K-Tron 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of K-Tron 401(k) Plan (formerly K-Tron International, Inc. and Affiliated Companies 401(k) Plan), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2012 financial statements. Accordingly, we do not express an opinion on the 2012 financial statements.

Emphasis of Matter – Plan Termination by Merger

As discussed in Notes 1 and 7 to the financial statements, effective December 31, 2012, the Plan Sponsor resolved to merge the Plan into and with Size Reduction Group 401(k) Plan, which is also sponsored by the Plan Sponsor. All assets were transferred in kind and no assets were liquidated as a result of the merger.

Other Matter – 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated July 23, 2012, indicated that because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 - PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES

The following description of K-Tron 401(k) Plan (the Plan) (formerly K-Tron International, Inc. and Affiliated Companies 401(k) Plan) provides only general information. Plan participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized December 1, 1984, as a defined contribution retirement savings plan which, effective January 1, 2012, was sponsored by Hillenbrand, Inc. (Plan Sponsor). The Plan was for the benefit of substantially all eligible employees of K-Tron America and Premier Pneumatics, Inc. (collectively, the Employer) who had at least six months of service. Employees covered by a collective bargaining agreement, leased employees, nonresident aliens, employees on temporary assignment in the United States and employees of Hillenbrand, Inc. were excluded from participation in the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Termination: The Plan Sponsor has exercised its right under the Plan to discontinue its contributions effective December 31, 2012, and to terminate the Plan by merger subject to the provisions of ERISA. Effective December 31, 2012, the Plan merged into and with Size Reduction Group 401(k) Plan.

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Plan participants could authorize the Plan Sponsor to contribute to the Plan up to 50% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also make rollover contributions from amounts representing distributions from other qualified plans.

The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless an affirmative election not to participate in the Plan was executed. Automatically enrolled participants had their contribution rate set at 6% of eligible compensation and their contributions were invested in a designated fund until an investment election was made by the participant.

The Employer made a safe harbor matching contribution equal to 100% of the first 6% of compensation that each participant contributed to the Plan in 2012. The Employer could have also elected to make a discretionary match. No Employer discretionary match contributions were made to the Plan in 2012.

Participants directed the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account was credited with the participant's contributions and Employer safe harbor matching contributions, as well as allocations of Plan earnings. Participant accounts could also be charged with an allocation of certain administrative expenses of the Plan. Allocations were based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Vesting: Participants were vested immediately in their contributions and Employer matching contributions plus actual earnings thereon.

Payment of Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant could have elected to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, were also permitted from a participant's account. Benefits were recorded by the Plan when paid.

Investment Valuation and Income Recognition: The Plan's investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As discussed in Note 6, the Plan invested in a stable value fund which was a fully benefit-responsive fund. The Plan's statement of net assets available for benefits as of December 31, 2011 presents the fair value of this investment, which approximated its contract value. The Plan's statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses: Administrative expenses for maintaining the Plan could be paid by the Employer or the Plan, at the Plan Sponsor's discretion.

Tax Status: The Plan has adopted a volume submitter plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the volume submitter plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the volume submitter plan document have been amended since the date of the opinion letter, the Plan Administrator believes that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt.

Accounting principles generally accepted in the United States require management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken, nor expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

Reclassifications: Certain amounts in the 2011 financial statements have been reclassified to conform to the 2012 presentation.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 14, 2013, the date the financial statements were available to be issued. See Note 7.

NOTE 2 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for investment assets that are measured at fair value on a recurring basis.

Mutual Fund Shares: Valued at the published net asset value (NAV), as reported by each fund, of the shares held by the Plan at the reporting date.

Guaranteed Investment Contract: Valued at fair value reported by the sponsoring insurance company based on the fair value of the bonds held by the stable value fund which underlies the guaranteed investment contract (GIC). The guaranteed interest rate provided to participants at contract value for the synthetic GIC is adjusted periodically by the insurer to reflect the current yields on similar instruments with comparable durations, considering the creditworthiness of the issuer. The fair value of the underlying bonds are based on quoted market prices when available or by pricing models and matrix pricing which maximizes the use of observable inputs.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

NOTE 2 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a summary, by major nature and risks class within each level of the fair value hierarchy, of the Plan's investment assets that are measured at fair value on a recurring basis as of December 31, 2011:

2011	Level 1	Level 3	Total
Mutual fund shares:			
Bond funds	\$ 3,423,730		\$ 3,423,730

 Total Investments at Fair Value	 <u>\$20,609,862</u>	 <u>\$2,251,272</u>	 <u>\$22,861,134</u>

Following is a summary of the changes in the fair value of the Plan's Level 3 asset for the year ended December 31, 2012:

	Guaranteed Investment Contract
Balance at beginning of year	\$ 2,251,272

Transfer in kind to other plan (see Note 7)	(1,740,240)
Purchases	340,611

Balance at end of year	<u>\$ -</u>

At December 31, 2012 and 2011, the Plan had no other assets and no liabilities that are measured at fair value on a recurring basis.

