INDEPENDENT AUDITOR'S REPORT

The Trustees of Rogers Enterprises
Incentive Savings Plan (REISP)

We were engaged to audit the accompanying financial statements of ROGERS ENTERPRISES INCENTIVE SAVINGS PLAN (REISP), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Alerus Financial, N.A., the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Rogers Enterprises Incentive Savings Plan (REISP) (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Rogers Enterprises, Inc. and its subsidiaries (the Company) who have completed one full year of service, as defined, and attained at least 18 years of age. The Plan is comprised of a profit sharing fund and a 401(k) elective salary deferral fund. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Company Contributions – Company profit sharing contributions are discretionary amounts determined at year-end by the Board of Directors of the Company. Company 401(k) matching contributions are discretionary amounts determined in advance by the Board of Directors of the Company.

There were no discretionary profit sharing contributions or matching contributions for 2012 or 2011.

Participant Contributions – Each pay period participants may elect to make 401(k) contributions in an amount equal to any whole percent of compensation, as defined in the Plan, not to exceed the maximum permitted by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching or discretionary contributions and (b) plan earnings (losses) and charged with an allocation of administrative expenses. Company 401(k) matching contributions are allocated to participant accounts based upon the amount of their elective salary deferrals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Payment of Benefits – Participants are immediately vested in their elective salary deferrals and the related earnings thereon. Participants become vested in the employer contributions as follows:

Years of Service	Vesting Percentage
1	25%
2	50%
3	75%
4	100%

Upon retirement, disability, death or termination of service prior to retirement, participants (or their beneficiaries) are eligible to be paid their account balances either in a lump-sum amount or in installments as provided for in the Plan.

1. Description of Plan (Cont.)

Hardship Withdrawal – Subject to approval by the plan administrator, participants may withdraw their employee pre-tax contributions, if any, to satisfy immediate and heavy financial needs, as defined in the Plan.

Participant Notes Receivable – Participants may borrow from their investment accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants can only take out a maximum of two loans at any given time. The rate of interest shall be the prevailing prime rate used by commercial lending institutions, plus 1% at the time the loan is made. Principal and interest are paid ratably through payroll deductions. At December 31, 2012, interest rates on loans outstanding range from 4.25% to 6.00%.

Forfeited Accounts – All forfeitures will be used to pay any plan administrative expenses and any remaining forfeitures will be used to reduce any employer contributions to the Plan. During 2012, forfeitures of $5,156 were used to pay plan administrative expenses. No forfeitures were used to pay plan expenses during 2011. As of December 31, 2012 and 2011, available forfeitures were $11 and $5,119, respectively.

Investment Options – Participants may direct the investment of all contributions in one or more of the various investment options offered by the Plan. The Plan currently offers various mutual funds and a common/collective trust fund as investment options for participants.

2. Summary of Accounting Policies

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting – The financial statements of the Plan have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan. The valuation of the Plan's investment in the common/collective trust is reported at fair value as determined by Alerus Financial, N.A.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Accounting Policies (Cont.)

Investment Valuation and Income Recognition (cont.) –

The Plan provides for investments that, in general, are exposed to various risks such as interest rates, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amount reported in the statement of net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Fair Value Measurements – In May 2011, the Financial Accounting Standards Board issued guidance in Accounting Standards Update No. 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU No. 2011-04). ASU No. 2011-04 was issued to improve comparability of fair value application, measurements and disclosures between U.S. GAAP reporting and IFRS reporting. ASU No. 2011-04 clarifies fair value definitions and enhances fair value measurement guidance with respect to highest and best use measurements, equity instrument measurements, and measurement of financial instruments that are managed within a portfolio. Additionally, ASU No. 2011-04 expands disclosures for unobservable inputs used in Level 3 fair value measurements. ASU No. 2011-04 is effective for annual periods beginning after December 15, 2011. The Plan has adopted this guidance in 2012.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses relating to the Plan are paid by the Company on behalf of the Plan. Such expenses include costs related to certain employees of the Company who perform administrative and trustee services for the Plan for which the Plan does not reimburse the Company. Investment management fees are presented in the net appreciation (depreciation) in fair value of investments. Other administrative and transaction costs incurred by the Plan are recognized as incurred.

