Independent Auditors' Report

The Plan Administrator of Bay Dermatology &
Cosmetic Surgery, P.A. Employee Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bay Dermatology & Cosmetic Surgery, P.A. Employee Savings Plan, which comprise the statements of net assets available for plan benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 5, which was certified by John Hancock Life Insurance Company (U.S.A.) (John Hancock), except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that John Hancock holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from John Hancock as of December 31, 2012 and 2011, and for the year ended December 31, 2012 that the information provided to the plan administrator by John Hancock is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held for Investment Purposes at End of Year and Delinquent Participant Contributions, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Employee Savings Plan, which comprise the statements of net assets available for plan benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 5, which was certified by John Hancock Life Insurance Company (U.S.A.) (John Hancock), except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that John Hancock holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from John Hancock as of December 31, 2012 and 2011, and for the year ended December 31, 2012 that the information provided to the plan administrator by John Hancock is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held for Investment Purposes at End of Year and Delinquent Participant Contributions, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

(1) Description of Plan

The following description of Bay Dermatology & Cosmetic Surgery, P.A. Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions. The Plan is sponsored by Bay Dermatology & Cosmetic Surgery, P.A. (the Company).

(a) General

The Plan is a defined contribution plan generally covering all employees of the Company who have attained age 18 and completed one year of service. Eligible employees may make elective deferrals to the Plan and receive safe harbor matching contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may contribute a percentage of pre-tax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options via phone service or via the internet.

The Company provides a safe harbor matching contribution as defined by the Plan. Additional discretionary profit sharing amounts may be contributed at the option of the Company in accordance with the Plan document. Company contributions are subject to certain limitations and are also invested as directed by the participants.

(c) Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, the Company's matching contributions and an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions and the company safe harbor contribution, plus actual earnings thereon. Company discretionary contributions begin vesting after two years of service at a rate of 20% per year

(Continued)

(e) Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rate which is commensurate with local prevailing rates at the time the loan is made. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years.

(f) Payment of Benefits

Upon retirement, disability, termination of employment or death, the Plan permits the participant or beneficiary to elect distributions in a lump-sum amount equal to the vested value of his or her account. Hardship distributions are permitted.

(g) Forfeitures

Non-vested, forfeited amounts are used to reduce future contributions of the Company. Forfeited contributions available to reduce Company contributions were $661 and $94 at December 31, 2012 and 2011, respectively.

(2) Summary of Significant Accounting Policies

(a) Accounting Basis

The financial statements of the Plan are presented on the accrual basis of accounting.

(b) Payment of Benefits

Benefits are recorded when paid.

(c) Financial Accounting Standards

The Financial Accounting Standards Board (FASB) has issued authoritative guidance establishing two levels of U.S. generally accepted accounting principles (GAAP) - authoritative and nonauthoritative - and making the Accounting Standards Codification (ASC) the source of authoritative, nongovernmental GAAP, except for rules and interpretive releases of the Securities and Exchange Commission. This guidance was incorporated into ASC Topic 105 - *Generally Accepted Accounting Principles*.

Participant loans have historically been classified as investments and measured at fair value in the Plan's statement of net assets available for plan benefits. However, in September 2010, the FASB issued Accounting Standards Update (ASU) No. 2010-25, *Plan Accounting - Defined Contribution Pension Plans (ASC Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU No. 2010-25 requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balances plus any accrued but unpaid interest.

(Continued)

(d) Valuation of Investments

The Plan has adopted FASB ASC Topic 820 relating to *Fair Value Measurements and Disclosures*, which provides a common definition of fair value, establishes a framework for measuring fair value under U.S. generally accepted accounting principles and requires additional disclosures about fair value measurements.

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 6 for discussion of fair value.

The fair value of participation units owned by the Plan in the pooled separate account are based upon quoted redemption values on a daily basis.

The Plan's insurance company guaranteed interest account investment is valued at contract value, as estimated by John Hancock Life Insurance Company (U.S.A.), which represents contributions made under the contract, plus interest at the contract rate, less the sum of funds used to pay retirement benefits and administrative expenses. At December 31, 2012 and 2011, fair value of the general account investment is considered to equal contract value.

(e) Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(3) Investment Contract with Insurance Company

On January 1, 2002, the Plan entered into an investment contract with John Hancock Life Insurance Company (U.S.A.) (John Hancock) for the purpose of investing certain Plan assets. The contract is an "unallocated" group annuity contract. The assets of the Plan are held in either John Hancock's general account (guaranteed interest account) or in a pooled separate account. A variety of investment options are available to Plan participants through the pooled separate account. Contributions directed to the pooled separate account purchase units of various funds of the separate account. The funds of the separate account include a number of registered investment companies with various investment objectives. Benefit payments to participants or their beneficiaries are made directly by John Hancock from the funds accumulated under the contract. The investment contract and underlying funds held in John Hancock's general account are reported at contract value which represents the accumulation of contributions made, plus earnings, less benefit payments and administrative expenses. Contract value approximates fair value at December 31, 2012 and 2011.

