**Note 1 - Plan description**

The following description of the DailyAccess Corporation §401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

***General***
The Plan, adopted October 1, 1997, is a defined contribution plan established by DailyAccess Corporation (the Company) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. All employees of the Company who have attained the age of 19 are eligible to participate. Employees may begin participating in the Plan on the first day of the month following the month they become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Plan administration***
Under the trust agreement dated October 15, 2011, Mid Atlantic Trust Company (the Trustee) was appointed trustee for the Plan. The Plan is administered by the Company.

***Contributions***
Each year, participants may elect to defer up to 100% of pretax annual compensation, as defined in the Plan, subject to limitations under the IRC. Participants may also rollover contributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes discretionary contributions, 50% of the first 8% of a participant's deferral for December 31, 2012 and 2011, which totaled $283,719 for the year ended December 31, 2012.

***Vesting***
Participants are fully vested in their contributions and the earnings thereon. Vesting in employer matching and profit sharing is based on years of continuous service. A participant vests according to the following schedule:

| Years of Service | Vested Percentage |
|---|---|
| Less than 1 | 0% |
| 1 | 20% |
| 2 | 40% |
| 3 | 60% |
| 4 | 80% |
| 5 | 100% |

Forfeitures can be used to reduce employer contributions for the succeeding plan year and to pay plan fees. Total forfeitures for the year ended December 31, 2012 were $26,096. During 2012, the Company used $31,483 of existing forfeitures toward employer contributions. The cumulative forfeiture account balance as of December 31, 2012 was $44,567.

Notes to Financial Statements (continued)
December 31, 2012

**Note 1 - Plan description (continued)**

***Participant loans***
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. A participant may have only one loan outstanding at a time. Loans are secured by the balance in the participant's account and bear interest at 1% plus the prime rate published in the *Wall Street Journal* on the first business day of each month. The interest rate for all participant loans was 4.25% at December 31, 2012. Loan repayments are made through payroll deductions, generally over periods ranging up to five years unless it is for the purchase of a primary residence. Participant loans are measured at the amount of unpaid principal plus any material accrued and unpaid interest.

***Benefits***
Upon termination of service due to retirement, death, disability, or other service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The form of payment is a lump-sum distribution or an installment distribution if a participant's vested interest is greater than $5,000. Additionally, distributions in instances of financial hardship are not allowed under the plan.

***Participant accounts***
Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and employer matching, as well as the participant's allocated share of the Plan's earnings and losses. Allocations of the Plan's earnings and losses are based on the participant's account balance.

***Investment options***
Participants direct contributions, including employer matching contributions, into various investment options. Participants may change their investment elections daily. These investment options consist of a variety of mutual fund types including bond funds, equity funds and index funds. The funds invest in debt and equity securities of various U. S. and foreign companies along with U. S. and foreign government securities. There is a stable value fund which provides income on cash reserves by following the general trend of market interest rates.

***Basis of accounting***
The accompanying financial statements are prepared on the accrual basis of accounting.

***Income recognition***
Interest and dividend income is recorded as earned on the accrual basis.

Notes to Financial Statements (continued)
December 31, 2012

**Note 2 - Summary of significant accounting policies**

***Investment valuation***
Investments of the Plan are stated at fair value based upon quoted market prices for identical assets (Level 1 as required by FASB ASC 820 Fair Value Measurements and Disclosures). Investments in common collective funds are considered stable value funds and are stated at contract value which approximates fair value. Purchases and sales of securities are reflected on a trade-date basis. The difference between cost and market value from one period to the next is recognized as net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

***Administrative expenses***
The majority of administrative expenses are paid by the plan sponsor.

***Use of estimates***
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

***Subsequent events***
The plan sponsor's evaluation of subsequent events through October 10, 2013, which is the date the financial statements were available to be issued, revealed no significant matters to be recorded or disclosed.