3. Financial Data Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus Financial, N.A., the custodian of the Plan, has certified to the completeness and accuracy of all investments, at fair value, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, and the schedule of assets (held at end of year) as of December 31, 2012, and investment income (loss) and interest from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011.

4. Investments

The following table presents investments that represent 5% or more of the Plan's net assets at December 31, 2012 and 2011:

	2012	2011
Vanguard Retirement Savings Trust	$ 1,602,753	$ 1,677,908
Dodge & Cox International	406,547	*
PIMCO Total Return Instl Fund	476,619	506,668
Vanguard Total International Stock Index Fund	483,525	*
American Beacon Large Cap Value Fund	424,107	*
T. Rowe Price Growth Stock Fund	431,368	*
Vanguard 500 Index Signal Fund	415,933	*

*Less than 5% of plan net assets.

The Plan's investments in registered investment companies (including gains and losses on investments bought, sold and held during the year) appreciated (depreciated) in value by $752,958 and $(362,102) in 2012 and 2011, respectively.

5. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the plan's principal or most advantageous market for the asset or liability. The financial accounting standards also establish a fair value hierarchy, which requires the plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurements (Cont.)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

The fair value of shares of registered investment companies (including money market funds) is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of participation units held by the Plan in the common/collective trust is based on its net asset value, as reported by Alerus Financial, N.A. and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The fair value of the common/collective trust is classified within the Level 2 since it invests only in securities traded on nationally recognized securities exchanges.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

(a) The Vanguard Retirement Savings Trust invests in high-quality fixed income securities with financial backing from insurance companies and banks that enable it to maintain a constant $1 per share net asset value. New investments are chosen on the basis of credit quality, yield, maturity, and contract provisions. The Trust targets an average maturity of between two and three years. Participants are able to redeem their investment in the fund at any time and the funds are available immediately.

6. Transactions with Parties-in-Interest

Fees paid by the Plan during 2012 and 2011 for legal, accounting, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, net assets of the Plan shall be allocated among the participants and beneficiaries of the Plan in the order provided by ERISA.

8. Tax Status

The Plan obtained its latest determination letter, dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

9. Subsequent Events

Subsequent events have been evaluated through October 14, 2013, the date these financial statements were available for issuance.

INDEPENDENT AUDITOR'S REPORT

The Trustees of Rogers Enterprises
Incentive Savings Plan (REISP)

We were engaged to audit the accompanying financial statements of ROGERS ENTERPRISES INCENTIVE SAVINGS PLAN (REISP), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Alerus Financial, N.A., the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Rogers Enterprises Incentive Savings Plan (REISP) (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Rogers Enterprises, Inc. and its subsidiaries (the Company) who have completed one full year of service, as defined, and attained at least 18 years of age. The Plan is comprised of a profit sharing fund and a 401(k) elective salary deferral fund. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Company Contributions – Company profit sharing contributions are discretionary amounts determined at year-end by the Board of Directors of the Company. Company 401(k) matching contributions are discretionary amounts determined in advance by the Board of Directors of the Company.

There were no discretionary profit sharing contributions or matching contributions for 2012 or 2011.

Participant Contributions – Each pay period participants may elect to make 401(k) contributions in an amount equal to any whole percent of compensation, as defined in the Plan, not to exceed the maximum permitted by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching or discretionary contributions and (b) plan earnings (losses) and charged with an allocation of administrative expenses. Company 401(k) matching contributions are allocated to participant accounts based upon the amount of their elective salary deferrals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Payment of Benefits – Participants are immediately vested in their elective salary deferrals and the related earnings thereon. Participants become vested in the employer contributions as follows:

Years of Service	Vesting Percentage
1	25%
2	50%
3	75%
4	100%

Upon retirement, disability, death or termination of service prior to retirement, participants (or their beneficiaries) are eligible to be paid their account balances either in a lump-sum amount or in installments as provided for in the Plan.

1. Description of Plan (Cont.)

Hardship Withdrawal – Subject to approval by the plan administrator, participants may withdraw their employee pre-tax contributions, if any, to satisfy immediate and heavy financial needs, as defined in the Plan.

Participant Notes Receivable – Participants may borrow from their investment accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants can only take out a maximum of two loans at any given time. The rate of interest shall be the prevailing prime rate used by commercial lending institutions, plus 1% at the time the loan is made. Principal and interest are paid ratably through payroll deductions. At December 31, 2012, interest rates on loans outstanding range from 4.25% to 6.00%.

Forfeited Accounts – All forfeitures will be used to pay any plan administrative expenses and any remaining forfeitures will be used to reduce any employer contributions to the Plan. During 2012, forfeitures of $5,156 were used to pay plan administrative expenses. No forfeitures were used to pay plan expenses during 2011. As of December 31, 2012 and 2011, available forfeitures were $11 and $5,119, respectively.

Investment Options – Participants may direct the investment of all contributions in one or more of the various investment options offered by the Plan. The Plan currently offers various mutual funds and a common/collective trust fund as investment options for participants.

2. Summary of Accounting Policies

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting – The financial statements of the Plan have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan. The valuation of the Plan's investment in the common/collective trust is reported at fair value as determined by Alerus Financial, N.A.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Accounting Policies (Cont.)

Investment Valuation and Income Recognition (cont.) –

The Plan provides for investments that, in general, are exposed to various risks such as interest rates, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amount reported in the statement of net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Fair Value Measurements – In May 2011, the Financial Accounting Standards Board issued guidance in Accounting Standards Update No. 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU No. 2011-04). ASU No. 2011-04 was issued to improve comparability of fair value application, measurements and disclosures between U.S. GAAP reporting and IFRS reporting. ASU No. 2011-04 clarifies fair value definitions and enhances fair value measurement guidance with respect to highest and best use measurements, equity instrument measurements, and measurement of financial instruments that are managed within a portfolio. Additionally, ASU No. 2011-04 expands disclosures for unobservable inputs used in Level 3 fair value measurements. ASU No. 2011-04 is effective for annual periods beginning after December 15, 2011. The Plan has adopted this guidance in 2012.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses relating to the Plan are paid by the Company on behalf of the Plan. Such expenses include costs related to certain employees of the Company who perform administrative and trustee services for the Plan for which the Plan does not reimburse the Company. Investment management fees are presented in the net appreciation (depreciation) in fair value of investments. Other administrative and transaction costs incurred by the Plan are recognized as incurred.

3. Financial Data Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus Financial, N.A., the custodian of the Plan, has certified to the completeness and accuracy of all investments, at fair value, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, and the schedule of assets (held at end of year) as of December 31, 2012, and investment income (loss) and interest from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011.

4. Investments

The following table presents investments that represent 5% or more of the Plan's net assets at December 31, 2012 and 2011:

	2012	2011
Vanguard Retirement Savings Trust	$ 1,602,753	$ 1,677,908
Dodge & Cox International	406,547	*
PIMCO Total Return Instl Fund	476,619	506,668
Vanguard Total International Stock Index Fund	483,525	*
American Beacon Large Cap Value Fund	424,107	*
T. Rowe Price Growth Stock Fund	431,368	*
Vanguard 500 Index Signal Fund	415,933	*

*Less than 5% of plan net assets.

The Plan's investments in registered investment companies (including gains and losses on investments bought, sold and held during the year) appreciated (depreciated) in value by $752,958 and $(362,102) in 2012 and 2011, respectively.

5. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the plan's principal or most advantageous market for the asset or liability. The financial accounting standards also establish a fair value hierarchy, which requires the plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurements (Cont.)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

The fair value of shares of registered investment companies (including money market funds) is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of participation units held by the Plan in the common/collective trust is based on its net asset value, as reported by Alerus Financial, N.A. and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The fair value of the common/collective trust is classified within the Level 2 since it invests only in securities traded on nationally recognized securities exchanges.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

		Fair Value Measurements at Reporting Date Using

(a) The Vanguard Retirement Savings Trust invests in high-quality fixed income securities with financial backing from insurance companies and banks that enable it to maintain a constant $1 per share net asset value. New investments are chosen on the basis of credit quality, yield, maturity, and contract provisions. The Trust targets an average maturity of between two and three years. Participants are able to redeem their investment in the fund at any time and the funds are available immediately.

6. Transactions with Parties-in-Interest

Fees paid by the Plan during 2012 and 2011 for legal, accounting, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, net assets of the Plan shall be allocated among the participants and beneficiaries of the Plan in the order provided by ERISA.

8. Tax Status

The Plan obtained its latest determination letter, dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

9. Subsequent Events

Subsequent events have been evaluated through October 14, 2013, the date these financial statements were available for issuance.
