ELECTRA LINK, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012

## NOTE A - DESCRIPTION OF PLAN

The following description of the Electra Link, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The plan is a defined contribution plan with a qualified cash or deferral arrangement covering all employees of the Company who have attained the age of 21 and completed one year of service. The Plan, sponsored by Electra Link, Inc. (the "Employer"), has an income deferral feature under Section 401(k) of the Internal Revenue Service Code and is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA). The Plan also has a Roth 401(k) feature.

Administration of the Plan: The Great-West Life & Annuity Insurance Company (the "Custodian") is the investment custodian for the Plan's participant directed 401(k) assets. The financial records of the Plan are maintained by Great-West Life & Annuity Insurance Company, the recordkeepers. Administrative expenses charged by Great-West Life & Annuity Insurance Company are either paid by the Employer, at its discretion or paid by the plan. In 2012 and 2011 respectively, the plan paid $3,875 and $0 in administrative fees.

Contributions – Participants may elect to defer a minimum of 1% and a maximum of 100% of their compensation (excluding bonuses) during any plan year, subject to a maximum imposed by the Internal Revenue Code. The Employer may make a discretionary profit sharing contribution for participants actively employed on the last day of the plan year. During 2012 and 2011, the Employer did not declare a discretionary contribution. The matching contributions will only apply to a Participant's applicable contributions that do not exceed a dollar amount or percentage of included compensation uniformly determined by the Employer for all eligible participants. In its sole discretion, the employer may designate all or part of the matching contributions as qualified. Any matching contributions not designated as qualified will be a regular matching contribution. The Employer made matching contributions of $0 and $37,743, respectively, to the plan during 2012 and 2011. All employer contributions are invested in the same proportion as investment options chosen by each participant. Refunds of excess contributions are distributed to participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) employer discretionary contributions, if any, and (b) Plan earnings. Allocations are based on participant compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of any contributions is based on years of service. A participant is 100% vested after six years of credited service.

Participant Loans - Participants may borrow from their participant directed accounts a minimum of $1,000 and up to 50% or $50,000 of their vested account balance. The loans are allowed for any purpose. The loans are secured by the balance in the participant's account. The interest rate, security and terms of payment are determined by the trustees based on rates charged for similar loans by commercial lenders; however, loan terms are not to exceed five years (except in the case of a qualified home loan). Principal and interest are repaid through payroll deductions. The recordkeeper charges the participant a fee for the loan origination. A participant's loan balance becomes immediately due and payable upon termination of employment.

**NOTE A - DESCRIPTION OF PLAN (Continued)**

Payment of Benefits – Benefits are generally paid upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100% of their account balance. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount or annual installments, as defined by the Plan. Terminated employees with a fund balance of less than $1,000 will have their fund balance rolled over to a personal IRA at the end of the calendar quarter of termination unless they make other arrangements.

Forfeited Accounts – At December 31, 2012 and 2011, forfeited non-vested accounts totaled $19 and $1,547 respectively. These accounts will be used to reduce future employer contributions or plan expenses. In 2012 and 2011, no employer match contributions were funded with forfeited funds. In 2012 $1,547 was paid to employees to correct an error and in 2011, $5,693 of employer contributions were paid with forfeited funds.

**NOTE B - SUMMARY OF ACCOUNTING POLICIES**

Date of Management's Review - These financial statements considered subsequent events through October 11, 2013, the date the financial statements were available for issuance.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting - The financial statements of the Plan are prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. The Statement of Net Assets Available for Plan Benefits presents the fair value of the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on the contract value basis.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition –Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

**NOTE B - SUMMARY OF ACCOUNTING POLICIES (Continued)**

Operating Expenses - Expenses of the plan include all fees and expenses incurred by the plan to the extent such fees and expenses are for the ordinary and necessary administration and operation of the Plan, unless paid by the employer. For the period ended December 31, 2012 and 2011, $3,875 and $3,463 in fees were paid by the plan. Any other costs were paid by the employer and have not been reported by the Plan.

