Independent Auditors' Report

To the Retirement Plan Committee of
Discovery Communications, LLC Retirement Savings Plan
Silver Spring, Maryland

Report on the Financial Statements

We were engaged to audit the accompanying modified cash basis financial statements of Discovery Communications, LLC Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these modified cash basis financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the modified cash basis financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these modified cash basis financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

We were engaged for the purpose of forming an opinion on the modified cash basis financial statements as a whole. The supplemental schedule of assets (held at end of year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the modified cash basis financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the modified cash basis financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
December 31, 2012 and 2011

1. DESCRIPTION OF THE PLAN

The following description of the Discovery Communications, LLC Retirement Savings Plan (the "Plan") provides only general information about the Plan's provisions. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined contribution retirement savings plan and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan covers substantially all employees of Discovery Communications, LLC ("DCL" or the "Company") and its subsidiaries. Employees of the Company who have attained the age of 18 years old and are working at least 30 hours per week are eligible to participate in the Plan on the first day after the employee has completed three consecutive months of service. Employees working less than 30 hours per week and temporary employees of the Company who have attained the age of 18 years old are eligible to participate in the Plan on the first day after the employee has completed one year of service and worked at least 1,000 hours during the Plan year.

Contributions

Each year, participants may contribute 1% to 40% of their pre-tax annual compensation, as defined in the Plan document. Effective January 1, 2013, the Plan was amended to allow participants to contribute up to 75% of their pre-tax annual compensation. The total amount of pre-tax contributions was limited by Federal law to \$17,000 for 2012. Participants who attain the age of 50 by the end of the year are also eligible to make pre-tax catch-up contributions, in addition to regular pre-tax contributions, which were limited by Federal law to \$5,500 for 2012. Participants may change the percentage of their compensation contributed to the Plan at any time.

Participants may also contribute amounts representing distributions from other qualified plans or conduit individual retirement accounts ("IRA") upon specific authorization and subject to such terms and conditions as set forth in the Plan document ("rollover contributions").

DCL also makes matching contributions for employees that participate in the Plan. For 2012, the Company paid matching contributions equal to 100% of the first 3% of compensation that a participant contributed to the Plan and 50% of the next 3% of compensation contributed to the Plan. Total compensation considered under the Plan, based on Federal law, was limited to \$250,000 for 2012. Discretionary contributions may also be made. No discretionary contributions were made to employees in 2012.

The total amount of participant contributions, excluding rollover contributions, and employer matching contributions, including additional Company discretionary contributions, if any, was limited by Federal law to the lesser of \$50,000 or 100% of pre-tax annual compensation for 2012. All contributions made to the Plan on an annual basis may be further limited due to certain non-discrimination tests prescribed by the Internal Revenue Code (the "Code").

Participants direct their contributions into various investment options offered by the Plan. For 2012, the Plan offered investments in various mutual funds (registered investment companies). The Company's matching contributions and additional discretionary contributions, if any, are allocated in the same manner as that of the participant's contributions. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and additional discretionary contributions, if any, earnings or losses from the investment options elected by the participant, and certain Plan expenses. Earnings or losses are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of certain Plan expenses are based on the participant's account balances, as defined. Fees related to the processing of notes are charged directly to the individual account of the participant initiating the note. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are valued daily.

Discovery Communications, LLC Retirement Savings Plan
Notes to Financial Statements
December 31, 2012 and 2011

Vesting

Effective January 1, 2007, active participants vest immediately in their contributions and in the Company's matching contributions and additional discretionary contributions, if any, plus actual earnings or net of losses thereon.

Prior to January 1, 2007, participants vested immediately in their contributions, plus actual earnings or net of losses thereon. However, vesting in the Company's matching contributions and additional discretionary contributions, if any, plus actual earnings or net of losses thereon, was based on years of service. If a participant terminated service with the Company prior to January 1, 2007, the portion of the Company's matching contributions and additional discretionary contributions, if any, plus actual earnings or net of losses thereon not fully vested at the time of termination will be forfeited when the participant elects a distribution from the Plan, even if that distribution occurs subsequent to January 1, 2007.

