan assets. Wells Fargo is the plan's investment advisor. Two API Healthcare Corporation executives are the plan trustees.

Investments - An investment committee at the plan sponsor/employer determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Participants should refer to the investment account summaries and prospectuses for more information.

At the end of each business day, John Hancock determines the fair value of the investments held in its separate accounts and allocates the fair value to the participants (see Note 6). The net appreciation (depreciation) in the fair values of the John Hancock separate accounts, including investments bought, sold or held during the years, is reflected in the accompanying statements of changes in net assets available for benefits.

The John Hancock separate accounts include investments in the John Hancock Stable Value Fund. Utilizing information provided by the plan agent, the plan administrator determined the John Hancock Stable Value Fund is not a fully benefit-responsive investment contract as defined under accounting principles generally accepted in the United States of America. As such, this investment is reported at fair value as certified by the plan agent.

The following presents investments that represent 5% or more of the plan's net assets as of December 31.

	2012	2011
Lifestyle Fund - Balanced Portfolio	\$4,071,607	\$2,120,035
Lifestyle Fund - Growth Portfolio	4,668,741	3,519,274
Lifestyle Fund - Aggressive Portfolio	2,371,006	1,935,401
Lifestyle Fund - Moderate Portfolio	**	642,150

** Under 5% of net assets

Fair value measurements - Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The John Hancock separate accounts are valued based on the plan's pro rata ownership of the underlying assets held in John Hancock separate accounts as certified by the plan agent.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2012 and 2011 as set forth below.

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was adopted effective August 1, 1993 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

In 2012, the employer acquired Concerro, Inc. and also hired certain former Concerro, Inc. employees. Service time with Concerro, Inc. is treated as service time with the employer for eligibility and vesting purposes. Upon meeting the plan's eligibility requirements, the Concerro, Inc. employees hired by the employer are also eligible to rollover their Concerro, Inc. plan balances into the plan.

Eligibility - Employees are eligible once they have completed one hour of service and have reached age twenty-one. An employee will be deemed a participant and allowed to enter the plan on the first day of the month immediately following the date the plan's eligibility requirements are met.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contribution). The plan also permits Roth elective deferrals.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. A safe harbor matching contribution is made by the employer equal to 100% of the first 3% of base compensation and 50% of the next 2% of compensation that a participant contributes to the plan. The contributions are made in conjunction with each pay period.
- d. Additional employer matching and non-matching contributions may be made at the employer's discretion. There were no such discretionary contributions made in 2012 or 2011.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of the employer's contributions. Participants are allowed to change their investment options on a daily basis.

Vesting - Participants are always 100% vested in their elective deferral contributions, rollover contributions, safe harbor employer matching contributions and related earnings. Participants begin vesting in employer matching and non-matching contributions and related earnings upon two full years of service, at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement participants become 100% vested.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age. Distributions may be in the form of a single lump sum or installment payments. In addition, hardship withdrawals are permitted under the plan in certain circumstances. In-service withdrawals can commence upon attaining the age of 55.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer.

Forfeitures - Forfeited non-vested amounts, which are held in the cash account, are used to reduce the amount of the employer's contributions. Forfeitures used to reduce employer contributions were \$3,000 in 2012 and \$26,000 in 2011. There were no unapplied forfeitures as of December 31, 2012. Unapplied forfeitures were \$3,000 as of December 31, 2011.

Notes receivable from participants - Participants can take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or \$50,000. Participants may not have more than one loan outstanding at any given time. The repayment term generally cannot exceed five years except when the loan is for the purchase of a principal residence. As of December 31, 2012, the notes receivable from participants had various repayment schedules through March 2022 and interest at 4.25%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. RELATED PARTY TRANSACTIONS

The plan investments are managed by John Hancock. John Hancock is the investment agent as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Investment management fees paid to John Hancock were \$31,000 in 2012 and 2011.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

5. INCOME TAX STATUS

The plan adopted the PPG Retirement Plan Services prototype non-standardized profit sharing plan with CODA. The prototype plan received its most recent favorable opinion letter on October 29, 2008 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. As a result, the plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. The plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

6. INFORMATION CERTIFIED BY THE AGENT

John Hancock serves as agent for the plan and, in that capacity, holds substantially all of the plan's investment assets and executes transactions in those assets. The agent has certified certain information as set forth below to be complete and accurate.

- a. Investments held by the agent for the plan and the fair values of such as of December 31, 2012 and 2011;
- b. Net appreciation (depreciation) in fair values of investments during 2012 and 2011;
- c. Purchases and sales of investments during 2012 and 2011;
- d. Contributions to, withdrawals from, purchases, sales and inter-fund transfers between accounts during 2012 and 2011; and
- e. Individual participant account statements (which include beginning account balances, contributions, net investment income (loss), withdrawals, transfers and ending account balances) during 2012 and 2011.

Since the investment agent certified the above investment information, Department of Labor regulations allow these investments and related activity to be excluded from the scope of the independent auditors' auditing procedures. All noninvestment activity for the plan, including contributions, benefit payments and participant account activity, has been subject to the independent auditors' auditing procedures. See the independent auditors' report.