NOTE 3 - INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

All investment information disclosed in the accompanying financial statements and related notes, for the year ended December 31, 2012, has not been audited, but was obtained or derived from information provided to the Plan Administrator by the Plan's trustee. The following is a summary of the Plan's investment information which has been certified as complete and accurate for the year ended December 31, 2012, by Fidelity Management Trust Company, the Trustee, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

Interest and dividend income	<u>\$ 775,184</u>
Net appreciation in fair value of investments:	
Fair value measured by quoted prices in an active market:	
Mutual fund shares	<u>\$1,907,811</u>

NOTE 4 - INVESTMENTS

On December 31, 2011, the Plan transferred all of the participants' investments to Fidelity Management Trust Company (Fidelity), the new trustee. However, the Plan Administrator did not obtain a certification from Fidelity due to the fact that the assets were in transit on that date. The following represents 5% or more of the Plan's net assets available for benefits as of December 31, 2011:

Vanguard Institutional Index Fund	\$2,977,985
PIMCO Total Return Fund Inst	2,469,033
Vanguard Small Cap Index Fund Signal	1,405,215
Goldman Sachs Growth Opportunities Fund Inst	2,024,832
Prudential Stable Value Fund	2,251,272
Fidelity Contrafund	1,533,678
Fidelity Freedom 2020 Fund	2,056,492

NOTE 5 - JOINT INVESTMENT IN SYNTHETIC GUARANTEED INVESTMENT CONTRACT (GIC)

In December 2011, the Plan Sponsor entered into a contract with The Prudential Insurance Company of America to invest in the Prudential Stable Value Fund on the behalf of: Hillenbrand, Inc. Savings Plan, Hillenbrand, Inc. Sales Executives' Pension Plan, K-Tron 401(k) Plan and Size Reduction Group 401(k) Plan. The assets were purchased in January 2012.

The synthetic GIC contract held total assets of \$34,681,270 at December 31, 2012 and earned interest income of \$509,633 in 2012. The Plan's interest and activity in the contract as of December 31, 2012 and 2011, and for the year ended December 31, 2012, is presented in Notes 3 and 4 and includes interest income of \$27,376 for 2012.

NOTE 6 - GUARANTEED INVESTMENT CONTRACT

The Plan had an investment in the Prudential Stable Value Fund at December 31, 2011, which was a benefit-responsive trust fund. As described in Note 1, because this fund was fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits attributable to the funds. Contract value, as reported to the Plan by Prudential Insurance Company, represents contributions made under the funds, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield rate based on actual earnings of the fund was approximately 1.17% for 2012, and the average interest rate credited to participants was approximately 1.47% for 2012.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) communications from the Plan's sponsor designed to induce participants to transfer from the fund, (4) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The Plan's investment in the Prudential Stable Value Fund was transferred in kind to Size Reduction Group 401(k) Plan on December 31, 2012 (see Note 7).

NOTE 7 - PLAN AMENDMENTS

Effective January 1, 2012, the Plan Agreement was restated and amended in its entirety to a volume submitter plan document sponsored by Fidelity Management Trust Company. There were no significant changes to the Plan's provisions.

NOTE 7 - PLAN AMENDMENTS (CONTINUED)

Effective December 31, 2012, the Plan Sponsor resolved to merge the Plan into and with Size Reduction Group 401(k) Plan, which is also sponsored by the Plan Sponsor. All assets were transferred in kind. The Size Reduction Group 401(k) Plan was renamed Process Equipment Group 401(k) Savings Plan, effective January 1, 2013.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments were managed by an affiliate of Fidelity Management Trust Company, the trustee of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Trustee also received indirect fees from investments which were deducted from investment returns.

The Plan Sponsor provided certain accounting, administrative and investment management services to the Plan for which it received no compensation.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.
