401(K) SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 1 - Description of the Plan

The following description of the Chesapeake Pharmaceutical Packaging Company 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. Chesapeake Pharmaceutical Packaging Company, LLC is referred to in the notes as the Company or the Sponsor.

On November 1, 2010, a trust agreement by and between the Company and Bank of America was executed establishing the Chesapeake Pharmaceutical Packaging Company 401(k) Savings Plan Trust to receive and hold contributions and fund benefits under the Plan. The Company intends by this Trust Agreement to create a Trust forming a part of the Plan which shall qualify under Section 401 of the Code and which shall be exempt from tax pursuant to Code Section 501(a).

a. General - The Plan (which is a 401(k) plan) is a defined contribution plan covering all full-time eligible employees of the Company who have three months of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions - Each year, participants may contribute up to the maximum percentage allowable under the federal statutory limit of Code Section 401(k), as defined in the Plan. The limits for 2012 and 2011 are \$17,000 and \$16,500, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For the years ended December 31, 2012 and 2011 the catch-up contribution amounted to \$5,500. The Company contributes an amount equal to the sum of 100 percent of the amount of the participant's elective deferral that does not exceed 3 percent of the participant's compensation, plus 50 percent of the amount of the participant's elective deferral that exceeds 3 percent of the participant's compensation but does not exceed 5 percent of the participant's compensation. All employer contributions are invested in the same proportion to that of the participants. Contributions are subject to certain limitations. Participants may also roll over amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

401(K) SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 1 - Description of the Plan (continued)

c. Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings or losses. Administrative expenses of the Plan are paid by the Company.

d. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service earned at 20 percent after the first two years and each year thereafter.

e. Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest in the Plan. Participants may only have one loan outstanding at any time. Loan transactions are treated as a transfer to (from) the respective investment funds from (to) the Notes Receivable from Participants' Fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. During 2012 and 2011, interest rates ranged from 4.25 percent to 9.25 percent. Principal and interest are paid ratably through payroll deductions.

f. Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments based upon various factors including the life expectancy of the participant and if elected, their beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution within one year.

g. Forfeited Accounts - Forfeited balances of terminated participants' non-vested amounts are credited to a forfeiture account and become fully vested following the participant's termination of employment. Any amount in the forfeiture account occurring in the plan year just ending is reallocated on a pro rated basis, and credited to the accounts of participants. At December 31, 2012 and 2011, there were no forfeited nonvested accounts.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 2 - Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through October 8, 2013, which is the date the financial statements were available to be issued. On September 30, 2013, the Company was sold to the Carlyle Group. The change in ownership will not affect the employees or the 401(k) Savings Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by Reliance Trust Company as of December 31, 2012 and 2011. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

DECEMBER 31, 2012 AND 2011

Note 2 - Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the plan are the responsibility of the Company.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy under Accounting Standards Codification ("ASC") 820-10 that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were only Level 1 inputs included for the years ended December 31, 2012 and 2011.

401(K) SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 6 - Tax Status

The Internal Revenue Service determined and informed the Company by letter during the inception of the Plan, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC as of December 31, 2012 and 2011.

The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2009.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits

Note 8 - Change in Plan Administrator

During the 2011 Plan year, the Company changed the Plan's third party administrator from Hartford Retirement Services to ADP Retirement Services who now handle the administration for the Plan.
