Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hemphill Construction 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

(Continued)

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules on pages 13 and 14, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. Description of the Plan

The following description of the Hemphill Construction 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General. The Plan is a defined contribution plan covering all full-time employees of Hemphill Construction Company, Inc., Suncoast Infrastructure, Inc., and Maintenance Systems, Inc. (collectively referred to as the Company) who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions. Each year, participants may contribute an elected amount of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts, an insurance investment contract and a stable value collective trust fund as investment options for participants. The Company contributes 50% of the first 4% of compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations. All eligible employees are automatically enrolled as Plan participants unless an employee declines participation in writing. Automatically enrolled participants have 4% of their compensation withheld as contributions to the Plan. In addition, the Plan allows participants to select a Roth account option for their elective deferral contributions.

c. Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(Continued)

NOTE 1. Description of the Plan – Continued

d. Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is graduated based on years of continuous service, and a participant is 100% vested after six years of credited service.

e. Payment of Benefits. Upon retirement, termination of service, death or disability, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account balance or periodic installments over a period of time not to exceed his or her life expectancy and the life expectancy of his or her designated beneficiary. In addition, withdrawals are allowed upon attainment of age 59 ½ or upon a serious financial hardship that meets specified criteria.

f. Excess Contributions. Benefits paid to participants for 2012 include payments totaling $36,636 to refund excess contributions to participants in order to satisfy the relevant nondiscrimination provisions of the Plan.

g. Forfeited Accounts. At December 31, 2011, forfeited nonvested accounts totaled $1,976. These accounts were used to reduce 2012 employer contributions or pay Plan administrative expenses.

h. Plan Termination. Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

i. Income Taxes

The Plan is a prototype plan developed by Principal Life Insurance Company. The prototype plan obtained its latest determination letter on Mach 31, 2008, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

The Plan files an annual form 5500 information return with the U.S. Department of Labor. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

(Continued)

NOTE 2. Summary of Significant Accounting Policies

a. Basis of Accounting. The financial statements of the plan are prepared using the accrual method of accounting.

b. Estimates. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

c. Investments. Investments are reported at fair value. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts (including the collective trust fund, which contains investment contracts), as well as the adjustment of the fully benefit-responsible investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

d. Realized Gain/Loss. Cost of securities sold is determined on a specific identification basis. Realized gains and losses are included in net appreciation (depreciation) in fair value of investments.

e. Administrative Costs. Certain administrative expenses of the plan may be paid by the Company and, if so, are not included in these financial statements.

f. Payment of Benefits. Benefit distributions to participants are recorded when paid. Refunds of excess contributions are accrued in the year that the excess contributions were made by the participants.

(Continued)

NOTE 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Total Fair Value	Fair Value Measurements Using: Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2012			
Pooled separate accounts	$3,206,105	$2,556,034	$ 650,071
Collective trust fund	852,655	-	852,655
Guaranteed investment contracts	76,148	-	76,148
Total	$4,134,908	$2,556,034	$1,578,874
December 31, 2011			
Pooled separate accounts	$3,352,584	$2,752,573	$ 600,011
Guaranteed investment contracts	83,324	-	83,324
Total	$3,435,908	$2,752,573	$ 683,335

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value primarily using Level 2 inputs. Level 3 inputs are used when Level 2 inputs are not available.

Level 2 Fair Value Measurements

The fair value of pooled separate accounts with an insurance company, which are primarily invested in mutual funds or securities that have observable level 1 or 2 pricing inputs, are based on the net asset value of these accounts. Although the underlying assets may have quoted prices, the net asset values of separate accounts are not publicly quoted.

(Continued)

NOTE 3. Fair Value Measurements – Continued

Level 3 Fair Value Measurements

Guaranteed investment contracts with an insurance company are not actively traded and significant other observable inputs are not available. These guaranteed investment contracts provide for contract value upon distribution; however, there may be market value adjustments when funds are withdrawn prior to their maturity. The fair value of these guaranteed investment contracts is determined in a valuation process which discounts the related cash flows based on current yields of similar instruments with comparable durations. A pooled separate account with an insurance company, which is invested in commercial real estate and includes mortgage loans backed by the associated properties, is not actively traded and significant other observable inputs are not available. The fair value of this pooled separate account is determined by valuations using property appraisals, occupancy levels, lease rates, market conditions and other factors. Principal Stable Value Fund is a collective investment trust fund operated by certain wholly-owned subsidiaries of Principal Financial Group that invests primarily in investment contracts issued by banks, insurance companies, or other issuers and attempts to maintain principal stability. The investment contracts held by the trust fund are not actively traded and significant other observable inputs are not available. The fair value of the investment contracts is determined by discounting the related cash flows based on current yields of similar instruments having comparable durations. The following table provides further details of the Level 3 fair value measurements.

	Pooled Separate Accounts	Collective Trust Fund	Guaranteed Investment Contracts	Total
Beginning balance, December 31, 2011	$ 600,011	$ -	$ 83,324	$ 683,335
Interest income	-	-	343	343
Appreciation in fair value of Investment	66,235	25,689	-	91,924
Purchases and sales, net	(13,513)	830,039	(7,166)	809,360
Administrative expense	(2,662)	(3,073)	(353)	(6,088)
Ending balance, December 31, 2012	$ 650,071	$ 852,655	$ 76,148	$1,578,874

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2012 are reported in net appreciation in fair value of investments.

(Continued)

NOTE 4. Investments

The following investments represented 5% or more of the Plan's net assets as of December 31, 2012 and 2011.

	2012	2011
Principal International Small Cap	$ 281,526	$ 203,641
Principal Bond and Mortgage	438,247	468,734
Principal Large Cap Growth II	270,110	196,828
Principal Money Market		975,520
Principal Lifetime 2030	225,126	
Principal U.S. Property	650,071	600,011
Principal Stable Value Fund	852,655	

NOTE 5. Related Party Transactions

Plan investments are units of pooled separate accounts, guaranteed investment contracts and a collective investment trust fund provided by Principal Financial Group, of which the Plan's trustee is a subsidiary. Principal Financial Group also provides administrative services to the Plan. Consequently, these transactions are party-in-interest transactions. Fees paid by the Plan to the trustee for administrative services totaled $16,663 for the year ended December 31, 2012.

NOTE 6. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and all of the information in the supplemental schedule of assets held at end of year was obtained from data that has been prepared and certified as complete and accurate by the trustee of the Plan.

	2012	2011
Investments, at fair value	$4,134,908	$3,435,908
Investment income:		
Interest	343	
Net appreciation in fair value of investments	387,501	
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(19,581)	
Other	3,719	

(Continued)

NOTE 7. Risks and Uncertainties

The Plan invests in various investment securities and contracts, which are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2012 and 2011, per the financial statements to Schedule H of the 2012 Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$4,093,721	$3,379,514
