Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2012 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplementary Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplementary schedule referred to above.

The form and content of the information included in the 2012 financial statements and supplementary schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our responsibility is to conduct the compilation in accordance with Statements for Accounting and Review Services issued by the American Institute of Certified Public Accountants. NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

NOTE A - DESCRIPTION OF PLAN

The following description of C & L Tiling, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

C & L Tiling, Inc. 401(k) Plan was established by C & L Tiling, Inc. ("Company") for the purpose of providing a retirement plan to supplement employees' income upon retirement. The Plan was created January 1, 2009 and was amended and restated effective January 1, 2010. The Plan is a defined contribution plan covering all full-time employees of C & L Tiling, Inc. who have completed one year of service and are age 21 or older. A year of service is defined as a consecutive 12-month period of employment during which the employee is credited with at least 1,000 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

The Plan includes a 401(k) provision, which allows participants to contribute up to the maximum dollar amount as determined by the Federal government of pretax annual compensation, as defined in the Plan. The maximum deferral in 2012 was $ 17,000 with the option of an additional $ 5,500 catch-up deferral for those 50 years of age or over.

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals. The Company made contributions of $ 140,944 in 2012.

In addition, the Company has a right to make a discretionary profit sharing contribution to the Plan. The Plan allows the Company to annually determine a discretionary amount for a matching contribution and/or a profit sharing contribution. The Company made no profit sharing contributions during 2012.

3. Participant Accounts

Each participant's account is credited with the participant's voluntary contributions and an allocation of Company contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN - Continued

4. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions, if any, plus or minus any actual earnings or losses thereon, is based on years of continuous service as follows:

Years of Credited Service	Percent Vested
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

5. Investments

Upon enrollment in the Plan, a participant may direct contributions to selected investments as made available and determined by the Plan custodian. Participants may change their investment options at any time pursuant to procedures established in the Plan document.

6. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments over a period not exceeding the life expectancy of such participant and beneficiary. Effective January 1, 2010, the Plan allowed for hardship withdrawals.

7. Forfeited Accounts

Forfeitures may first be applied to pay expenses of the Plan, which would otherwise be paid by the Company. Forfeitures not used to pay Plan expenses are applied to reduce the earliest Company contributions made after forfeitures are determined. Forfeitures of $ 3,547 were used to reduce Company contributions during the year ended December 31, 2012.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

2. *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

4. Payment of Benefits

Benefits are recorded when paid.

5. Subsequent Events

Management has evaluated subsequent events for recognition and disclosure in the financial statements through October 14, 2013, which is the date the financial statements were available to be issued. Through October 14, 2013, no subsequent events required recognition or disclosure in the financial statements.

NOTE C - SUMMARY FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN

The following is a summary of the information regarding the Plan at December 31, 2012, and for the year then ended, included in the Plan's financial statements and supplemental schedule that was prepared by the custodian and furnished to the Plan administrator. The Plan has obtained a certification from the custodian that such information is complete and accurate, as follows:

American Funds Target Retirement 2020		104,858
American Funds Target Retirement 2025		194,930

American Funds Target Retirement 2035		120,771
American Funds Target Retirement 2045		127,331
American Funds Target Retirement 2050		113,695

The Plan's investments in mutual funds (including investments bought, sold, and held during the year) appreciated in value by $ 96,484 during 2012.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan follows the fair value measurement guidance for financial assets and financial liabilities. The guidance defines fair value, establishes a framework for measuring value and expands disclosure about fair value measurements. In addition, the guidance permits an entity to measure eligible financial instruments and other items at fair value. The Plan has not made any fair value elections.

Fair value is defined to be the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A three-level hierarchy has been established for fair value measurements based upon the inputs to the valuation of an asset or liability as follows:

Level 1 – Valuation is based on quoted prices for identical assets and liabilities in active markets.

Level 2 – Valuation is derived from inputs, other than quoted prices included in Level 1, which are observable for the asset or liability either directly or indirectly. Investments classified as Level 2 are generally valued by benchmarking model-derived prices to quoted market prices and trade data for identical or comparable securities. The significant inputs used in this approach include interest rates, prepayment timing, yield spreads, maturities, credit losses and credit ratings of the securities.

Level 3 – Valuation is derived from unobservable inputs that are not corroborated by market data.

Shares of mutual funds are valued at quoted market prices which represent the net asset value (NAV) of shares held by the Plan at year end.

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2012:

	Fair Value	Level 1	Level 2	Level 3
Mutual funds				
Growth	$ 72,893	$ 72,893	$ -	$ -
Growth and income	44,795	44,795	-	-
Balanced	36,034	36,034	-	-
Equity	8,875	8,875	-	-
Target date	1,009,463	1,009,463	-	-
Total	$ 1,172,060	$ 1,172,060	$ -	$ -

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - TAX STATUS

The Plan has adopted a standardized form of a prototype plan sponsored by the American Funds. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan has recognized in the financial statements the effects of all tax positions and continually evaluates expiring statutes of limitations, audits, changes in tax law, and new authoritative rulings. The Plan is not aware of any circumstances or events that make it reasonably possible that unrecognized tax benefits may increase or decrease within 12 months of the statement of net assets available for benefits date. Penalties and interest assessed by taxing authorities are included in administrative expenses, if applicable. There were no interest or penalties paid during 2012.

The Plan files information returns in the federal jurisdiction. The federal returns prior to 2009 are closed.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
