INDEPENDENT AUDITORS' REPORT

To the Trustees of
The Rolling Plains Construction Employee Savings Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Rolling Plains Construction Employee Savings Trust, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2012 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2012, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A Description of Plan.

The following description of the Rolling Plains Construction Employee Savings Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1 **General.** The Plan is a defined contribution plan that covers substantially all employees of Rolling Plains Construction, Inc., and affiliated participating employers, collectively referred to as "the Company", who have completed six months of service and are age eighteen or older. An employee must be employed on the last day of the Plan year in order to be eligible to receive the Company's discretionary matching and/or profit sharing contributions and have met certain service hour requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2 **Contributions.** Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan, or up to the maximum annual limit as set forth by the Internal Revenue Service. Deferral contributions shall not exceed certain limits as set forth by the Internal Revenue Code ("IRC") ($17,000 in 2012). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions (up to $5,500 in 2012). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company makes safe harbor matching contributions to eligible employees of 100% of the participants' deferrals that do not exceed 5% of participants' compensation. In addition to the safe harbor matching contribution, the Company may elect to make a discretionary matching and/or profit sharing contribution. For the year ended December 31, 2012, the Company elected not to make any discretionary contributions. Contributions are subject to certain limitations.

3 **Participant Accounts.** Each participant's account is credited with the allocation of (a) the participant's contributions, including rollovers (b) the Company's contributions, and (c) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4 **Vesting.** Participants are immediately vested in their contributions and the Company's safe harbor contributions, and actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

A Description of Plan. (Continued)

5 **Investment Options.** Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and a guaranteed investment contract as investment options for participants.

6 **Participant Notes Receivable.** Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms generally range from 1-5 years, but may be extended at the discretion of the plan administrator in the case of the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a return comparable to the rates being charged by lending institutions in the same geographic locale as the employer. Principal and interest is paid ratably through payroll deductions.

7 **Forfeited Accounts.** At December 31, 2012 and 2011, the balance of the forfeited accounts totaled $-0- and $1, respectively. The forfeiture account balance may be used to offset future employer contributions. During the year ended December 31, 2012, the Company did not utilize any forfeitures to reduce employer contributions.

8 **Payment of Benefits.** Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a specified period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

B Summary of Accounting Policies.

1 **Basis of Accounting.** The financial statements of the Plan are prepared using the accrual basis of accounting.

2 **Estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

B Summary of Accounting Policies. (Continued)

3 **Investment Valuation and Income Recognition.** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit-responsive investment contracts are reported at fair value and adjusted to contract value. Contract value represents accumulated contributions, plus accrued net earnings, less distributions. The fixed account is valued at estimated fair value as provided by AUL, which approximates contract value.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract, which approximates contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

4 **Payment of Benefits.** Benefits are recorded when paid.

5 **Administrative Fees.** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

6 **Subsequent Events.** In preparing its financial statements, the Company has evaluated subsequent events through October 14, 2013, which is the date the financial statements were available to be issued. The Company has not identified any material subsequent events that require reporting or disclosure.

C Investments and Information Certified by Custodian (Unaudited).

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company, as custodian of the Plan has certified that the following unaudited data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2012 and 2011, and investment information included in the notes to the financial statements.
- Total investment income and interest income from notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits.
- The schedule of assets held at year-end included as supplemental information.

This information has not been audited by the Plan's independent auditors.

D Fair Value Measurements.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

D Fair Value Measurements. (Continued)

Level 2 Fair Value Measurements. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level I Input must be observable for substantially the full-term of the asset or liability.

Level 3 Fair Value Measurements. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate Accounts: Pooled separate accounts primarily invest in mutual funds. Shares of pooled separate accounts held are valued at the unit value, determined at the close of business each day, based on the market value of the total assets in the pooled separate account. The market value of the total assets in the pooled separate account is based on the net assets value (NAV) of the underlying mutual fund. These mutual funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the pooled separate accounts are deemed to be actively traded.

Guaranteed Investment Contracts: The Plan has a fully benefit-responsive GIC with an insurance company. This GIC is included in the financial statements at fair value, which approximates contract value as reported to the Plan by the insurance company. The GIC has no liquid market value because it is not tradable or assignable, and there are no defined maturities of the cash flows.

D Fair Value Measurements. (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Assets at Fair Value as of December 31, 2012

	Fair Value	Quoted Prices in Active Markets for Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

E Party-in-Interest Transactions.

Certain Plan investments are managed by American United Life Insurance Company. American United Life Insurance Company is the custodian and the third party administrator, providing recordkeeping services as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. As described in Note B, the Plan paid certain expenses related to the Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA. All Plan investments are part of the group annuity separate account contract and the fully benefit-responsive investment contract managed by American United Life Insurance Company.

F Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

G Tax Status.

The Plan utilizes a prototype plan, which obtained a favorable determination letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the prototype plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to December 31, 2009.

H Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

I Investment Contract.

The Plan entered into a fully benefit-responsive investment contract with American United Life Insurance Company. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract.

The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by American United Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

I Investment Contract. (Continued)

There is no adjustment from fair value to contract value for the guaranteed investment contract as contract value as reported to the Plan by American United Life Insurance Company, approximates fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011, was $98,444 and $70,786, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1.00%. Such interest rates were reviewed on a bi-monthly basis for resetting.

	2012	2011
Average Yields:		
Based on Actual Earnings	1.93%	2.36%
Based on the Interest Rate Credited to Participants	1.28%	2.00%

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with American United Life Insurance Company. The plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan participants is not probable.

J Prohibited Transactions and Corrective Matters.

During 2012 and 2011, the Company erroneously failed to timely remit certain employee contributions to the Plan in the amount of $11,958 and $6,192, respectively. During 2012, lost earnings of $21 were calculated and credited to the affected participants for the 2011 delinquent contributions. The Company is in the process of calculating and remitting lost earnings for the 2012 delinquent contributions and will remit the lost earnings as soon as administratively possible.

In various previous years, the Company, in certain instances, computed employee deferrals utilizing an incorrect basis of compensation, which may have also impacted the amount of employer contributions made in the respective periods. The Company is in the process of determining the corrective actions available to the Plan. The impact on the Plan and its financial statements has not been determined.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
