NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

NOTE A - DESCRIPTION OF THE PLAN

The following description of the **Chelsea Industries, Inc. 401(k) Savings Plan** (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution 401(k) plan established April 1, 1988. All employees of Chelsea Industries, Inc. (the "Employer") not covered by a collective bargaining agreement are eligible to participate in the Plan as of the first day of the month following the completion of 30 days of employment ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant-directed.

Effective October 14, 2011, the date of the sale of Webster Industries to AEP Industries Inc., the Plan was frozen with respect to participant contributions, employer match contributions, employer discretionary contributions, and loan transactions. Participants were either terminated, or transferred to a related-party entity.

The Plan was terminated as of September 30, 2012, with participant accounts either being rolled over to other qualified plan or distributed.

2. Contributions

The Plan permits Participants to make contributions of up to 18% of their pre-tax compensation to the Plan, subject to Internal Revenue Code limitations ($17,000 in 2012). Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions ($5,500 in 2012). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, commonly referred to as rollovers. The Employer may provide a matching contribution to the Plan, equal to 15% of the Participant's contributions and up to a maximum of 6% of the Participant's total base pay. The Employer may also make a discretionary contribution of up to an additional 15% of the amount of Participant contributions, dependent upon the performance of the Employer.

Effective October 14, 2011, as discussed in Note A-1, Participant contributions and Employer contributions were frozen.

NOTE A - DESCRIPTION OF THE PLAN - Continued

3. Participant Accounts

Each Participant's account is credited with the Participant's contributions and allocations of Employer's contributions and Plan investment earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

4. Investment Options

Participants direct the investment of their contributions into their choices of approximately twenty seven investment options offered by the Plan. Sponsor contributions are invested as directed by the Participants.

5. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and discretionary contributions portion of their accounts plus actual earnings thereon is based on years of service. A Participant is fully vested after three years of vesting service, as defined.

Effective October 14, 2011, all Participants were immediately vested in all Employer contributions, regardless of years of service.

6. Notes Receivable from Participants

Subject to the approval of the Plan administrator, Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years (or longer for the purchase of a principal residence) and are repaid ratably through payroll deductions. The loans are secured by the balance in the Participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Participants may have a maximum of one loan outstanding at any one time.

NOTE A - DESCRIPTION OF THE PLAN - Continued

6. Notes Receivable from Participants - Continued

Effective October 14, 2011, as discussed in Note A-1, all notes receivable from participants were frozen. If a Participant was transferred to a related party entity, their loans were transferred and account balances were transferred as well. If the Participant was terminated, the Participant was given a choice of repaying the loan or treating the loan as a deemed distribution.

7. Payment of Benefits

Upon termination of service due to death, disability or retirement, a Participant may elect to receive either a lump-sum amount equal to the value of his or her account, or installments, as defined in the Plan agreement. For termination of service due to other reasons, a Participant may receive the value of the vested interest of his or her account as a lump-sum distribution. In-service withdrawals from the Participant's elective deferral account are permitted only due to financial hardship or upon reaching age 59 1/2. Participants must exhaust all other assets before financial hardship withdrawals are allowed. Hardship withdrawals may be taken from the Participant's deferral account, without respect to earnings. Deferral contributions are suspended for a six-month period after receipt of the hardship withdrawal. If a Participant's vested account balance is greater than $1,000, but not more than $5,000, the Plan administrator, after notification, may distribute the non-forfeited account balance in the form of a direct rollover individual retirement account.

8. Forfeitures

Forfeited balances of terminated Participants' non-vested accounts are generally used to reduce Employer contributions. Forfeited balances may also be used to reduce expenses related to the administration of the Plan. Forfeited balances available at December 31, 2012 and 2011 were $0 and $8,477, respectively. During the years ended December 31, 2012 and 2011, forfeited balances of $8,477 and $2,577, respectively, were utilized to reduce administrative expenses and Employer matching contributions remitted to the Plan.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

1. **Basis of Accounting**

The financial statements have been prepared using the modified cash basis of accounting, whereby contributions are recorded when received, investment purchases and sales are recorded on the settlement date, investment income is recorded when received rather than when earned, administrative expenses are recorded when paid, and investments are recorded at fair market value.

2. **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. **Administrative Expenses**

The Plan's expenses are paid either by the Plan or the Employer. Expenses that are paid directly by the Employer are excluded from the financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the statement of changes in net assets available for benefits.

4. **Payment of Benefits**

Benefits are recorded when paid.

