Report on the Financial Statements

We have audited the accompanying financial statements of Oxbow Affiliated Companies Health Benefits Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, the related statements of changes in net assets available for benefits for the years then ended, the related statements of plan's benefit obligations as of December 31, 2012 and 2011, the related statements of changes in plan's benefit obligations for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Note 1: Description of Plan

The following description of the Oxbow Affiliated Companies Health Benefits Plan (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan provides health and other benefits covering all employees of Oxbow Affiliated Companies. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participating employers in the Plan are employers in a controlled group (as defined in Section 414 of ERISA) with Oxbow Corporation (collectively, the "Company") and who have adopted the Plan.

Benefits

The Plan provides health benefits (medical, vision, and dental) to eligible participants and their covered dependents. Retired employees are entitled to medical benefits (in excess of Medicare coverage) provided they have attained at least age 62, were employed prior to July 1, 1994, and have the prescribed years of service with select participating employers before retirement.

Contributions

The Company's policy is to contribute a certain tax deductable portion of healthcare costs as allowed by the Internal Revenue Code ("IRC"). Under present law, the sponsor is not permitted to deduct amounts for future benefits to current employees and retirees.

Participants and retirees must contribute specified amounts, determined periodically by the Plan's insurance companies, to receive coverage and extend coverage to eligible dependents

Other

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to active and retired employees, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP and the United States of America ("U.S.") Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, incurred but not reported ("IBNR"), eligibility credits and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and the differences could be material.

Plan Benefits

The postretirement benefit obligation (note 3) represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered to December 31. Postretirement benefits include future benefits expected to be paid to or for (a) currently retired employees and their beneficiaries and dependents and (b) active employees and their beneficiaries and dependents after retirement from service with the Company. Prior to an active employee's full eligibility date, the postretirement benefit obligations is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

For measurement purposes at December 31, 2012, a 7.3% annual rate of increase in the per capita cost of covered health care benefits was assumed for 2012; the rate was assumed to decrease gradually to 4.5% for 2028 and to remain at that level thereafter. These assumptions are consistent with those used to measure the benefit obligation at December 31, 2011.

The following were other significant assumptions used in the valuations as of December 31, 2012 and 2011:

	December 31, 2012	December 31, 2011
Weighted-average discount rate	4.398%	5.088%
Mortality	RP2000 mortality table projected 2019 for annuitants and projected 2027 for non annuitants	RP2000 mortality table projected 2018 for annuitants and projected 2026 for non annuitants
Withdrawal	50% SOA Small Plan Table	50% SOA Small Plan Table

The foregoing assumptions are based on the presumption that the Plan will continue. Different actuarial assumptions and other factors might be applicable in determining the actuarial represent value of the postretirement benefit obligations if the Plan is terminated.

Fair Value

The carrying amounts of cash and employee contributions receivable are a reasonable estimate of fair value.

Note 3: Benefit Obligations

Health costs incurred by participants and their dependents are covered by insurance contracts maintained by the Plan. It is the present intention of the Company and the Plan to continue obtaining insurance coverage for benefits. As stated in note 1, the Company is not permitted under present tax law to deduct amounts of future benefits (beyond one year). Insurance premiums for future years in respect of the Plan's postretirement benefit obligation will be funded by Company and participant contributions to the Plan in those later years.

The health care cost-trend rate assumption has a significant effect on the amounts reported. If the assumed rates increased by 1 percentage point in each year, it would significantly increase the obligation as of December 31, 2012 and 2011.

Note 4: Concentrations of Credit Risk

The Plan at times has cash in banks in excess of the Federal Deposit Insurance Corporations ("FDIC") insurance limits. The Plan places its cash with high credit quality financial institutions which minimize these risks. The Plan has not experienced any losses to date related to this risk.

Note 5: Tax Status

The trust established under the plan to hold the Plan's net assets is qualified pursuant to Section 501(c)9 of the IRC, and, accordingly, the trust's net investment income is exempt from income taxes. The Company has obtained a favorable tax determination letter from the Internal Revenue Service ("IRS") and the Company believes that the trust, as amended, continues to qualify and to operate as designed.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements as of December 31, 2012 and 2011. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 6: Risks and Uncertainties

The actuarial present value of benefit obligations is reported based on certain assumptions, all of which are subject to change. It is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements due to uncertainties inherent in the estimations and assumptions process.

Note 7: Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2013 the date the financial statements were issued.

Report on the Financial Statements

We have audited the accompanying financial statements of Oxbow Affiliated Companies Health Benefits Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, the related statements of changes in net assets available for benefits for the years then ended, the related statements of plan's benefit obligations as of December 31, 2012 and 2011, the related statements of changes in plan's benefit obligations for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
