Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Veolia Environmental Services North America Corp. 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis of Disclaimer for Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by ING Life Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule, Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

NOTE 1 - Description of the Plan

The following description of the Veolia Environmental Services North America Corp. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Veolia Environmental Services North America Corp. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All employees who have completed at least 90 days of service with the Company, as defined in the Plan, and are age 18 or older are eligible to participate. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 75% of pretax annual compensation (salary reduction contributions), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company matches 50% of the participant's contribution, up to 6% of eligible compensation. Additional Company contributions may be contributed at the discretion of the Company's Board of Directors. No discretionary contributions were made for the year ended December 31, 2012. Contributions are subject to certain limitations as established by the Internal Revenue Code of 1984, as amended.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and Plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction contributions plus earnings thereon. Participants who leave the Plan because of death, normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company matching contributions and Company discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

<u>Vesting Years of Service</u>	<u>Percentage Vested</u>
1	20%
2	40%
3	60%
4	80%
5	100%

401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

As of December 31, 2012 and 2011, forfeited nonvested accounts totaled \$61,017 and \$134,210, respectively. These accounts will be used to reduce future Company contributions. For the year ended December 31, 2012, Company contributions were reduced by \$397,740, from forfeited nonvested accounts.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65 and inservice withdrawals can begin on or after attaining age 59 1/2. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest at rates that range from 3.25% to 8.0%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Administrative Expenses

The Company pays substantially all of the Plan's administrative expenses, except for the investment management fees of the Plan's investments which are paid by the Plan and expensed as incurred.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

VEOLIA ENVIRONMENTAL SERVICES NORTH AMERICA CORP.
401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4, Fair Value of Financial Instruments, for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

The Plan invests in pooled separate accounts that determine their fair value using the net asset value ("NAV") of the funds. The NAV is determined by each fund's trustee using the fair value of the underlying securities within the fund at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

Management has evaluated the impact of all subsequent events through October 11, 2013, the date the Plan's financial statements were available to be issued, and determined that all subsequent events have been appropriately recognized and disclosed in the accompanying financial statements.

NOTE 4 - Fair Value of Financial Instruments

The Plan follows accounting principles generally accepted in the United States of America for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include

- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets or liabilities in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability;
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2012 and 2011.

Money Market: Valued at the NAV of shares held by the Plan at year end.

Pooled Separate Accounts: Valued at the NAV of shares held by the Plan at year end, as reported by the fund manager, based on the fair value of the underlying investments. All pooled separate accounts provide daily liquidity, therefore the redemption frequency is immediate for the participant, with no redemption notice period. The funds do not have any unfunded commitments.

Group Annuity Contract: Valued at fair value, based on information provided by the issuer of the group annuity contract, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer of the specific instruments held by the fund at year end.

As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

NOTE 4 - Fair Value of Financial Instruments (cont.)

The investment objectives of the money market and pooled separate accounts are as follows:

Money market fund - Seeks to provide investors with a high level of current income consistent with preservation of capital and liquidity and the maintenance of a stable \$1.00 net asset value per share.

Large cap equity funds - Seek investment return from capital appreciation. Funds typically invest 80% or more of capital in equity securities of the 500 largest US firms.

Mid cap equity funds - Seek investment return from capital appreciation. Funds invest primarily in stocks of domestic mid-cap growth companies.

Small cap equity funds - Seek long-term capital growth primarily from investing in US domestic companies with market capitalization's equal to or less than the largest stock in the Russell 2000 Value Index. Funds typically invest 80% to 100% in equity securities.

International equity funds - Seek investment return primarily from capital appreciation in non-US equity holdings. Funds may invest up to 100% of their portfolios in equity securities.

Balanced funds - Seek preservation and growth of capital primarily through investments of U.S. equity and fixed income securities.

Fixed income funds - Seek to maintain safety of principal while generating a level of income. Funds typically invest at least 65% of assets in a diversified portfolio of fixed-income investments.

