1. DESCRIPTION OF PLAN

The following description of the Country-Wide Insurance Company ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Company established the Plan to provide employees with a systematic means of savings and investing in the future. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code covering all eligible employees of the Company who have thirty (30) days of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may contribute up to 100% of their annual gross earnings on a before tax basis, as defined in the Plan, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Company makes contributions based on the employee's contribution percentage. For the Plan years ending December 31, 2012 and 2011, the Plan Sponsor has suspended the Company contribution.

(c) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and loan repayments and charged with loan and participant's withdrawals and allocations of (a) the Company's contributions and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The value of the participant's account reflects the number of shares and the daily share price of the funds in which the participant is invested.

(d) Vesting

Plan participants are immediately vested in their own contributions attributable earnings thereon. Participant vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 % vested after six years of credited service.

1. DESCRIPTION OF PLAN (CONTINUED)

(e) Note Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants can have a maximum of three loans outstanding at any time. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at rates ranging from 4.25% to 8.5%. Principal and interest is paid ratably through bi-weekly payroll deductions. At December 31, 2012 and 2011, there were $976 and $255, respectively, in loans to participants in default and subject to repayment from participant's account at the time of distribution.

(f) Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant (or their beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the vested balance is $5,000 or less, the Plan Administrator may distribute a participant's benefit without their consent within a reasonable period of time after severance from employment.

(g) Forfeited Accounts

At December 31, 2012 and 2011, forfeited non-vested amounts totaled $49,341 and $46,310, respectively which are reflected on the statements of net assets available for benefits as excess employer contributions payable. These amounts will be used to reduce future employer contributions. In 2012, employer contributions were reduced by $0 from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Subsequent Events

Subsequent events were evaluated through October 11, 2013, which is the date of the financial statements were available to be issued.

(b) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) Basis of Accounting (Continued)

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair to contract value, if any.

(d) Investment Options

Upon enrollment in the Plan, the participants direct the investment of 100% of the contributions with the Plan's trustee ING Life Insurance and Annuity Company's ("ING") in accordance with its investment contract (see Note 4). Participants may change their investment options periodically.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Required loan payments not paid within 90 days after the due date, will render the total outstanding loan to be in default and a deemed distribution.

(f) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan offers its participants various investment funds that are exposed to different types and amounts of risk, including interest rate, credit and market risk. The funds (except for the GIC's) which are invested in a way to avoid losses) can be expected to experience greater or lesser volatility over time, depending upon each fund's individual risk profile, thus affecting the fund balances from one period to the next.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Payment of Benefits

Benefits are recorded when paid.

(h) Operating expenses

All expenses of maintaining the Plan are paid by the Company.

(i) New Accounting Standards

In September 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-09, Compensation – Retirement Benefits – Multiemployer Plans ("ASU No. 2011-09"), which amends ASC 715-80. The update requires expanded disclosures for entities participating in multiemployer plans. The enhanced disclosures are designed to assist financial statement users in assessing the potential impact of an entity's participation in a multiemployer plan on future cash flow. ASU No. 2011-09 is effective for annual reporting periods for fiscal years ending after December 15, 2012, with early adoption permitted. This update, when effective, will not have an impact on the Plan's financial statements.

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards – Fair Value Measurement (ASU 2011-04)*. The guidance in ASU 2011-4 provides a consistent definition of fair value and ensures that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. ASU 2011-04 is effective for the Plan prospectively for the year ending December 31, 2012. The adoption of this standard did not have a significant impact on the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ING, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2012 and 2011, the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012 and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2012.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (CONTINUED)

The Plan's independent accountant did not perform auditing procedures with respect to the accompanying information displayed in the following tables, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

	December 31	
	2012	2011
Investments, at fair value		
Pooled separate accounts	$ 8,617,098	$ 8,150,726
Guaranteed interest account	$ 3,413,155	$ 2,880,612
Interest income on guaranteed interest account	$ 95,837	$ 75,542
Net appreciation (depreciation) in fair value of Pooled separate accounts	$ 1,147,756	$ (400,903)

4. INVESTMENTS

The Plan has entered into an investment contract with ING. ING maintains certain of the Plan's assets as follows:

(a) Guaranteed Investment Contracts

Guaranteed Investment Contracts ("GIC's") are established between the participants and an insurance company registered in the State of New York. These accounts provide a guaranteed interest rate for a specified period of time as determined by the Plan custodian, or allowed, by the Plan. The rate credited is the rate in effect on the day when each deposit is directed into the account. All rates credited during the 12-month "deposit year" are averaged into a single composite rate. The guaranteed interest accounts are supported by ING's general account. The fair value of the accounts is the amount that would be paid any time funds are withdrawn or transferred within the Plan prior to their maturity (for an event other than death, disability, termination or retirement) and reflects a surrender charge, if applicable, according to the terms of the Plan's contract.

