INDEPENDENT AUDITORS' REPORT

The Board of Directors
ProTransport-1 ITS 401(k) Plan and Trust

We have audited the accompanying statements of net assets available for plan benefits of the ProTransport-1 ITS 401(k) Plan and Trust which comprise the statements of net assets available for plan benefits as of December 31, 2012 and 2011 and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of ProTransport-1 ITS 401(k) Plan and Trust as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters
Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of investments and reportable transactions are presented for purposes of complying with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are not a required part of the basic financial statements. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements
December 31, 2012 and 2011

1. Description of the Plan

The following description of the ProTransport-1 ITS 401(k) Plan and Trust (the Company) 401(K) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement (the Agreement) for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2009 as a defined contribution trust using the DATAIR Mass-Submitter Prototype in accordance with Section 401(k) of the Internal Revenue Code (legally titled the "DATAIR MASS-SUBMITTER PROTOTYPE DEFINED CONTRIBUTION TRUST Basic Plan 01") which provides for an employee salary deferral component and an optional employer matching component. The Plan covers all employees of ProTransport-1 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and, as such, has been amended periodically to comply with changes made to ERISA through December 31, 2012.

Generally, employees are eligible to make contributions to the Plan after they have completed one year of service and are at least 21 years of age. The opportunity to participate in the salary deferral/elective contribution portion of the plan are attainment of age 21 and completion of 6 (six) months of eligibility service. Effective August 10, 2010, hardship distributions of elective and Roth deferrals are permitted from the Plan.

Contributions

Participants may elect to make a basic salary reduction contribution of their compensation in accordance with the provisions and restrictions of the Plan, subject to certain Internal Revenue Service limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans or individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for required Safe Harbor Employer matching contributions (which are 100% vested by participants) and discretionary Employer matching contributions (which are vested over time in accordance with the Agreement) determined annually by the Board of Directors of the Company. For the years ended December 31, 2012 and 2011, the Employer's Safe Harbor contributions amounted to $189,647 and $141,231, respectively. There were no discretionary matching contributions for the years ended December 31, 2012 and 2011.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 50 different mutual fund vehicles and one common/collective trust fund as investment options for participants, all of which are housed at John Hancock.

Participant Accounts

The Plan administrator maintains a separate account for each participant and for each type of contribution. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, net of an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

1. Description of the Plan *(continued)*

Vesting
Participants are 100% vested in their salary reduction contributions at all times, which includes rollover contributions (if any) and actual earnings or losses thereon. Participants become fully vested in employer-matching contributions over a six-year period (20% per year vesting begins at the end of the second year).

Payment of Benefits
On termination of service, or upon death or retirement, a participant (or beneficiary) may elect to receive a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account.

Participant Loans
Under the terms of the Agreement, the Plan does not provide for a loan program for participants or their beneficiaries.

Forfeitures
Forfeitures are created when participants terminate employment before they become 100% vested in all components of their account balances. Forfeitures are held in a common/collective trust fund until they are used to offset employer contributions and/or plan expenses.

Administrative Costs
The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Agreement. Certain administrative functions are performed by employees of the Company. Fees paid by the Plan for administrative services amounted to $5,210 and $7,448 for the years ended December 31, 2012 and 2011, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The Plan's Form 5500 filed with the Internal Revenue Service is also prepared using the accrual basis method.

Investments
The Plan follows the provisions of ASC 958.320, *Investments – Debt and Equity Securities of Not-for-Profit Entities* and has estimated the fair value of its investments using available market information and other valuation methodologies. Investments in equity securities with readily determinable fair values and all investments in mutual funds are reported at fair value with gains and losses included on the Statements of Changes in Net Assets Available for Plan Benefits.

Accordingly, the estimates presented are not necessarily indicative of the amounts that the Plan could realize in a current market exchange. The use of different assumptions and/or estimation methods may have a material effect on the estimated fair value amounts. The estimates are based on pertinent information available to management as of December 31, 2012. Although management is not aware of any factors that would significantly affect the estimated fair value amounts, current estimates of fair value may differ significantly from the statements presented.

2. Summary of Significant Accounting Policies *(continued)*

Income Taxes and Tax Exempt Status

Financial statement presentation follows the recommendations of ASC 740, *Income Taxes*. Under ASC 740, the Plan is required to report information regarding its exposure to various tax positions taken by the Plan and requires a two-step process that separates recognition from measurement. The first step is determining whether a tax position has met the recognition threshold; the second step is measuring a tax position that meets the recognition threshold. Management believes that the Plan has adequately addressed all tax positions and that there are no unrecorded tax liabilities.

