A. Description of the Plan

The following Plan description of the Jerry Leigh of California, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- **General.** The Plan is a defined contribution plan, established on January 1, 1998, covering substantially all full-time employees of the Company who have completed three months of service and are aged 21 or older. The following employees are excluded from participation in the Plan: Collective Bargaining (union) employees, as defined in Code §410(b)(3)(A), and, non-resident aliens, as defined in Code §410(b)(3)(C). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

  Employees may enroll in the Plan the first day of the month coinciding with or next following the date they meet the eligibility requirements.

- **Plan Amendments.** Effective May 1, 2011, the Plan Document was amended and restated to comply with regulatory provisions of the Internal Revenue Code.

- **Plan Administration.** The Plan is administered by the administrative committee, who are appointed by the Board of Directors of the Company. The Trustees are officers of the Company.

- **Contributions.** Each year participants may contribute up to 4% of annual compensation up to the statutory limit which was $17,000 and $16,500 for 2012 and 2011 respectively. Compensation is defined as total compensation paid that is subject to income tax. Participants who have attained age 50 by the last day of the Plan year are eligible to make catch-up contributions up to $5,500 for years 2012 and 2011 respectively. In addition, participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

  Upon enrollment, participants may direct the investment of their contributions into any of twenty investment options, which consist of one common collective trust fund, one bond fund, ten target date maturity funds, and eight miscellaneous funds.

  The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatic deferrals are set to 2 percent of eligible compensation and their contributions are invested in a Target fund until changed by the participant. Effective January 1, 2008, the Plan commenced an automatic contribution arrangement for all eligible employees. Upon eligibility, the employee is automatically enrolled at the deferral rate of 2% of compensation unless the employee opts out or elects an alternate deferral percentage. Unless otherwise directed, contributions of a participant who has been automatically enrolled are invested in the default investment alternative, which is the American Funds target date fund commensurate with the participant's normal retirement date.

  The Plan will make a matching contribution equal to 25% of your elective deferrals each payroll period. The Plan will not match elective deferrals in excess of 4% of compensation each payroll period. The Company is also permitted to make an annual discretionary matching contribution at the option of the Company's Board of Directors. Annual profit sharing contributions may be made at the discretion of the Company. In order to receive a profit sharing contribution, an employee must be actively employed on the last day of the Plan Year, and have completed at least 1,000 hours of service during the Plan year. No profit sharing contributions were made for the Plan years ended December 31, 2012 and 2011, respectively,

- **Participant Accounts**. Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and related administrative expenses. Allocations of income and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances

A. Description of the Plan (continued)

- **Vesting**. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contributions and discretionary profit sharing contributions, plus actual earnings thereon, is based on years of continuous service in accordance with the following schedule. Participants earn one year of service upon completion of 1,000 hours of service in the Plan year.

Years of Vesting Service	Percentage
Less than 2 Years	0%
2 Year	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

- **Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, the term may be longer if the loan is used to purchase a primary residence. Participants may only have two loans outstanding at one time. The loans are secured by the balance in the participant's account and interest rates varied between 4.25% to 8.5%. Principal and interest is paid ratably through payroll deductions.

- **Payment of Benefits.** On termination of service due to death, disability, or retirement, a participant may elect to receive his vested account balance in a lump-sum payment. If the vested account balance exceeds $5,000, the participant's consent is required to distribute their account before they reach Normal Retirement. The participant may elect to have their vested account balance distributed as soon as administratively feasible following termination of employment. If the participant terminates employment with a vested account balance exceeding $5,000, they may elect to postpone distribution until Normal Retirement Age (age 65, or their 5 year anniversary of the first day of the Plan Year in which they commenced participation) in the Plan, if later. If the participant's vested account balance does not exceed $5,000, a distribution of the vested account balance will be made to the participant, regardless of whether they consent to receive it. Upon the death of a participant, the account balance will become 100% vested and the beneficiary will receive a lump-sum distribution prior to receiving any benefits, his beneficiary will receive the full account balance in the form of a lump-sum payment.

  Hardship distributions are permitted by the Plan document if the employee satisfies the eligibility criteria.

- **Forfeited Accounts.** Forfeitures represent that part of the participant's account that is not vested. Forfeited non-vested accounts totaled $0 and $1,518 At December 31, 2012 and 2011, respectively. Under the Plan document, forfeitures may be used to reduce the employer match then employer nonelective contributions and reasonable plan expenses. During 2012 and 2011, respectively, $0 and $3,318 of forfeited funds were used to pay administrative expenses of the Plan. During 2012 and 2011, respectively, $10,796 and $8,066 of forfeited funds was used to reduce employer contributions.

B. Summary of Significant Accounting Policies

- **Basis of Accounting.** The financial statements of the Plan are prepared under the accrual method of accounting.

- **Use of Estimates.** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. Summary of Significant Accounting Policies (continued)

- **Investment Valuation and Income Recognition.** The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurement.

  Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

- **Notes Receivable from Participants.** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

- **Payment of Benefits.** Benefits are recorded when paid.

- **Administrative Expenses.** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements because they will not be reimbursed by the Plan. The Plan incurs certain general investment expenses and administrative expenses on an on-going basis which may be paid by the Plan under the Plan document. Participants are charged for transactions they generate such as loan and distribution requests.

The following presents investments that represent 5% or more of the Plan's net assets.

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $522,291.

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. This Plan has no Level 3 investments.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Fair value is measured at the net asset value of shares held by the Plan at year end.

Common collective trust: Fair value is measured at units of participation in the common collective trust. The "NAV" (net asset value), as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities.

D. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

E. Related-Party and Party-in-Interest Transactions

Capital Bank & Trust is the trustee for assets managed by American Funds. FASCore, LLC provides recordkeeping services for the Plan. American Funds is the Investment Custodian. These transactions qualify as Party-in-Interest transactions and are denoted as such on the supplemental Schedule of Assets (Held at End of Year).

F. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

G. Tax Status

The Plan has not requested or received a determination letter from the Internal Revenue Service ("IRS") indicating that the Plan, as designed, is in compliance with the Internal Revenue Code ("IRC"). The Plan adopted the American Funds Distributors, Inc. Defined Contribution Prototype Plan and Trust, which has been reviewed by the IRS. The IRS opined in a letter dated May 1, 2011. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

The Plan administrator believes it is no longer subject to income tax examination for years prior to 2008.

H. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. Information Prepared and Certified by the Plan's Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Capital Bank & Trust, the trustee of the Plan.

	2012	2011

Common collective trust	$ 1,003,377	$ 835,471
Mutual funds	5,696,307	4,674,832
Investment earnings (loss)	522,291	(245,872)
Dividends and interest	177,830	128,527

K. Subsequent Events

As of January 1, 2013 the investment contract with American Funds was terminated and a new contract was signed with The Vanguard Group, Inc. ("Vanguard"). Accordingly, on January 1, 2013, all Plan assets were transferred to Vanguard Group and invested in funds that most closely correlated to the American Funds.

Subsequent events were evaluated though October 14, 2013, which is the date the financial statements were available to be issued.
