NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

1. DESCRIPTION OF PLAN

The following description of the Harvey Souza 401(k) Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2000 and qualifies as a defined contribution retirement plan for the Harvey Souza dba Village Club Card Room (the "Company") eligible employees. The Plan was established for the purpose of providing retirement benefits to eligible employees. The Plan is intended to qualify as a cash or deferred arrangement under Section 401(k) of the Internal Revenue Code ("IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Eligibility

Employees are eligible to participate in the 401(k) Plan upon completing one year of service (1,000 hours) and upon reaching age 21. Matching contributions are allocated to all eligible employees who have elected to be a contributing participant. Participants may enroll in the plan immediately after meeting the eligibility requirements. Participants who are eligible at make employee deferrals are also eligible for discretionary profit sharing contributions.

Contributions

Under the provisions of the Plan, eligible participants can contribute in pretax dollars an amount up to 75% of their annual compensation up to a maximum contribution of $17,000 and 16,500 for 2012 and 2011, respectively. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).

The Company may make profit sharing contributions in an amount to be determined from year to year based on pro rata formula. For the years ended December 31, 2012 and 2011, the Company chose not to make discretionary profit sharing contributions.

1. DESCRIPTION OF PLAN - (Continued)

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the participant's contribution; (b) the Company's matching contribution, the Company's discretionary profit sharing contribution, and (d) Plan earnings.

Vesting

Participants are one hundred percent (100%) vested in their contributions plus actual earnings thereon. Participants become vested in their Company matching contributions and profit sharing contributions and any earnings as follows:

Years of Service For Vesting	Percent Vested
Less than one year	0%
At least one year, but less than two	20%
At least two years, but less than three	40%
At least three years, but less than four	60%
At least four years, but less than five	80%
Five years or more	100%

Forfeitures

The unvested portion of a terminated participants employer account will be forfeited and will be allocated to the individual accounts of qualifying participants. Forfeitures were $81 and $34 for the years ended December 31, 2012 and 2011, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the mutual fund investment options offered in the Mid Atlantic Trust Company.

Administrative Expenses

Substantially all Plan administrative expenses were paid by the Plan sponsor for the years ended December 31, 2012 and 2011.

1. DESCRIPTION OF PLAN - (Continued)

Notes Receivable from Participants

The Plan has a provision which allows participants to borrow from their vested account balance. The maximum loan is 50% of the participant's vested balance to a maximum of $50,000. Loan repayments of principal and interest are made through payroll deductions over a period of one to five years or longer if used to acquire a dwelling unit.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and one hundred percent (100%) of their pre-tax contributions as soon as administratively possible following retirement, termination or upon becoming disabled.

2. SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Date of Management's Review

Subsequent events were evaluated through October 1, 2013, which is the date the financial statements were available to be used.

Investment Valuation and Income Recognition

The Plan's investments reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee, or equivalent, determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investment bought and sold as well as held during the year.

2. SUMMARY OF ACCOUNTING POLICIES – (Continued)

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Non-Discrimination for Employee and Employer Contributions

The Plan, as required by the IRC, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund excess deferral contributions. For the years ended December 31, 2012 and 2011, there were no excess deferrals.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosure. Accordingly, actual results could differ from those estimates.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

4. RELATED-PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed Mid Atlantic Trust Company. Mid Atlantic Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services amounted to $1,271 and $920 for the years ended December 31, 2012 and 2011, respectively.

5. TAX STATUS

The Internal Revenue Service provided a letter dated March 31, 2008 that stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended and restated. The trustee, plan sponsor, and plan administrator are not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

6. INVESTMENTS

The following table represents the fair value of investments at December 31, 2012 and 2011. Investments that represent 5 percent or more of the Plan's net assets are separately identified.

Mutual Funds:	2012	2011
American Funds Fundamental Investors Fund	$ 148,568	$ 126,991
American Funds New Economy Fund	157,701	125,479
American Funds Euro Pacific Growth Fund	63,124	50,963
Delaware Diversified Income Fund	59,164	55,472
MFS Government Securities Fund	95,231	87,695
PIMCO Low Duration Fund	279,184	238,176
Alliance Bernstein Balance Wealth Strategy Fund	82,380	76,104

During 2012 and 2011, the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in value by $83,790 and $(37,835), respectively.

7. FAIR VALUE MEASUREMENT

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds - are public investment securities valued using the Net Asset Value (NAV) provided by the respective mutual fund companies. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the fair value hierarchy.

7. FAIR VALUE MEASUREMENT – (Continued)

Money Market Funds - are public investment securities valued using the Net Asset Value (NAV) provided by the respective mutual fund companies. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

The following tables set forth by level, within the fair value hierarchy, the plan's fair value measurement at December 31, 2012 and 2011.

8. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the mutual funds reflected on the accompanying statements of net assets available for benefits as of December 31, 2012, the schedule of assets held at year end as of December 31, 2012, and all the related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2012.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