(Continued)

John Hancock is contractually obligated to repay the principal held in its general account and a specified minimum interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer all of their investment at contract value. However, certain restrictions on these types of transactions apply and therefore the contract is not considered to be fully benefit-responsive. Contract value represents the accumulation of contributions made, plus earnings, less benefit payments and administrative expenses.

There are no reserves against fair value (or contract value) for credit risk of the contract issuer or otherwise. The fair value of the guaranteed investment contract at December 31, 2012 and 2011 was $16,670 and $14,633, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than the minimum rate specified in the contract. Such interest rates are reset on a periodic basis.

(4) Investments

The fair value of individual investments that represent 5% or more of the Plan's net assets available for plan benefits as of December 31, 2012 and 2011, are as follows:

	2012	2011
Insurance company investment contract:		
Pooled separate account:		
John Hancock Lifestyle Growth fund	$ 666,850	503,038
John Hancock Lifestyle Balanced fund	$ 2,566,943	2,130,271

(5) Certified Investment Information

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by John Hancock as of December 31, 2012 and 2011 and for the year ending December 31, 2012:

	2012	2011
Statements of net assets available for plan benefits:		
Insurance company pooled separate account	$ 4,185,820	3,471,397
Insurance company guaranteed interest account	$ 16,670	14,633
Notes receivable from participants	$ 29,230	34,561
Statement of changes in net assets available for plan benefits:		
Net appreciation in fair value of separate account investments	$ 479,470	n/a
Interest income on notes receivable from participants	$ 1,349	n/a
Other interest income	$ 56	n/a

(Continued)

John Hancock's certification also covers the information presented in notes 4 and 6 and the accompanying supplemental schedule of assets held for investment purposes at end of year.

(6) Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Investment contract with insurance company - Pooled Separate Account: Valued at the net asset value (NAV) of units held by the Plan. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the underlying investments owned by the insurance company. There are no unfunded commitments. The redemption frequency (if currently eligible) is daily. The redemption notice period is one day.

(Continued)

Investment contract with insurance company - Guaranteed Interest Account: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Plan sponsor evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data. Fair value is considered to equal contract value at December 31, 2012 and 2011.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Level 1	Level 2	Level 3	Total
2012:				
Insurance company investment contract:				
Pooled Separate Account:				
Large-Cap Funds	$ -	3,683,448	-	3,683,448
Mid-Cap Funds	-	65,763	-	65,763
Small-Cap Funds	-	755	-	755
Large-Cap Foreign Funds	-	142,879	-	142,879

Guaranteed Interest Account	-	-	16,670	16,670
	$ -	4,185,820	16,670	4,202,490

(Continued)

	Level 1	Level 2	Level 3	Total
2011:				
Insurance company investment contract:				
Pooled Separate Account:				
Large-Cap Funds	$ -	3,080,969	-	3,080,969
Mid-Cap Funds	-	52,930	-	52,930

Money Market Funds	-	110,841	-	110,841
Guaranteed Interest Account	-	-	14,633	14,633
	$ -	3,471,397	14,633	3,486,030

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2012:

	Guaranteed Interest Account
Balance, beginning of year	$ 14,633
Realized gains/(losses)	-
Unrealized gains/(losses) relating to instruments still held At the reporting date	-
Purchases	2,037
Issues	-
Sales	-
Settlements	-
Transfers in and/or out of level 3	-
Balance, end of year	$ 16,670

Quantitative information about significant unobservable inputs used in level 3 fair value measurements is not presented in tabular format. The Plan sponsor determined that the insurance company investment contract - general account has no stated maturity date (represents an "evergreen" contract). Therefore, the Plan sponsor was not able to identify inputs necessary to determine fair value using discounted cash flows. The Plan sponsor believes that contract value is equivalent to fair value at December 31, 2012 and 2011 based on information provided by John Hancock.

(Continued)

(7) Income Tax Status

The Plan has adopted a prototype plan, which has received an opinion letter from the Internal Revenue Service dated March 31, 2008, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(8) Party-in-Interest Transactions

The plan's expenses are paid either by the Plan or the Company, as provided in the plan document Expenses that are paid directly by the Company, such as professional and recordkeeping fees, are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the plan are recorded as deductions in the accompanying statement of changes in net assets available for plan benefits. In addition, certain investment related expenses are included in net appreciation in fair value of separate account investments presented in the accompanying statement of changes in net assets available for plan benefits.

Progressive Pension Administrators, Inc. provides certain record keeping and administrative services to the Plan. As such, Progressive Pension Administrators, Inc. is considered to be a party-in-interest. Fees paid by the Plan to Progressive Pension Administrators, Inc. of $1,985 for the year ended December 31, 2012 are considered to be party-in-interest transactions.

John Hancock provides certain record keeping and information management services to the Plan. As such, John Hancock is considered to be a party-in-interest. Fees paid by the Plan to John Hancock of $270 for the year ended December 31, 2012 are considered to be party-in-interest transactions.

The Plan's investments in pooled separate accounts are managed by John Hancock. Therefore, these transactions are party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the separate account investments, as they are paid through revenue sharing, rather than a direct payment.

(Continued)

(9) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

(11) Subsequent Events Review

Subsequent events were evaluated by Plan management through October 14, 2013, which is the date the financial statements were available to be issued.