The Plan has adopted the Prototype Plan model sponsored by PolyComp Administrative Services, Inc. The prototype plan relies on an opinion letter issued by the Internal Revenue Service as evidence the Plan is qualified under Code Section 401 except to the extent provided in Revenue Procedure 2005-16. The prototype plan, as originally designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is currently structured and being operated in compliance with the applicable requirements of the Internal Revenue Code. Continued acceptance by the IRS is subject to periodic review by the federal authorities and management is confident that the Plan continues to satisfy all federal statutes in order to meet the criteria for qualified plan status.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Accordingly, actual results could differ from those estimates.

3. Investments

Investments consist of funds on deposit in various instruments, principally mutual funds in various pooled accounts at John Hancock and are detailed in Schedule 1 (Schedule of Investments). Estimated cost basis and fair value of investments are as follows at December 31, 2012 and 2011:

	December 31, 2012		December 31, 2011	
Description	Estimated Cost Basis *	Fair Value	Estimated Cost Basis *	Fair Value
John Hancock mutual funds in pooled accounts	$ 1,347,943	1,347,943	956,898	956,898
John Hancock mutual funds in guaranteed interest	39,596	39,596	27,847	27,847
Totals	$ 1,387,539	1,387,539	984,745	984,745

Net investment earnings (losses), including interest, dividends and unrealized gains (losses), amounted to $120,549 and ($40,738) for the years ended December 31, 2012 and 2011, respectively. Estimated rates of return for all investments range from 0.1% per annum to 2.65% per annum.

* Actual estimated cost basis of investments was not available from John Hancock because such assets reside in participant-directed accounts. Management has estimated the cost basis as being equal to (or approximately equal to) the fair value of the investments.

continued

3. Investments *(continued)*

Composition of investments utilizing fair value measurements at December 31, 2012 is as follows:

	Fair Value	Significant Observable Inputs [Level 1]	Significant Other Observable Inputs [Level 2]	Significant Unobserv-able Inputs [Level 3]
John Hancock mutual funds in pooled accounts	$ 1,347,943	-	1,347,943	
John Hancock mutual funds in guaranteed interest	39,596	-	39,596	-
Totals	$ 1,387,539	-	1,387,539	-

Fair value measurements establish a fair value hierarchy that prioritizes the input used to measure fair value. This hierarchy consists of three broad levels: (a) Level 1 measurement reflects the value of the investments at quoted prices in active markets for identical assets, generally without any adjustments, (b) Level 2 assets and liabilities are valued based on "observable inputs" other than quoted active market prices, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, and interest rates and yield curves, and (c) Level 3 assets and liabilities are valued based on "unobservable inputs," such as a company's own estimates and pricing models.

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, all participants will become 100% vested in all components of their accounts.

5. Administrative Expenses

Certain operating expenses of the Plan were absorbed by the Employer during 2012 and 2011. The Employer also performed accounting and other functions for the Plan.

6. Schedule of Reportable Transactions

A reportable transaction includes (a) a single transaction within the plan year in excess of 5% of the current value of the plan assets, (b) any series of transactions with or in conjunction with the same person, involving property other than securities, which amount in the aggregate within the plan year (regardless of the category of asset and the gain or loss on any transaction) to more than 5% of the current value of plan assets, (c) any transaction within the plan year involving securities of the same issue if within the plan year any series of transactions with respect to such securities amount in the aggregate to more than 5% of the current value of the plan assets; and (d) any transaction within the plan year with respect to securities with, or in conjunction with, a person if any prior or subsequent single transaction within the plan year with such person, with respect to securities, exceeds 5% of the current value of plan assets. *(continued)*

Notes to Financial Statements

6. Schedule of Reportable Transactions *(continued)*

The following table provides information regarding investments which represent 5% or more of the Plan's net assets at December 31, 2012:

John Hancock Lifestyle Balanced	$ 158,359
John Hancock Lifestyle Growth	164,230
John Hancock Fidelity Advisor Gold Fund	97,381
John Hancock Retirement Living 2010	114,155
John Hancock Retirement Living 2025	161,000
John Hancock Retirement Living 2030	140,123
John Hancock Retirement Living 2040	109,851
John Hancock Retirement Living 2045	146,704

7. Risks and Uncertainties

The Plan has investments in various mutual funds and a common/collective trust fund. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

8. Schedule of Party-in-Interest Transactions

Certain Plan investments include shares of mutual funds and common/collective trusts managed by John Hancock. John Hancock acts as custodian to the Plan. Therefore, these transactions qualify as party-in-interest transactions. A schedule of party-in-interest transactions has not been presented because there were no transactions which were prohibited by ERISA Section 406, and for which there was not statutory or administrative exemption.

9. Related Party Transactions

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. These expenses are absorbed by the Company. Certain administrative expenses totaling $5,210 and $7,448 for the years ended December 31, 2012 and 2011, respectively, were paid by the Plan.

10. Subsequent Events

In compliance with ASC 855, *Subsequent Events*, the Employer has evaluated subsequent events through October 10, 2013, the date the financial statements were available to be issued, and, in the opinion or management, there are no subsequent events which need to be disclosed.
