Notes to Financial Statements

1. Description of the Plan

The following description of the inome, inc. 401(k) Plan (the “Plan”) provides summarized general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan provides certain benefits to the employees of inome, inc. and subsidiaries (collectively, the “Company”). The Plan is sponsored by inome, inc., whose subsidiaries are participating employers (“Participating Employer”) in the Plan. The Plan is intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”). The purpose of the Plan is to enable eligible employees to save for retirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is designed as an ERISA Section 404(c) plan. Accordingly, the participants, and not the Plan fiduciaries, are responsible for investment decisions relating to investments offered under the Plan. Plan assets are invested in accordance with participant directions in mutual funds and money market funds managed by Fidelity Management Trust Company.

The Plan was restated effective September 25, 2012. The only significant effect of the restatement was to change the name of the plan from the Intelius, Inc. 401(k) Plan to the inome, inc. 401(k) Plan.

Plan Merger

US Search, Inc. (“US Search”) was designated as, and became, a participating employer in the Plan, effective March 26, 2010. The US Search defined contribution plan, consisting primarily of participant investment balances, merged with the Plan effective January 15, 2011. As a result, net assets totaling \$195,914 were transferred into the Plan from the predecessor plan and are reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2011.

Eligibility

All Company employees who attain the age of 21 are eligible to participate in the Plan and may join effective the first day of the month following the date of hire.

Contributions

Participants may contribute a percentage of their eligible compensation and bonus, subject to certain limitations under the IRC. The Plan provides that the Company makes a matching contribution equal to the participant contribution, not to exceed 4% of each participant’s eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s salary deferral contribution and an allocation of employer contributions, if any, Plan net earnings and losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the

inome, inc. 401(k) Plan

Notes to Financial Statements

Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their pre-tax account, any rollover accounts from other qualified plans, Company matching contributions, and any earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions between any combination of mutual funds and a money market fund offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000. All notes must be repaid over a term not to exceed five years, unless the note is for the purchase of a primary residence, in which case the note may be for a maximum of up to 10 years. Participants are allowed only one outstanding note at a time. The notes are secured by the participant's vested account balance and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for notes which would be made under similar circumstances (currently ranging from 4.25% to 6.00%). Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for any other reason, a participant can elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows hardship withdrawals to participants meeting certain criteria. Upon execution of a hardship withdrawal, participant deferrals are suspended for a period of six months.

Upon termination, if the participant's vested benefit under the Plan does not exceed \$1,000, then the Plan Administrator may direct the trustee to make a single lump sum distribution to the participant without prior written consent. If the vested benefit under the Plan exceeds \$1,000, then the participant must consent to the distribution before it may be made.

Administrative Expenses

The Company pays substantially all administrative expenses associated with the administration of the Plan. Fees paid by the Plan are for participant-requested services.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan allows participants to direct contributions into various mutual funds and a money market fund. The underlying securities of these funds are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain underlying securities and the level of uncertainty related to changes in the value of the funds, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments in mutual funds and money market accounts are stated at fair value, using quoted market prices which represent the net asset values of the shares held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statements of changes in net assets available for benefits, as income or loss, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized annual appreciation or depreciation in those investments.

Notes Receivable from Participants

Notes receivable from participants are valued at amortized cost, plus any accrued and unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2012	2011
Money market accounts	\$ 244,337	\$ 244,581
Mutual funds	8,454,903	5,941,867
	\$ 8,699,240	\$ 6,186,448

<i>Year ended December 31,</i>	2012	2011
Interest and dividend income	\$ 195,268	\$ 158,387
Net appreciation (depreciation) in fair value of investments	885,759	(343,959)
	\$ 1,081,027	\$ (185,572)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. Investments

The following presents investments that represent five percent or more of the Plan's net assets available for benefits:

<i>December 31,</i>	2012	2011
Fidelity Freedom 2050 Fund	\$ 1,037,971	\$ 731,593
Fidelity Freedom 2035 Fund	468,835	183,188*
Fidelity Mid-Cap Stock Fund	459,282	420,158
Fidelity Freedom 2040 Fund	449,719	204,737*

* Investments do not individually represent more than 5% of net assets as of the date indicated, but are shown for comparative purposes.

5. Fair Value Measurements

U.S. GAAP has established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

income, inc. 401(k) Plan

Notes to Financial Statements

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The table on the following page sets forth by level within the fair value hierarchy the Plan assets as of December 31, 2012 and 2011:

Mutual funds are valued at quoted market prices which represent the value of shares held by the Plan at year end.

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee were \$5,378 and \$2,001 for the years ended December 31, 2012 and 2011, respectively.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their Company contributions.

8. Income Tax Status

In a letter furnished to the Plan record keeper dated March 31, 2008, the Internal Revenue Service determined that the prototype of the plan used to develop the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company adopted the prototype plan and the Plan has since been amended. However, the Plan administrator believes that the Plan is designed and currently operated in compliance with the applicable requirements of the IRC.