Forfeited balances may be used to reduce future Company matching contributions. During 2012, unallocated forfeitures balances used to reduce Company matching contributions totaled \$511,440. Unallocated forfeitures balances as of December 31, 2012 and 2011 were \$257,826 and \$748,969, respectively.

Notes Receivable from Participants

Active participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The \$50,000 limit is reduced by the participant's highest outstanding receivable balance during the preceding 12 month period. The receivables are secured by the vested balance in the participant's account. The term of the notes may not exceed five years unless the amount borrowed is used for the purchase of a primary residence, as determined by the plan administrator. The notes bear interest at a rate equal to the prime lending rate at the date of issuance plus 1%. Outstanding receivables as of December 31, 2012 carried interest rates ranging from 4.25% to 9.00%. Outstanding receivables as of December 31, 2011 carried interest rates ranging from 4.25% to 9.25%. Principal and interest are paid ratably through payroll deductions. If a participant terminates employment with the Company, the participant may continue to repay the entire outstanding principal and accrued interest pursuant to the terms of the promissory note and repayment documents. Additionally, within 60 days of termination, a participant may also elect to roll over the outstanding principal and accrued interest to an eligible retirement plan. The rollover is, however, subject to certain other restrictions as defined by the Plan. If the amount borrowed is not repaid or rolled over to another eligible retirement plan, it will automatically be treated as a distribution to the participant and subject to regular income taxes and an additional 10% Internal Revenue Service ("IRS") tax penalty if the participant is under the age of 59 ½.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant or beneficiary whose vested account balance exceeds \$5,000 may elect to either maintain the account or receive the value of the vested portion of the account in a single lump-sum cash payment. If the value of the vested account balance exceeds \$5,000 and the participant or beneficiary does not elect a lump-sum cash distribution, the account balance will be maintained in the investment options selected by the participant. If the value of the vested account balance is greater than \$1,000 but less than \$5,000, the participant may elect to either roll over the vested account balance into an individual retirement account established by the Company on the participant's behalf or receive the value of the vested portion of the account in a single lump-sum cash payment. A participant whose vested account balance is \$1,000 or less will automatically receive an immediate lump-sum distribution equal to his or her vested account balance. Participants may withdraw rollover contributions at any time.

In general, participants must receive a required minimum distribution upon attainment of age 70 ½ unless they are still employed. Rollover contributions may be withdrawn at any time.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship

Discovery Communications, LLC Retirement Savings Plan
Notes to Financial Statements
December 31, 2012 and 2011

withdrawals are strictly regulated by the IRS and a participant must exhaust all available borrowing options and available distributions prior to requesting a hardship withdrawal.

Participant benefit payments may be subject to federal and state income tax.

Plan Expenses

Plan expenses, which primarily include fees related to recordkeeping, legal, and accounting may be paid by the Plan using forfeitures as described above or may be paid by the Company. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Fees related to the processing of notes are charged directly to the individual account of the participant initiating the note. Company personnel also perform various administrative services for the Plan, including maintenance of participant records, for which the Company does not charge the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will remain 100% vested in their accounts and will receive the value of their vested account balance through one of the benefit payment options specified in the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis of accounting as permitted under the Department of Labor's Rules and Regulations. Accordingly, certain additions to and deductions from net assets available for benefits are recognized when received or paid rather than when earned or incurred.

Use of Estimates

The preparation of financial statements using the modified cash basis of accounting requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Such estimates and assumptions include, but are not limited to, fair value estimates and contingencies. Management continually re-evaluates its estimates and assumptions and management's assessments could change. Actual results may differ from those estimates and assumptions and could have a material impact on the financial statements.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Refer to Note 4 for additional disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Net appreciation or depreciation in the fair value of investments includes realized gains and losses on investments sold during the year and the unrealized appreciation and depreciation on investments held at the end of the year. Gains or losses on sales of securities are calculated using the average cost of the securities sold.

Contributions

Employee and Company contributions are recorded when received.

