DESOTO SALES, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

1. Description of the Plan

The following description of the DeSoto Sales, Inc. Profit Sharing 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a profit sharing plan covering substantially all employees of Desoto Sales, Inc. ("the Company"). Employees become eligible to voluntarily contribute to the Plan beginning on the first day of the plan year or the first day of any successive quarter. Employees become eligible for employer contributions following completion of one year of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to contribute to the Plan based on a percentage of their annual earnings within the limitations as defined in the Internal Revenue Code (IRC). In addition, in any calendar year in which a participant is age 50 or above, an additional "catch-up contribution" may be made.

The Plan allows participants to roll over balances from other retirement accounts.

The Plan provides for employer matching of participant contributions. The Plan sponsor's discretionary matching contributions were 50% up to 6% of eligible compensation for 2012 and 2011.

The Company also makes an annual discretionary profit sharing contribution to the plan on behalf of the employees. The 2012 and 2011 profit sharing contributions were 4% of eligible compensation. Similar to the matching contributions, employees become eligible for the profit sharing contribution after one year of employment from the plan entrance date. The 2012 contribution paid into the plan in 2013 was approximately $192,000. The contribution amount for 2011 deposited into the employee accounts in 2012 was approximately $193,000.

Participant Accounts: Each participant's account is credited with their voluntary contribution, the Company's matching contribution and an allocation of the Company's discretionary profit sharing contribution and plan earnings. Participants may direct their deferral contributions and the employer's matching and discretionary contributions, if any, to a selection of regulated investments. Allocations of the discretionary profit sharing contributions are allocated based on a proration of the participant wages, as defined.. Allocations of plan earnings are based on actual earnings on participant-directed investments. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary and rollover contributions, plus actual earnings thereon. Vesting in the employer's matching contribution and the Company's discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after 6 years of credited service, or upon death or disability.

Participant Loans: The Plan does not allow for participants to borrow from their fund accounts.

Forfeitures: Forfeited balances of terminated participants' non-invested accounts can be applied to reduce employer contributions to the Plan or offset administrative expenses of the Plan, as defined in the plan document. For the Plan year ending December 31, 2012 there was approximately $2,000 that reduced the employer contributions. For 2011 there were no significant forfeitures.

1. **Description of the Plan (Continued)**

Plan Costs: The Company absorbs a significant amount of the Plan's administrative costs, which include trustee fees, maintenance fees, audit fees and other costs associated with the annual tax return filing.

Plan Termination: Although it has not expressed any intent to do so, the Company has the authority to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become 100% vested in their accounts.

Tax Status: The Plan is a standardized plan document that has been approved by the Internal Revenue Service. The Internal Revenue Service has determined and informed the Company that the Plan is acceptable under Section 401(a) of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees.

2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan have been prepared on the cash basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair market value, based on quoted market prices. The Plan presents, in the statement of changes in net assets available for Plan benefits, the net appreciation in the fair value of the investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments, plus interest and dividend income.

Administrative Expenses: Administrative expenses can be paid by either the Company or the Plan.

Benefit Payments: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investments

Investments totaling 5% of more of the Plan net assets as December 31 are as follows:
