Notes to Financial Statements

December 31, 2012 and 2011

(1) Summary of Significant Accounting Policies

(a) *Basis of Presentation*

The accompanying financial statements of the Retirement Plan of Bon Secours Health System, Inc. (the Plan) have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in those net assets.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the fixed annuity contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in annuity contracts supported by the VALIC general fund. The Statement of Net Assets Available for Benefits presents fair value of the investment in the annuity contracts as well as the adjustment of the investment in the annuity contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

(b) *Plan Management and Investments*

Under the terms of the Plan and related agreements, AIG Federal Savings Bank, MetLife Insurance Company, Lincoln National Life Insurance Company, and Nationwide Life Insurance Company (collectively, the trustees) have custody of Plan assets and execute investment transactions pursuant to participants' elections. AIG Federal Savings Bank provides administrative services for the Plan and maintains related plan records.

The Plan's investments consist primarily of mutual funds, which are stated at fair value based on quoted market information. The Plan's interest in the annuity contracts is based on the fair value of the underlying investments. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in the fair values of investments are recognized in the financial statements in the period in which such changes occur and include gains and losses on investments bought and sold as well as held during the year.

(c) *Participant Loans*

Participant loans are carried at amortized cost.

(d) *Payment of Benefits*

Benefits are recorded when paid.

(e) *Plan Administrative Expenses*

Certain administrative expenses of the Plan are paid by Bon Secours Health System, Inc. (the Plan sponsor). All other expenses are paid by the Plan.

Notes to Financial Statements

December 31, 2012 and 2011

(f) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) General Description of the Plan

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the plan agreements for more complete information.

(a) General

The Plan is a defined contribution plan, established, effective January 1, 1993. The Plan covers all eligible employees of the following subsidiaries of Bon Secours Health System, Inc. (the Plan sponsor): Virginia Health Source, Inc., Tidewater Diversified, Inc., Province Place of Maryview, LLC, Province Place of DePaul, LLC, Bon Secours Place at St. Petersburg, LLP, RHS Management Corporation, Chesterfield Community Healthcare, and Upstate Surgery, LLC.

During 2011, the following four plans merged into the Plan: Bon Secours St. Francis Health System 401(k) Plan, Bon Secours Hampton Roads Employer Match Plan, Bon Secours Maria Manor Nursing Care Center, Inc. Money Purchase Plan, and Richmond Community Hospital, Inc. Employee Pension Plan (collectively, the 2011 Plans). The net assets transferred into the Plan totaled \$32.4 million, which are recognized in plan transfers in the statements of changes in net assets available for benefits. Effective March 2011, participants from Bon Secours Charity Health System Medical Group, P.C. (formerly, GSH Medical Care, P.C.) stopped contributing to the Plan.

Effective December 31, 2012, the following two plans merged into the Plan: St. Francis Health System Employer Matching Plan and St. Francis Health System Money Purchase Plan. The net assets transferred into the Plan totaled approximately \$63.4 million, which are recognized in plan transfers in the statements of changes in net assets available for benefits.

(b) Eligibility and Contributions

The Plan provides that immediately upon hire each employee may contribute up to 100% of his or her eligible pay each pay period on a pretax basis through payroll deductions, subject to limitations under the Internal Revenue Code (IRC). Participants, who are age 50 and over during the plan year, are eligible to make catch-up contributions up to \$5,500 in 2012 and 2011.

Effective through June 30, 2011, the Plan provided that employees who attained age 21, completed at least one year of service, as defined, and who were employed on December 31st of each plan year were eligible to receive an annual employer contribution as a percentage of the participant's compensation (see chart below).

BON SECOURS HEALTH SYSTEM, INC**

Notes to Financial Statements

December 31, 2012 and 2011

Effective July 1, 2011, the Plan's eligibility for employer contributions was amended to provide that employees who attain age 18 and complete one year of service, as amended and defined, receive an automatic employer contribution according to its respective locations' contribution percentage (see chart below). Participants are eligible to receive matching contributions immediately in accordance with the percentages shown in the chart below, however, provided that the participant is enrolled in the plan and making pre-tax employee deferrals. The employer automatic and matching contributions are made bi-weekly.

* These Companies are participating employers in their respective location's defined benefit pension plan (DB Plan). As part of the retirement program transition, eligible employees covered by a defined benefit were given a one-time choice to remain an active participant in the DB Plan, which means that there are no employer contributions provided in this Plan as long as they continue to be eligible for the DB Plan. Once the employees are no longer eligible for the respective DB Plan, the employee becomes eligible for the above employer contribution percentages under the Plan, according to their respective location's percentages.

** The 2011 Plans do not have active participants making contributions or receiving employer match contributions, therefore they are excluded from the table above.

Participants may also rollover amounts representing distributions from other qualified retirement plans. Such contributions are allocated to participants' accounts under provisions set forth in the Plan.

