October 14, 2013

To the Trustees and Participants of
Gehring Tricot Corp. 401(k) Retirement Savings Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Gehring Tricot Corp. 401(k) Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by NBT Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

INDEPENDENT AUDITOR'S REPORT

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Report on Supplemental Information
We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the 2012 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter – 2011 Financial Statements
The financial statements of the Plan as of and for the year ended December 31, 2011, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by TD Ameritrade Trust Company, the trustee of the Plan. Their report, dated October 12, 2012, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Gehring Tricot Corp. 401(k) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) salary reduction plan covering substantially all of the employees of Gehring Tricot Corp. and its wholly-owned subsidiaries ("Company") who meet certain eligibility requirements. Employees are eligible for enrollment provided they are not less than 18 years of age and were continuously employed for three months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, subject to limitation as defined in the Plan. The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's salary reductions. In addition, the Company, at its discretion, may make a Qualified Non-Elective Contribution. Contributions are subject to certain limitations. For 2012, the Company declared a matching contribution of $50,000 for eligible employees. For 2011, the Company did not declare a matching contribution.

Participant Accounts

Each participant's account is credited with (a) the participant's contribution (b) allocation of the Company's contribution and (c) Plan earnings (losses). Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on a graded vesting schedule with 100% vesting after 5 years of service.

Investment Options

The Plan entered into a custodian agreement with NBT Bank, whereby the custodian directs new contributions, in accordance with the participant's election, into a choice of sixteen investment options including money market, stable value, government bond, and equity funds.

Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans shall only be made for hardship or financial necessity. Loan transactions are treated as a participant-directed investment. Loans are to be amortized over a period not to exceed 5 years, except for the purchase of a primary residence which may be longer than 5 years. The loans are secured by the vested balance in the participant's account and bear interest at a reasonable rate determined at the time of the loan.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants (Continued)
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
On termination of service, a participant will receive an amount equal to the value of the participant's vested interest in his or her account in a qualified joint and survivor annuity, unless the participant elects to receive the amount in a lump sum, installment arrangement, or life annuity.

Forfeitures
Forfeitures of a terminated participant's nonvested account balance will occur as of the earlier of (1) the last day of the plan year in which the former participant incurs five consecutive 1-year breaks in service or (2) the distribution of the entire vested portion of the participant's account.

Forfeitures may be used to reduce employer contributions.

There were no forfeitures for the years ended December 31, 2012 and 2011.

Administrative Expenses
The majority of Plan administrative expenses are paid by the Plan. The primary administrative expenses incurred for 2012 and 2011 were investment advisory/management fees and professional fees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a common/collective trust which holds fully benefit-responsive investment contracts. The statements of net assets available for benefits present the fair value of the investment in the common/collective trust as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
Investments are stated at fair value based upon quoted market prices for mutual funds. Changes in the current value of investments, including unrealized and realized gains and losses on assets sold during the year, are reflected in the statement of changes in net assets available for benefits as appreciation or depreciation in the fair value of investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Risks and Uncertainties
The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Payment of Benefits
Benefits to terminated participants are recorded when paid.

Fair Value Measurements
The Plan has financial instruments which are recorded at fair value in the accompanying statements of net assets available for benefits. The Plan makes estimates regarding the valuation of assets and liabilities measured at fair value in the financial statements. These assets and liabilities include the investments in money market funds and mutual funds.

Fair Value Measurements - Definition and Hierarchy
Generally accepted accounting principles define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan uses various valuation techniques in determining fair value. Generally accepted accounting principles establish a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the assumptions market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

Level 1 Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

The Plan's investments in mutual funds are primarily valued utilizing Level 1 inputs.

Level 2 Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly:

The Plan's investments in collective investment trusts are primarily valued utilizing Level 2 inputs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements (Continued)

Fair Value Measurements - Definition and Hierarchy (Continued)

Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The Plan currently does not hold any Level 3 investments.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Money market funds: Valued using amortized cost which approximates fair value.

Mutual funds: Valued at net asset value of shares held by the Plan at year end.

Collective investment trusts: Valued based on the quoted market prices of the underlying investments.

Stable value fund: Valued at fair value based on the underlying unit value of the fund's investments.

The Plan was provided with the asset classifications by the Plan trustee, NBT Bank.

At December 31, 2012, the Plan's investments are measured at fair value on a recurring basis and are valued within the fair value hierarchy as follows:

	Level 1	Level 2	Level 3	Total

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. INCOME TAX STATUS

The Plan is tax-exempt under Section 401(b)(3) of the Internal Revenue Code. The Plan has applied for, but has not yet received, a determination letter. The Internal Revenue Service has issued an opinion letter dated August 7, 2001, in which it stated that the prototype, upon which the Plan was designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

For employee benefit plans, their tax-exempt status itself is deemed to be an uncertainty, since events could potentially occur to jeopardize their tax-exempt status. As of December 31, 2012 and 2011, the Plan does not have a liability for unrecognized tax benefits. The Plan files the Annual Return/Report of Employee Benefit Plan (Form 5500) in the U.S. federal jurisdiction. The Plan is no longer subject to U.S. federal tax examinations for years before 2009.
