INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Railroad Controls L.P. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Railroad Controls L.P. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by American United Life Insurance Company and State Street Bank and Trust Company, the custodian and trustee, respectively, of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that State Street Bank and Trust Company held the Plan's investment assets and executed investment transactions from March 1, 2012 to December 31, 2012, and that American United Life Insurance Company, held the Plan's investment assets and executed investment transactions as of December 31, 2011, and for the period January 1, 2012 to February 29, 2012. The plan administrator has obtained certifications from the trustee and custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated October 10, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With Department of Labor's Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
As of December 31, 2012 and 2011
And For the Year Ended December 31, 2012

1. DESCRIPTION OF PLAN

(a) General

The following description of Railroad Controls L.P. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all eligible employees of Railroad Controls L.P. (the "Company") who have three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for the oversight of the plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

(b) Contributions

Each year, participants may elect to contribute up to the maximum amount allowed by law of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Company contributes 50% on the first 6% of the participant's compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the discretion of the Company. During the year ended December 31, 2012, the Company did not elect to make a profit sharing contribution to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

As of March 1, 2012, the Plan was amended and restated (Note 6), to include an auto-enrollment provision whereby all newly eligible participants with an entry date first occurring on or after March 1, 2012 are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Participants who are automatically enrolled have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and investment earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant whose service terminates for reasons other than death, disability, or attainment of normal retirement age is 100% vested after three years of credited service.

RAILROAD CONTROLS L.P. 401(k) PLAN
Notes to Financial Statements
As of December 31, 2012 and 2011
And For the Year Ended December 31, 2012

1. DESCRIPTION OF PLAN (Continued)

(e) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

(f) Forfeitures

At December 31, 2012, forfeited nonvested accounts totaled \$10. Forfeitures are used to reduce future employer contributions. During 2012, employer contributions were reduced by \$12,034 from forfeited nonvested accounts. There were no forfeited nonvested accounts at December 31, 2011.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic *Plan Accounting – Defined Contribution Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

RAILROAD CONTROLS L.P. 401(k) PLAN
Notes to Financial Statements
As of December 31, 2012 and 2011
And For the Year Ended December 31, 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Investment Valuation and Income Recognition (Continued)

As of December 31, 2012, the Plan invests in a stable value collective trust which purchases investment contracts. As required by FASB ASC Topic *Plan Accounting – Defined Contribution Pension Plans*, the statement of net assets available for benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the underlying investment contracts. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

As of December 31, 2011, the Plan provided an investment option to invest in a benefit-responsive guaranteed interest account with American United Life Insurance Company (AUL). AUL maintained the contributions in a general account. The contract was included in the financial statements at contract value as reported to the Plan. Contract value represented contributions made under the contracts, plus interest accrued at the current rate, less participant withdrawals and administrative expenses. There were no reserves against the contract value of the group annuity contract-fixed option for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 4.02% and 4.00% for 2011. The crediting interest rate was based on a formula agreed upon with the issuer, not to be less than a specified rate, which was 4.00% for 2011. Such interest rates were reviewed on an annual basis for resetting.

The group annuity contract promised contract value for a benefit event, such as termination, death, disability or retirement. However, there was a market value adjustment, (a surrender charge), when funds were withdrawn prior to their maturity or for a non-benefit event, such as withdrawal from the account for a change in investment option. The fair values of these contracts as of December 31, 2011 approximate the contract values.

(d) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefits paid to participants charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

As of December 31, 2012 and 2011
And For the Year Ended December 31, 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) New Accounting Pronouncements

The plan administrator has evaluated the recently issued accounting pronouncements through the date these financial statements were available to be issued and has determined the application of these pronouncements will have no material impact on the Plan's financial position and changes in net assets available for benefits.

(h) Reclassifications

Certain reclassifications have been made to 2011 financial statement balances to conform to the 2012 presentation.

3. INVESTMENTS

The following presents the fair values of investments representing 5% or more of the Plan's net assets as of December 31:

4. FAIR VALUE OF INVESTMENTS

FASB ASC topic *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

The three levels of the fair value hierarchy under ASC topic *Fair Value Measurements and Disclosures* are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered Investment Companies: Investments in registered investment companies are valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

4. FAIR VALUE OF INVESTMENTS (Continued)

Pooled Separate Accounts: Investments in pooled separate accounts are valued based on the basis of the number of units held by each participating investor in the fair value of the underlying assets of the respective separate accounts. While a majority of the underlying assets values are based on quoted prices, the NAV of the pooled separate account is used as a practical expedient to estimate fair value. The NAV is determined by the investment account manager as of the financial statement date. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported net asset value with no advance notice requirement. The Plan is permitted to redeem investment units at net asset value on the measurement date.

Shares of Common/Collective Trusts: Investments in the common/collective trusts are valued on the basis of relative interest of each participating investor in the fair value of the underlying assets of the trusts. While a majority of the underlying assets values are based on quoted prices, the NAV of the common/collective trusts are used as a practical expedient to estimate fair value. The NAV is determined by the respective trustee as of the financial statement date. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner.

Insurance Annuity Contracts: Investments in annuity contracts are valued at the surrender value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

Fair Value of Investments in Entities that Use Net Asset Value

The fair value of the common/collective trusts based on NAV per share as of December 31, 2012 is \$462,199. The fair value of the pooled separate accounts based on NAV per share as of December 31, 2011 is \$1,993,037. The collective trust funds and pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported net asset value with no advance notice requirement. The Plan is permitted to redeem investment units at net asset value on the measurement date.

5. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to the information which was certified as being complete and accurate by the American United Life Insurance Company, a OneAmerica Company, and State Street Bank and Trust Company, the custodian and trustee, respectively, of the Plan, including investments at fair value reported in the statements of net assets available for benefits as of December 31, 2012 and 2011, total investment income as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2012, the 2012 information disclosed in Note 3, and all information presented in the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year). The Plan's auditors performed no auditing procedures other than agreeing these amounts to the certified statements provided by the custodian and trustee.

6. PLAN AMENDMENTS

Effective March 31, 2012, the Plan was amended and restated to revise the eligibility entry date under which plan participants may enter the Plan from the first day of the next plan quarter to the first day of the coinciding month after eligibility is met.

Effective March 31, 2012, the Plan was amended and restated to provide for automatic enrollment of 2% of eligible compensation for any employees eligible as of the effective date.

Effective March 31, 2012, the Plan was amended and restated to revise the maximum percentage of eligible compensation a participant may elect to be treated as an elective deferral from the maximum allowed by law with Internal Revenue Code Section 402(g) and 415 to a maximum of 90% of eligible compensation subject to IRS limitations.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of common/collective trusts managed by State Street Global Advisors, an affiliate of the trustee, and therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction provisions of ERISA and the Internal Revenue Code.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations.

8. TAX STATUS

The underlying standardized prototype Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the Code) and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(k) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company, the plan administrator and the Plan's tax counsel believe the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2009.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants will become 100% vested in the company contribution portion of their accounts.

10. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible changes in values of investment securities will occur in the near term and such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2012, the date of the most recent financial statements and supplemental schedule, have been evaluated for possible adjustment to the financial statements and supplemental schedule or disclosure is October 11, 2013, which is the date on which the financial statements and supplemental schedule were available to be issued.