Discovery Communications, LLC Retirement Savings Plan
Notes to Financial Statements
December 31, 2012 and 2011

Forfeitures

Forfeitures related to the unvested portion of a participant's account are recorded at the time the participant elects a distribution from the Plan.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Expenses

Expenses paid by the Plan are recorded when paid.

Recently Issued Accounting Pronouncements

Fair Value Measurements

In May 2011, the Financial Accounting Standards Board ("FASB") and the International Accounting Standards Board ("IASB") issued guidance that results in a consistent definition between U.S. Generally Accepted Accounting Principles ("U.S. GAAP") and International Financial Reporting Standards ("IFRS") of fair value and common requirements for measurement and disclosure of fair value. There are several changes under the new guidance. The highest and best use valuation concepts are relevant only when measuring the fair value of nonfinancial assets. The prohibition of the application of a blockage factor extends to all financial measurements. The Plan must disclose quantitative information about unobservable inputs used to assess fair value and provide a qualitative discussion about the sensitivity of the measurements for recurring Level 3 fair value measurements. The Plan prospectively adopted the new guidance effective January 1, 2012, except for certain disclosures for nonpublic employee benefit plans as noted in the Accounting Standards Update ("ASU") No. 2013-09, "Deferral of Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans in Update No. 2011-04", which has been deferred indefinitely. The adoption of the new guidance did not have a material impact on the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE - UNAUDITED

The following table presents individual investments that represented 5% or more of the Plan's net assets available for benefits.

During 2012, the Plan's investments in mutual funds (including investments purchased, sold, and held during the year) appreciated in fair value by \$25,246,235 due primarily to an increase in market values, which reflected the continued improvement in domestic economic conditions.

Discovery Communications, LLC Retirement Savings Plan
Notes to Financial Statements
December 31, 2012 and 2011

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, all investment information in the financial statements and accompanying notes and supplemental schedule, including investments held and notes receivable from participants at December 31, 2012 and 2011, and net appreciation in fair values of investments, dividends, and interest for the year ended December 31, 2012, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, trustee of the Plan.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the amount that would be received for selling an asset or paid to transfer a liability in an orderly transaction between market participants. Investments held by the Plan are stated at fair value. Fair value measurements are classified in the following three categories.

Level 1 - Quoted prices for identical instruments in active markets.

Level 2 - Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets.

Level 3 - Valuations derived from valuation techniques in which one or more significant inputs are unobservable.

The following tables present the Plan's financial assets carried at fair value on a recurring basis, by level, within the fair value hierarchy.

Investments in mutual funds are valued using quoted market prices in active markets representing the net asset value of the shares held by the Plan.

5. RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks including, but not limited to, interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the modified cash basis Statements of Net Assets Available for Benefits.

6. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of funds managed by Fidelity Management Trust Company, trustee of the Plan as of December 31, 2012 and 2011 and for the year ended December 31, 2012, and, therefore, qualify as party-in-interest transactions. The fair value of investments held with Fidelity Management Trust Company was \$21,345,127 and \$21,567,655 as of December 31, 2012 and 2011, respectively. Fees paid by the Plan to the trustee amounted to \$14,171 during the year ended December 31, 2012. The Company also qualifies as a party-in-interest and absorbs certain expenses of the Plan. The Company paid \$89,479 of expenses on behalf of the Plan during the year ended December 31, 2012. Notes receivable from participants are also considered party-in-interest transactions, which totaled \$3,453,248 and \$2,698,718 at December 31, 2012 and 2011, respectively. All of these transactions are exempt from the prohibited transaction rules under ERISA.

7. TAX STATUS

The Plan has received a determination letter from the IRS dated April 30, 2012, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since the date of the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Discovery Communications, LLC Retirement Savings Plan Financial Statements and Supplemental Schedule

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

8. SUBSEQUENT EVENTS

The Company evaluated subsequent events through September 27, 2013 the date for which the financial statements were available to be issued. During the Company's evaluation process no subsequent events were identified that would have a material effect on these financial statements.
