Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by The Guardian Insurance & Annuity Company, Inc., the insurer of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Insurer holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Insurer as of and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the Insurer is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2012 financial statements. Accordingly, we do not express an opinion on the 2012 financial statements.

Other Matter – Basis of Accounting

As discussed in Notes 1 and 5 to the financial statements, the Board of Directors of Williams Comfort Air, Inc. voted to merge the Plan into and with the Defender Direct, Inc. 401(k) Plan effective December 31, 2012. In accordance with accounting principles generally accepted in the United States, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2011 financial statements to the liquidation basis used in presenting the 2012 financial statements.

Other Matter – 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Insurer. Their report, dated October 10, 2012, indicated that because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements; and the form and content of the information included in the financial statements other than that derived from the information certified by the Insurer, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplemental schedule, other than that derived from the information certified by the Insurer, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WILLIAMS COMFORT AIR EMPLOYEES PROFIT SHARING TRUST

NOTES TO FINANCIAL STATEMENTS December 31, 2012 and 2011

NOTE 1 - PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES

The following description of Williams Comfort Air Employees Profit Sharing Trust (the Plan) provides only general information. Plan participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective January 1, 1994, as a defined contribution retirement savings plan covering all eligible employees of Williams Comfort Air, Inc. (the Employer) who had at least one month of service and were age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Termination: On October 1, 2012, the Plan Sponsor was acquired by Defender Direct, Inc. and the Board of Directors voted to merge the Plan with and into the Defender Direct, Inc. 401(k) Plan effective December 31, 2012. Plan assets were liquidated and the proceeds were transferred to the Defender Direct, Inc. 401(k) Plan (Defender Plan) effective December 31, 2012.

Basis of Accounting: Due to the Plan's merger with the Defender Plan, and in accordance with accounting principles generally accepted in the United States, the Plan changed its basis of accounting used to determine the amounts at which investments are stated from the ongoing basis of accounting used in presenting the 2011 financial statements to the liquidation basis used in presenting the 2012 financial statements. Because the effect on the financial statements was not material, the Plan has presented the statement of changes in net assets in liquidation available for benefits on the liquidation basis for the entire 2012 Plan year.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Plan participants could authorize the Employer to contribute to the Plan up to 100% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also make rollover contributions from amounts representing distributions from other qualified plans.

The Employer could elect to make discretionary matching and profit-sharing contributions to the Plan. No discretionary matching or profit-sharing contributions were made to the Plan for the year ended December 31, 2012.

Participants directed the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account was credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer's profit-sharing contributions and Plan earnings. Participant accounts could also be charged with an allocation of certain administrative expenses of the Plan. Allocations were based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Vesting and Forfeitures: Participants were immediately vested in their account balances.

Notes Receivable from Participants: Participants could borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The terms of the notes ranged up to 5 years unless a loan was issued to purchase a principal residence. The notes were secured by the balance in the participant's account bearing interest at rates which were commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest were paid ratably through regular payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes were treated as distributions based upon the terms of the Plan Agreement.

Payment of Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant could elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, were also permitted from a participant's account. Benefits were recorded by the Plan when paid.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As discussed in Note 4, the Plan invested in a guaranteed investment contract which is a fully benefit-responsive fund. The Plan's statement of net assets available for benefits as of December 31, 2011 presents the fair value of this investment, which approximates its contract value. The Plan's statement of changes in net assets available for benefits was prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses: Administrative expenses for maintaining the Plan could be paid by the Employer or the Plan, at the Employer's discretion. Loan administration fees were charged directly to the participant's account and were included in administrative expenses.

Tax Status: The Plan has adopted a prototype plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the prototype plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the prototype plan document have been amended since the date of the opinion letter, the Plan Administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC. The Plan Administrator intends to correct insignificant operational errors utilizing the self-correction program available under the Employee Plans Compliance Resolution System (EPCRS). Therefore, the Plan Administrator believes that the Plan will remain qualified and the related trust will remain tax-exempt.

Accounting principles generally accepted in the United States require management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

NOTE 1 - PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 15, 2013, the date the financial statements were available to be issued.

NOTE 2 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for investment assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used for the year ended December 31, 2011.

Pooled Separate Accounts: Valued at the unit price reported by the sponsoring insurance company. The underlying investments are mutual fund shares and collective fund units. The unit price is based on the net asset value (NAV) or unit price of the underlying investment, less any accrual of fees and expenses borne by the account, and divided by the number of units outstanding. The unit price is quoted on the active private market on which participants can transact daily with no significant redemption restrictions on these investments.

Guaranteed Investment Fund: Valued at fair value (which approximates contract value) by the insurance company by using the adjusted market value approach of resetting interest rates periodically based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The crediting rate is supported by the claims paying ability of the insurer. Interest rates were reset quarterly.

NOTE 2 - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, by major nature and risks class within each level of the fair value hierarchy, of the Plan's investment assets that are measured at fair value on a recurring basis as of December 31, 2011:

2011	Level 2	Level 3	Total

At December 31, 2012 and 2011, the Plan had no other assets and no liabilities that are measured at fair value on a recurring basis.

NOTE 3 - INVESTMENT INFORMATION CERTIFIED BY INSURER

All investment information disclosed in the accompanying financial statements and related notes has not been audited, but was obtained or derived from information provided to the Plan Administrator by the Plan's insurer. The following is a summary of the Plan's investment information which has been certified as complete and accurate as of December 31, 2012 and 2011, and for the year ended December 31, 2012, by The Guardian Insurance & Annuity Company, Inc., the Insurer, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

NOTE 4 - GUARANTEED INVESTMENT FUND

The Plan had an investment in the Guardian Fixed Rate Account, which is a benefit-responsive fund. As described in Note 1, because the investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the Plan's net assets available for benefits attributable to the guaranteed investment contract. Contract value, which approximates fair value, as reported to the Plan by The Guardian Insurance & Annuity Company, Inc., represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was 3% for 2012 and 2011. The crediting interest rate was based on a formula agreed upon with the issuer, but could not be less than 3%. Such interest rates were reviewed at least annually for resetting.

NOTE 4 - GUARANTEED INVESTMENT FUND (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) communications from the Plan's sponsor designed to induce participants to transfer from the fund, (4) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator terminated the contract prior to the merger as part of the liquidation of Plan assets (see Note 5).

NOTE 5 - PLAN AMENDMENTS

Effective October 1, 2012, the stock of Williams Comfort Air, Inc., the Plan Sponsor, was sold to Defender Direct, Inc. Accordingly, the Board of Directors of the Plan Sponsor passed a resolution to merge with and into the Defender Direct, Inc. 401(k) Plan, effective January 1, 2013. The Plan Agreement was amended to effectuate the Plan's merger provisions. See Note 1.

The Plan Agreement was amended, effective November 1, 2012, to change the Plan trustees.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments were managed by an affiliate of The Guardian Insurance & Annuity Company, Inc., the insurer of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Insurer also receives indirect fees from investments which are deducted from investment returns. Direct fees paid by the Plan to the Insurer and/or its affiliate totaled \$11,615 for 2012.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.
