**Notes to Financial Statements**
**December 31, 2012 and 2011**

## NOTE 1 - DESCRIPTION OF PLAN

The following brief description of The Dot Printer, Inc. 401(k) Plan (the Plan) is provided for general information purposes. Participants should refer to the Plan's agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan covering all full-time employees of the Company who are twenty-one years of age and have one year of service, except those employees who are covered under a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** - Participants' contributions are made to the Plan by means of a salary deferral agreement under which the participant is entitled to defer the lesser of 15 percent of their compensation or a fixed amount determined annually by the Internal Revenue Service. For the years ended December 31, 2012 and 2011, the Company elected not to make discretionary matching contributions. Participants may roll over amounts representing distributions from other qualified benefit or contribution plans.

**Participant Accounts** - Each participant's account is credited with the participant's contribution and the Company's matching contribution. Allocations are based upon participant wages, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

**Investments** - Each participant directs the allocation of his or her contribution and employer matching contributions to one or more of 33 investment options.

**Notes Receivable from Participants** - The Plan allows participants to borrow up to 50 percent of their vested account balances, but not less than $1,000, nor more than $50,000. The note repayment period must be no more than five years with the interest rate determined based on prevailing rates at the date of the loan. Home loans can be repaid over a reasonable period of time that may be no longer than five years. Interest rates range from 4.25% to 6.0%. Principal and interest are paid through payroll deductions.

**Excess Contributions** - Corrective distributions of $47,942 and $43,192 were required for the years ended December 31, 2012 and 2011, respectively, to return to certain active participants' excess deferral contributions to satisfy the relevant nondiscrimination provisions of the Plan.

**Vesting** - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

**Forfeitures** - Amounts forfeited from terminating participants' nonvested portion of their Company contributions and earnings on Company contributions can be used to reduce the Company's discretionary contributions. At December 31, 2012 and 2011, there were forfeitures of $474 and $740, respectively, available to reduce contributions.

(Note 1 continued on the following page)

**Notes to Financial Statements**
**(Continued)**
**December 31, 2012 and 2011**

## NOTE 1 - DESCRIPTION OF PLAN (Continued)

**Payment of Benefits** - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over the participant's life expectancy as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

**Administrative Expenses** - Administrative expenses are paid for by the Plan, except for loan fees which are paid by the participants.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Presentation** - The financial statements have been prepared in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Basis of Accounting** - The financial statements of the Plan are prepared under the accrual method of accounting.

**Investment Valuation and Income Recognition** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Risk and Uncertainties** - The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at lease reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

(Note 2 continued on the following page)

**Notes to Financial Statements**
**(Continued)**
**December 31, 2012 and 2011**

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Notes Receivable from Participants** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

**Recent Accounting Pronouncements** - In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurements (Topic 820)*. This ASU improves the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with accounting principles generally accepted in the United States of America and International Financial Reporting Standards. The amendments are of two types: (i) those that clarify the FASB's intent about the application of existing fair value measurement and disclosure requirements and (ii) those that change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. The update is effective for annual periods beginning after December 15, 2011. Except for the disclosure requirements, management does not expect the adoption of this guidance to have a material impact on the Plan's financial statements.

## NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include:<br>• quoted prices for similar assets or liabilities in active markets;<br>• quoted prices for identical or similar assets or liabilities in inactive markets;<br>• inputs other than quoted prices that are observable for the asset or liability;<br>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br><br>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

*Pooled separate accounts*: Valued at the NAV which is based on the fair value of the underlying investments held by the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

| | ***Assets at Fair Value as of December 31, 2012*** | | | |

## NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Pooled separate accounts (PSA) are valued at NAV which is based on the fair value of the underlying investments of the PSA, less any liabilities. The underlying investments of the PSA are mainly equity and fixed income securities and short-term investments. The investment strategies of the Plan's PSA vary generally based on the investment objectives of the asset class of which they are a part. Such investment strategies include investments in fixed income securities and investments in equity securities in domestic and international markets for growth and value objectives as well as to replicate market indexes and to invest in emerging markets. The Plan had no unfunded commitments related to PSA. The redemption of PSA is subject to the preference of individual Plan participants and contains no restrictions on the timing of redemption.