5. **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - Continued

5. Investment Valuation and Income Recognition - Continued

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transaction under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

As of December 31, 2012 and 2011, the difference between contract value and fair value of the Invesco Stable Asset Fund, which holds Guaranteed Investment Contracts, is immaterial, and therefore an adjustment is not presented on the Statement of Net Assets Available for Benefits (See Note C).

6. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Effective October 14, 2011 all loan transactions were frozen for employees employed on the date of the sale. The loans were subsequently transferred to the AEP Union 401(k) Savings Plan, or distributed and applied against the participant's accounts.

NOTE C - INVESTMENTS

During 2012, the Plan's investments in mutual (including investments purchased, sold, and held during the year) appreciated in value by $245,178.

NOTE C - INVESTMENTS - Continued

Investments that represent 5% or more of the Plan's net assets available for the benefits as of December 31, 2012 and 2011 were as follows:

		2012	2011
Dreyfus Core Equity Fund – Class A	$	*	$ 920,546
Invesco Stable Asset Fund		*	757,981
Blackrock Global Allocation Fund, Inc. – Investor A Class		*	691,585
Pimco Total Return Fund – Class A		*	462,099
Alger Spectra Fund – Class A		*	368,451
Ivy High Income Fund – Class Y		*	279,471

* Investment was less than 5% of net assets available for benefits at end of year.

The Plan's investment in the Invesco Stable Value Fund is a common collective trust within the money market/stable value asset category. This fund invests primarily in a broadly diversified portfolio of Guaranteed Investment Contracts ("GICS") issued by major life insurance companies and money center banks, as well as synthetics GICS. The average yield approximated 0.49% for 2012. The fund's yield will fluctuate and is not guaranteed.

The Plan provides for various investment options in any combination of mutual funds and other investment securities. Mutual funds and other investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan's investments are held and administered by ADP Investments ("ADP"). ADP, the trustee of the Plan, has provided a certification that the following information which is contained or used to develop the accompanying 2012 and 2011 financial statements is complete and accurate:

- Investments
- Investment income
- Net appreciation (depreciation) in fair value of investments
- Schedule of assets (held at year end)

NOTE E - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE E - FAIR VALUE MEASUREMENTS - Continued

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued based on the contract terms of the underlying guaranteed investment contract. The commingled trust fund is priced daily using a mil rate. The mil rate is a blend of the contracts' rate of return and the liquidity component's daily mil rate. The NAV is classified within Level 2 of the fair value hierarchy as the unit price is not quoted in an active market. However, the unit price is based on underlying investments, which are either traded on an active market or are valued based on observable inputs such as market interest rates and quoted prices for similar securities.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - FAIR VALUE MEASUREMENTS - Continued

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ -	$ -	$ -	$ -
Common Collective Trust	-	-	-	-
Total assets at fair value	$ -	$ -	$ -	$ -

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Mutual Funds				
Growth Funds	$ 1,998,172	$ -	$ -	$ 1,998,172
International Funds	1,292,583	-	-	1,292,583
Fixed Income Funds	814,329	-	-	814,329
Value Funds	135,301	-	-	135,301
Index Funds	101,038	-	-	101,038
Target Date Funds	83,943	-	-	83,943
Common Collective Trust	-	757,981	-	757,981
Total assets at fair value	$ 4,425,366	$ 757,981	$ -	$ 5,183,347

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common collective trust funds managed by ADP (Blackrock fund family). ADP is the trustee of the Plan and, therefore certain participant-directed transaction fees are party-in-interest transactions as defined by ERISA. Participant loans are also considered to be exempt party-in-interest transactions.

NOTE G – TAX STATUS OF THE PLAN

The Plan obtained its latest determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America and the modified cash basis of accounting require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for tax filings prior to 2009.

NOTE H - PLAN TERMINATION

On August 21, 2012, the Board of Directors of the Employer met and elected to terminate the Plan, effective September 30, 2012. Participants' accounts were either rolled over to a qualified plan or distributed subject to the provisions of ERISA. Participants were fully vested in their accounts.

NOTE I - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 14, 2013, the date the financial statements were available to be issued. There are no recognized or non-recognized subsequent events that existed at the balance sheet date which are necessary to disclose to keep the financial statements from being misleading.

Schedule C, Line 2(h) Formula Description

For those service providers listed on Line 2 for which Line 2(h) has been checked "yes":

For a description of indirect compensation received by service providers listed on Line 2 that was disclosed as a formula, please see Line 3(e).