**NOTE C – FAIR VALUE MEASUREMENTS**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value; however there were no Level 1 inputs. Level 2 inputs utilized by the plan include the general financial condition of the issuer of the annuity contract, review of the contracts, quoted market prices of underlying mutual funds and expense factors as stated in the contracts. No Level 3 inputs were available to the Plan.

Level 2 Fair Value Measurements – The fair value of pooled separate accounts variable annuities is calculated in which the initial pricing is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation: dividing the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day. The fair value of the general insurance fund fixed annuities reported values are reported daily based on the valuation method disclosed in the annuity contract as calculated by the annuity provider. For these fixed annuities the plan sponsor should evaluate the general financial condition of the issuer of the annuity as a component of validating whether the calculated contract value of the guaranteed contract is an accurate value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and liabilities at fair value as of December 31, 2012 and 2011:

## NOTE C – FAIR VALUE MEASUREMENTS (Continued)

**Assets at Fair Value as of December 31, 2012**

**Assets at Fair Value as of December 31, 2011**

## NOTE D – INVESTMENTS (UNAUDITED)

The following presents investments that represent 5% or more of the Plan's net assets:

| | December 31, 2012 | December 31, 2011 |
|---|---|---|
| Great-West Aggressive Profile II, 16,777 and 15,674 shares, respectively | 253,016 | 196,222 |

| Guaranteed Portfolio Fund - investment contract | 327,232 | 305,480 |
| Participant Loans | 172,139 | 187,724 |

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $351,320 as determined by the Charles Schwab Trust Company, detailed as follows:

| | |
|---|---|
| Contracts in pooled separate accounts | $351,320 |

## NOTE E – RELATED PARTY TRANSACTIONS

As of December 31, 2012 certain Plan investments are shares of mutual funds managed by the Great-West Life & Annuity Insurance Company. The Great-West Life & Annuity Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

## NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

## NOTE G – INCOME TAX STATUS

The Employer adopted a standardized plan issued by the Plan's trustee and recordkeeper on February 1, 2004 which was subsequently amended to incorporate certain enacted laws and regulations (commonly referred to as "EGTRRA"). The Plan trustee has since received a favorable determination letter from the Internal Revenue Service informing the Plan trustee that the standardized plan is qualified under the provisions of Section 401(a) of the Internal Revenue Code.

## NOTE H - LIMITED SCOPE EXAMINATION

Generally, plans with 100 or more participants are required to file annual reports which include certain additional information and an independent public auditor's report. To issue an opinion, an accountant must perform an examination in accordance with generally accepted auditing standards in the United States of America.

Regulations concerning annual report filing state that a plan whose assets are held by a bank, a similar institution, or an insurance carrier is not required to have its auditor extend his examination to any statements of information prepared and certified by that institution.

The following information was prepared/certified the Great-West Life & Annuity Insurance Company and at the request of the Plan Administrator we did not perform any auditing procedures.

- Contractual value of investments at December 31, 2012
- Net appreciation in fair value of assets
- Interest earned on investments and participants loans
- Miscellaneous administrative expenses of the Great-West Life & Annuity Insurance Company charged to funds
- Investment transaction of the Great-West Life & Annuity Insurance Company, including purchases and dispositions of investments and any related expenses and gain/loss

## NOTE I – INVESTMENT CONTRACT WITH INSURANCE COMPANY

At December 31, 2012 and 2011, a significant portion of the investments held by the Custodian, Great-West Life & Annuity Insurance Company, are related to insurance contracts and are characterized as either pooled separate accounts or as unallocated general accounts. The Plan's investments are stated at market value based upon quoted market prices as reported by the Custodian of the Plan's assets. Investments in these insurance contracts are generally subject to the volatility of the major stock markets in which the underlying investments are held and participants do not hold shares in the underlying mutual funds. There are no dividends or realized and unrealized gains and losses with respect to these separate accounts; instead, the dividends and realized and unrealized gains and losses for the underlying funds are factored into the value of the separate account funds. Should the Plan elect to terminate the insurance contracts, there would be no surrender charge for all investments at December 31, 2012.

## NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.
