ACT PIPE & SUPPLY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the ACT Pipe & Supply 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan covers all employees of ACT Pipe & Supply, Inc. and ACT Fabrication, Inc. (together the "Company") except union employees, leased employees, and nonresident aliens. ACT Pipe & Supply, Inc. is the plan sponsor. Following the completion of three months of service and the attainment of age 21, employees are eligible to participate in the Plan on the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make salary deferral contributions to the Plan up to 90% of their eligible compensation, subject to certain limitations. Participants age 50 or over in the Plan year may also make catch-up contributions into the Plan. The Plan also allows rollover contributions. The Company may make a discretionary matching contribution in an amount equal to the percentage declared for the plan year. The Company may also make a discretionary profit sharing contribution. Participants must be employed on the last day of the plan year, except for participants who become disabled, die, or retire in the plan year, and complete 1,000 hours of service during the plan year to receive matching or profit sharing contributions. The Company did not make any matching or profit sharing contributions for 2012. The Plan is participant directed and participants may change their contribution rates and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their contributions and the appreciation or depreciation thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest 20% after two years of service and are 100% vested after six years of service.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Forfeited Accounts

Forfeitures of nonvested employer contributions shall be used to pay administrative expenses and then used to reduce the employer's contributions. There were no forfeitures balances at December 31, 2012 or 2011. No forfeitures were used in 2012.

Notes Receivable from Participants

Plan participants may borrow from their account a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance in the Plan. Notes receivable are paid in level installments through payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence in which case the period may not extend beyond ten years from the date of the loan. The notes bear interest at reasonable rates as determined by the plan administrator and are secured by the participant's vested account to the extent of the principal amount of the note plus accrued interest.

Benefit Payments

A participant shall be immediately vested upon death, retirement, or termination of employment due to total and permanent disability. Normal retirement age under the Plan is the later of the date a participant attains age 65 or the 5th anniversary of the first day of the plan year in which participation in the Plan commenced. Upon a participant's termination or retirement, the vested funds in the participant's account are available to be distributed in a lump-sum payment. Participants may make withdrawals of vested funds for hardship and in-service withdrawals upon reaching the age of 59 ½.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time. Upon termination, employees would become 100% vested and would receive benefits based on their account balances accumulated to the date of the termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records and financial statements of the Plan are maintained on the accrual basis of accounting.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these statements. Fees related to notes receivable from participants, annual maintenance fees, and withdrawals are charged directly to the participant's account and are included in administrative expenses. Other investment related expenses are included in net appreciation in fair value of investments.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on the trade-date. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2012 or 2011.

Recent Accounting Pronouncement

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS* (ASU 2011-04). ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan adopted this guidance in 2012 and determined that it did not have an effect on the Plan's net assets available for benefits or changes in net assets available for benefits.

NOTE 3 - INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at December 31, 2012 and 2011 are separately identified below:

Identity of Party Involved	Description	2012	2011
Mutual Funds:			
Fidelity	Freedom 2015	$622,569	$517,041
	Freedom 2020	500,417	413,773
	Freedom 2025	323,350	353,320
	Freedom 2030	508,675	383,019
	Freedom 2035	334,331	241,883
	Freedom 2040	260,429	194,664

During 2012, the Plan's investments in mutual funds (including investments bought, sold, and held during the year) appreciated in fair value by $281,558.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2012 or 2011.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011 and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2012, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in mutual funds managed by Fidelity and Spartan, which are entities that are affiliated with Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan. Therefore, investments in mutual funds managed by affiliated entities qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 7 - INCOME TAX STATUS

The Plan has adopted a volume submitter prototype plan, which obtained its latest opinion letter dated March 31, 2008 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2012. No reconciliation is required as of December 31, 2011, as there were no nondiscriminatory refunds payable or other required reconciling items at year end.

Net assets available for benefits per the financial statements	$3,289,549
Add: Nondiscriminatory refunds payable	40,498

NOTE 10 - NONDISCRIMINATORY REFUNDS

At December 31, 2012, a liability was recorded for amounts refundable by the Plan to highly compensated participants for contributions made in excess of amounts allowed by the IRS. There were no nondiscriminatory refunds required to be recorded at December 31, 2011.

NOTE 11 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 29, 2013, the date the financial statements were available to be issued.