**RETIREMENT PLAN OF
BON SECOURS HEALTH SYSTEM, INC**

Notes to Financial Statements

December 31, 2012 and 2011

Participant contributions to the Plan are allocated among the various mutual funds based on the participant's instructions, subject to certain limitations defined in the Plan. Participants may change their allocation instructions and transfer accumulated savings between funds at any time, subject to certain limitations defined in the Plan.

(c) Participant Accounts

Each eligible participant's account is credited with the participant's contribution, the Company's automatic and/or matching contributions, and an allocation of the Plan's earnings and expenses. The automatic contribution allocations are based on participant earnings, as defined. Matching contribution allocations are made in accordance with the percentages described on the chart above, if the employee has elected to make employee deferrals. A participant's benefit, at any point in time, is equal to their vested account balance.

(d) Vesting

Participants are immediately vested in their contributions and related earnings. Generally, participants vest in the Companies' contributions and related earnings at the completion of three years of service, as defined in the Plan.

(e) Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. A participant may have only one outstanding loan at a time. Principal and interest are paid ratably through personal check or electronic funds transfer.

(f) Forfeitures

The nonvested portions of terminated participants' accounts are used to reduce future employer contributions. At December 31, 2012 and 2011, there were \$413,922 and \$704,779, respectively, in the forfeitures account. During 2012, \$251,993 of forfeitures were used to reduce employer contributions (\$98,311 in 2011). Additionally, \$234,856 of forfeitures were used to pay administrative expenses of the Plan during 2012 (none in 2011).

(g) Benefit Payments

Participants or their beneficiaries are eligible for distributions upon retirement, termination of employment, disability, death, or proven financial hardship. Participants have the right to designate the method of payment of retirement benefits within limitations specified in the Plan. Participants who have not terminated employment may request at any time a distribution from the vested portion of their accounts if they have reached age 59½. The distribution will be made as soon as practicable following approval of the written request for withdrawal and will be made in the form of a single lump sum.

Notes to Financial Statements

December 31, 2012 and 2011

(h) Early Withdrawals

Under certain conditions, participants, while still employed by the Company, are permitted to withdraw from their accounts in certain instances. The Plan provides that a participant may make a withdrawal of the employee contributions, due to financial hardship for certain conditions. These conditions include unreimbursed medical expenses, the purchase of a principal residence, the payment of postsecondary education tuition, or to prevent eviction from or foreclosure on a principal residence. Employees are not permitted to contribute to the Plan for six months following a hardship withdrawal. A participant may also make a withdrawal from his or her vested accounts when the participant attains age 59½.

(3) Financial Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from the trustees of the Plan that all information relating to the Plan's investments and related investment income is complete and accurate. Information as to the value of the investments in the trust fund managed by the trustees, investment income, participant loans and related interest income, and all information in the supplemental schedule is presented in reliance solely upon those certifications. The Plan's investments are summarized in note 4.

(4) Investment Information

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the information certified by the trustees was not audited by the independent auditors, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. A summary of the Plan's financial information, which has been certified by the trustees, is presented as follows:

A description of each investment strategy is available from the Companies' human resources departments.

(5) Fair Value Measurements

The assets and liabilities recorded at fair value in the balance sheet are measured and classified in a hierarchy for disclosure purposes consisting of three "levels" based on the observability of inputs available in the marketplace used to measure the fair values as discussed below. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgments. In making the assessment, the Plan considers factors specific to the asset or liability.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**RETIREMENT PLAN OF
BON SECOURS HEALTH SYSTEM, INC**

Notes to Financial Statements

December 31, 2012 and 2011

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money Market Funds and Mutual Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012.

		Fair value measurements at December 31, 2012		
	Fair value	Level 1	Level 2	Level 3
Mutual funds	\$ 83,386,709	83,139,762	246,947	
Annuity contracts	23,504,197	—	23,504,197	—
Total	<u>\$ 106,890,906</u>	<u>83,139,762</u>	<u>23,751,144</u>	<u>—</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011.

		Fair value measurements at December 31, 2011		
	Fair value	Level 1	Level 2	Level 3
Mutual funds	\$ 30,049,946	29,813,662	236,284	—
Annuity contracts	11,289,834	—	11,289,834	—
Total	<u>\$ 41,339,780</u>	<u>29,813,662</u>	<u>11,526,118</u>	<u>—</u>

For the years ended December 31, 2012 and 2011, there were no significant transfers into or out of Levels 1, 2, and 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(6) Party-in-Interest Transaction

Plan assets include investments in funds managed by AIG Federal Savings Bank, MetLife Insurance Company, Lincoln National Life Insurance Company, and Nationwide Life Insurance Company, the trustees as defined by the Plan. As such, these transactions qualify as party-in-interest transactions.

Notes to Financial Statements

December 31, 2012 and 2011

(7) Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated November 2, 2010 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2006.

(8) Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the plan assets would be distributed to participants in accordance with the guidelines set forth in the Plan.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2013, the date on which the financial statements were issued and determined that there were no other items to disclose.
