NEW AGE INVESTMENTS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

A. Description of Plan

The following description of the New Age Investments 401(k) Plan (the Plan) provides only general information. The Plan was adopted on January 1, 1995 and amended April 1, 2011. The following descriptions reflect the provisions of the amendment. The plan sponsors are New Age Investments, Inc. and affiliated entities. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the company who are at least 21 years of age and have provided one hour of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a specified dollar amount or percentage of their pretax annual compensation, not to exceed the limits of Internal Revenue Code Sections 401(k), 404 and 415, which for the years ended December 2012 and 2011 were $17,000 and $16,500, respectively. Participants who are at least age 50 by December 31, 2012 and 2011 may contribute "catch-up" contributions up to an additional $5,500. Participants may also contribute amounts representing distributions from other qualified plans.

The company may provide a discretionary matching contribution determined on an annual basis. For the plan year ended December 31, 2012, the company provides a dollar for dollar matching contribution not to exceed $5 per pay period. The discretionary matching contribution for the year ended December 31, 2012 was $13,315.

All contributions under the Plan are to be invested in shares of investment companies for which Minnesota Life Insurance Company acts as transfer agent and which are selected by the employer as investment options under the Plan. The Plan allows participants to self direct their account balances among certain investments. At December 31, 2012, all funds in the Plan were self directed by the participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the company's contribution and Plan investment earnings or losses of the trust fund. Participants will only realize the gain or loss of their individual investment selections. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting is immediate in the company's matching and profit sharing portions, if any, of participant accounts plus actual earnings thereon.

A. Description of Plan (Concluded)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years. A loan for the purchase of a principal residence may be extended beyond the five year repayment period but will not go beyond a participant's normal retirement age. The loans are secured by up to 50 percent of the participant's vested account balance. Each loan bears an interest rate equal to the Prime Rate in effect at the time of the loan plus 0.5 percent. The current loan interest rates range from 3.75 percent to 6.70 percent. Principal and interest are paid ratably through payroll deductions on not less than a semi-monthly basis.

Payment of Benefits

On termination of service a participant will receive benefits equal to the value of the vested interest in his or her account balance. Payments will be made in one of the following methods:

a. partial withdrawal;
b. a lump sum payment of entire vested account balance.

Plan Administrator Fees

All routine plan administrative expenses including, but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the plan may be paid out of the trust fund unless paid by the employer. For the plan year ended December 31, 2012, administrative fees paid by the Plan totaled $2,021.

B. Summary of Accounting Policies

Date of Management's Review

For the year ended December 31, 2012, the Plan has evaluated subsequent events for potential recognition and disclosure through October 8, 2013, the date on which the financial statements were available to be issued. It has been determined that no subsequent events or transactions need to be recognized or disclosed in these financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

B. Summary of Accounting Policies (Concluded)

Investment Valuation and Income Recognition

The Plan's investments, except notes receivable from participants, are presented at fair value. Fair value of the funds is determined based on the underlying investments of the related funds as reported by Minnesota Life Insurance Company, based on quoted market prices. Such investments are credited with earnings of the underlying investments and charged for Plan withdrawals and administrative expenses incurred.

Notes receivable from participants are valued at the outstanding balance which approximates fair value.

Purchases and sales of these investments are reflected on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investments

The following presents investments at December 31, 2012 and 2011 that represent 5 percent or more of the Plan's net assets:

	2012	2011
Large Value Equity II	$ 326,544	$ 257,879
Large Growth Equity XI	$ 295,040	$ 248,582
Intermediate-Term Bond Index IA	$ 173,219	$ 179,928
Global Bond I	$ 160,645	$ 123,626
Small Value Equity Index I	$ 109,994	$ 78,136
International Value II	$ 107,653	**
Small/Mid Growth Equity III	$ 107,601	$ 83,586
International Growth I	**	**
Aggregate Bond II	**	$ 90,017

** less than 5%

C. Investments (Concluded)

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $189,543 as follows:

Investment gain	$ 186,071
Interest	3,472
	$ 189,543

D. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of their future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lower priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of guaranteed portfolio fund is based on the underlying assets of the contracts. The fair value is expressed in units.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011.

D. Fair Value Measurements (Concluded)

E. Information Prepared and Certified by Custodians (Unaudited)

At December 31, 2012 and 2011, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodians as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2012 and 2011, as reported by the Custodians is summarized as follows:

	2012	2011
Investments at fair value	$1,809,148	$1,456,010
Investment gains	$ 186,071	

F. Plan Termination

Although it has not expressed any intent to do so, the company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

G. Tax Status

The Internal Revenue Service has determined and informed the companies by a letter dated March 31, 2008 that the Plan and related trust are qualified under applicable sections of the Internal Revenue Code. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that it is no longer subject to income tax examinations for years prior to 2010.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

I. Excess Contributions

At December 31, 2011, a liability of $21,582 was recorded as an other liabilities for excess contributions payable for refunds issued by the Plan to certain active participants before the two and one-half month deadline, as required to satisfy the relevant nondiscrimination provisions of the Plan.

J. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Minnesota Life Insurance Company. Minnesota Life is the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to $2,021 for the year ended December 31, 2012.

K. Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets per Form 5500 at December 31, 2012 and 2011 to the financial statements:

	2012	2011