GIC's are stated at contract value in the accompanying statements of net assets available for benefits. The Plan trustee has represented that contract value approximates fair value.

Crediting rates are determined by the performance of investments contained in ING's general account. The crediting rate for the year ended December 31, 2012 ranged from 3.00 percent to 4.00 percent for the GIC's.

4. INVESTMENTS (CONTINUED)

(b) Pooled Separate Accounts

These accounts hold assets allocated to each separate account. The value of each separate account is determined at the close of each business day based on fair value. These accounts are separate accounts (not a part of ING's general account (i.e., segregated); income gains, or losses from the assets in each account are credited to or charged against that account without regard to other income, gains or losses of ING or any other separate account.

5. FAIR VALUE MEASUREMENTS

The Plan follows FASB ASC 820-10, which provides a comprehensive framework for measuring fair value and expands disclosures which are required about fair value measurements. Specifically, FASB ASC 820-10 sets forth a definition of fair value and establishes a hierarchy prioritizing the inputs to valuation techniques, giving the highest priority to quoted prices in active markets for identical assets and liabilities and the lowest priority to unobservable value inputs.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits according to auditing Standards Codification ("ASC") Topic 820 ("ASC 820") *Fair Value Measurement*.

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable inputs that have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. However, no Level 1 inputs were available to the Plan and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Level 2 Fair Value Measurements

The fair value of pooled separate accounts is the calculated unit value based on the net assets of the underlying pool of securities owned by the fund, less liabilities, divided by the number of shares outstanding.

Level 3 Fair Value Measurements

The guaranteed interest account is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed interest account is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. The guaranteed interest accounts are reported at contract value, which at December 31, 2012 equals fair value.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

		Fair Value Measurements at the End of the Reporting Period Using:	
	Fair Value	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2012			
Pooled Separate Accounts	$ 8,617,098	$ 8,617,098	$ -
Guaranteed Interest Account	3,413,155	-	3,413,155
Total assets at fair value*	$ 12,030,253	$ 8,617,098	$ 3,413,155
December 31, 2011			
Pooled Separate Accounts	$ 8,150,726	$ 8,150,726	$ -
Guaranteed Interest Account	2,880,612	-	2,880,612
Total assets at fair value*	$ 11,031,338	$ 8,150,726	$ 2,880,612

* Level 3 investments were approximately 28% and 26% of the total investments in the Plan at December 31, 2012 and 2011, respectively.

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the Guaranteed Interest Account for the years ended December 31, 2012 and 2011:

December 31, 2012	
Beginning balance	$ 2,880,612
Total gains or losses included in changes in net assets available for benefits	95,837
Purchases, issuances, sales, and settlements (net)	436,706
Ending balance	$ 3,413,155
December 31, 2011	
Beginning balance	$ 2,301,549
Total gains or losses included in changes in net assets available for benefits	75,542
Purchases, issuances, sales, and settlements (net)	503,521
Ending balance	$ 2,880,612

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2012 are reported in net appreciation in fair value of investments.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2012, there were no significant transfers into or out of Level 3.

6. INVESTMENTS

The Plan investments were held and administered by ING. All investment information presented in the accompanying financial statements and supplemental schedule, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee listed above.

The following presents directed investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2012	2011
ING Money Market Portfolio	$ -	$ 611,620
ING Fixed Account	3,413,155	2,880,612
T. Rowe Price Retirement 2015 Fund	685,008	585,120
T. Rowe Price Retirement 2025 Fund	1,590,478	1,380,970
T. Rowe Price Retirement 2035 Fund	2,295,599	2,061,519

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,243,593 as follows:

	2012
Pooled Separate Accounts	$ 1,147,756
Guaranteed Interest Account	95,837
	$ 1,243,593

7. PARTICIPANT LOANS

During the year ended December 31, 2012, Plan participants had borrowed $100,363 against their account balances. Loan repayments totaled $153,816 in principal and $17,879 in interest in 2012. Taxable loan payment deemed distributions made during 2012 were $39,925. Repayments of principal and interest were reallocated to the Plan participants' investment accounts as established by the Plan.

8. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and guaranteed interest accounts managed by ING. ING is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