Target date funds - These funds are designed to take the investee through retirement. Under normal market conditions, the fund primarily invests its assets in underlying funds using an allocation strategy designed for investors expected to retire around the year of the respective fund name. The expected year in which participants plan to retire and no longer make contributions is referred to as the target date. The Portfolio is managed to provide potential growth and income opportunity even in the years after retirement. The most conservative mix occurs about 20 years after the target date when the Portfolio has a 75% fixed income and 25% equity allocation.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

NOTE 4 - Fair Value of Financial Instruments (cont.)

The changes in Level 3 assets and liabilities measured at fair value on a recurring basis are summarized as follows:

	<u>Group Annuity Contract</u>
Balance, December 31, 2011	\$ 49,877,626
Change in adjustment to fair value from contract value	(1,307,013)
Sales	(9,362,844)
Purchases	3,348,808
Interest	<u>1,450,247</u>
Balance, December 31, 2012	<u>\$ 44,006,824</u>

The group annuity contract was valued using an income approach. Unobservable inputs impacting fair value primarily relate to the rate of return, which is based on the 7-year Treasury Bond rate, the fixed account interest rate, and the date/state of contract issuance. The average rate of return for the year ended December 31, 2012 was 3.33%. An increase in the rate of return would result in an increase in fair value.

NOTE 5 - Investment in Group Annuity Contract

The Plan offers an investment option of an ING Group Annuity Contract which is a benefit-responsive investment contract. This type of investment is designed to allow the fund to maintain a constant NAV and to protect the funds in extreme circumstances. ING maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. ING is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract accrues interest using a formula called the "crediting rate." Interest is credited to accounts on a daily basis. Once credited, the interest becomes a part of principal; therefore, Plan accounts earn compound interest. The contract provides a guarantee that the crediting rate will not fall below 3.10% and 3.40% in 2012 and 2011, respectively. The crediting interest rate was 3.40% from December 31, 2011 to June 30, 2012 and was 3.25% for the period of July 1, 2012 to December 31, 2012. The crediting interest rate for 2011 was 3.75%. The average yield was 3.33% and 3.75% for the years ended December 31, 2012 and 2011, respectively.

An investment contract is generally valued at contract value, rather than fair value, to the extent it is fully benefit-responsive. Contract value, as reported to the Plan by ING, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are currently no reserves against contract values for credit risk of the contract issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g. divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for

exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

An issuer may change or terminate a contract at any time. In the event that the market value of the fund's covered assets is below their contract value at the time of such termination, ING may pay out the full value without fees or market value adjustments.

NOTE 6 - Amount Owed to Participants Withdrawing From the Plan

Amounts owed to participants who have withdrawn from the plan and requested payments total approximately \$11,597 as of December 31, 2012 and are included in net assets available for benefits. There were no amounts owed to participants who have withdrawn from the Plan and requested payments as of December 31, 2011.

NOTE 7 - Parties In Interest

Certain Plan investments are shares of pooled separate accounts managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$42,812 for the year ended December 31, 2012.

NOTE 8 - Tax Status

The Plan is a Prototype Volume Submitter Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2008 which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The plan has been amended since receiving the determination letter. The plan administrator believes that the plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the plan was qualified and the related trust was tax-exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for tax returns filed for years prior to 2009.

NOTE 10 - Transfer Out of Plan

Effective November 20, 2012, the Company sold its solid waste division to Advanced Disposal Services. As part of this sale, the current Plan participants of the division that was sold had their account balances transferred from the Plan to an unrelated plan of the purchasing company. The account balances of participants terminated prior to the sale remained in the Veolia Environmental Services North America Corp. 401(k) Retirement Plan. In November 2012, \$60,798,862 was transferred out of the Plan related to this sale.

NOTE 11 - Subsequent Event - Sale of Division

The Company sold their Offshore Marine Division on August 29, 2013. As part of this sale, the Plan participants of the division that were sold had their account balances transferred from the Plan to an unrelated plan of the purchasing company. In October 2013, \$2,473,969 was transferred out of the Plan related to this sale.
