As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information supplied in Note 5, which was certified by Capital Bank and Trust, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

As described in Note 2, these financial statements and the supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedules taken as a whole. The form and content of the information included in the financial statements and the supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Santa Ana Creek Development Company dba Mark Company ("Company") 401(k) Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all Company employees except employees covered by certain collective bargaining agreements, owner-operators and leased employees. Employees shall be eligible to participate in the Plan on the first open enrollment date (July 1, October 1, January 1 or April 1), following the later of the date on which they attain age 21 or the date on which they have completed six consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan initially became effective on January 1, 2002. The Plan Adoption Agreement was restated on January 1, 2004 and then amended on October 1, 2006.

Contributions

Each year participants may contribute at least 1% of their compensation per payroll period up to 75% of their compensation for the Plan year. Each participant's total deferrals in any taxable year may not exceed the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollovers"), as long as the employee is not a part of the excluded class of employees.

The Company made a safe harbor matching contribution of 100% of the participants' salary deferrals that do not exceed 4% of the participant's compensation.

The Plan allows for discretionary profit-sharing contributions and qualified non-elective contributions ("QNECs") as determined by the Company. Participants must be employed on the last day of the Plan year and have worked at least 1,000 hours in order to be eligible to receive the discretionary contribution. The Company did not make any discretionary contributions during the years ended December 31, 2009 or 2008.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Participant Account

Each participant's account is credited with the participant's contributions, safe harbor contribution, allocations of the Company's profit sharing and QNECs contributions, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions in the salary reduction contribution amount and in actual earnings thereon.

The Company's safe harbor matching contribution and qualified non-elective contributions are also immediately 100% vested. If made, employer discretionary contributions will become vested in accordance with the following schedule.

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants, however, will be 100% vested upon reaching the participant's normal retirement age.

Participant Loans

The Plan does not allow for participant loans.

Payment of Benefit

If a participant's vested benefit is $5,000 or less, it will be distributed as a lump-sum as soon as practicable following termination of employment for any reason (including retirement). If a participant's vested benefit in the Plan exceeds $5,000 upon termination of employment, the participant may elect to receive a single lump-sum payment of the entire balance or periodic payments over a period of not more than the participant's assumed life expectancy.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures will first be used to pay Plan expenses for the Plan year in which the forfeitures are to be allocated. Any remaining forfeitures will be reallocated as additional employer non-elective contributions. Forfeitures for the year ended December 31, 2009 and 2008 were not material to the financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis method of accounting that includes contributions receivable for both financial and tax reporting purposes. Under this method, income is generally recognized when received and expenses are generally recognized when paid. Investments have been recorded at their fair market values. Accordingly, these statements are not intended to purport financial position or the results of operations in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of mutual funds are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements under the modified cash basis method of accounting, described in Note 2, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenses

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Benefit Payments

Benefits payments to participants are recorded when paid.

Fees and Expenses

The Company is responsible for the Plan administrative costs, including the recordkeeping and management of the Plan. The Plan is responsible for costs related specifically to the investments.

Recent Accounting Pronouncements

In June 2009, the FASB established the FASB Accounting Standards Codification (the Codification) for financial statements issued for annual periods ending after September 15, 2009. The Plan adopted FASB Accounting Standards Codification ("FASB ASC") 105-10 *The Accounting Standards Codification* during the fourth quarter of 2009. FASB ASC 105-10 established the Codification as the single source of authoritative accounting principles for U.S. GAAP. Accordingly, previous references to U.S. GAAP accounting standards are no longer used in our disclosures. The Codification does not affect our statements of net assets available for benefits or statement of changes in net assets available for benefits.

NOTE 3 – INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets:

	2009	2008
		$
American Funds Growth Fund of America	$ 541,618	449,764
American Funds Capital World Growth & Inc	146,294	110,029
Allianz-NFJ Dividend Value Fund	440,518	418,359
American Funds Capital Income Builder	761,721	680,010
Federated Strategic Income Fund	319,179	236,325
American Funds Cash Management Trust	***	211,537
American Funds Money Market Fund	370,072	***

*** Investment is less than 5%.

NOTE 3 – INVESTMENTS (CONT'D)

During 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $444,581 & $(968,280), respectively, as follows:

	2009	2008
Mutual funds	$ 444,581	$ (968,280)
	$ 444,581	$ (968,280)

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The following describes the three levels of the fair value hierarchy under FASB ASC 820:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONT'D)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Cash and cash equivalents: Fair value is measured at the closing price of the security reported on the major market on which the security is traded.

Mutual funds: Value based on the net asset value ('NAV") of shares held plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Fair Value Measurements Using Input Type			
INVESTMENTS:	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 370,072	$ -	$ -	$ 370,072
Mutual funds	2,209,330	-	-	2,209,330
	$ 2,579,402	$ -	$ -	$ 2,579,402

NOTE 4 – FAIR VALUE MEASUREMENTS (CONT'D)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

	Fair Value Measurements Using Input Type			
INVESTMENTS:	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 211,537	$ -	$ -	$ 211,537
Mutual funds	1,894,486	-	-	1,894,486
	$ 2,106,023	$ -	$ -	$ 2,106,023

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's custodian has certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

	2009	2008
Investments at fair value:		
Cash and cash equivalents	$ 370,072	$ 211,537
Mutual funds	2,209,330	1,894,640
Investment income:		
Net appreciation (depreciation)	444,581	(968,280)
Contributions:		
Participants	172,343	202,304
Employer	76,025	116,329
Benefits paid to participants	221,830	172,562

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the sponsoring Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Plan obtained its latest determination letter on April 26, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by an affiliate of the Custodian, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the Plan year ended December 31, 2008, employee contributions in the amount of $144,560 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company submitted the payment to the Plan, as well as related documents to the Department of Labor under the Voluntary Fiduciary Correction Program (VFCP) in 2009.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – SUBSEQUENT EVENTS

In 2009, the Financial Accounting Standards Board ("FASB") established general accounting standards and disclosure for subsequent events. The Plan adopted FASB Accounting Standards Codification ("FASB ASC") 855, *Subsequent Events,* for the year ended December 31, 2009.

Events subsequent to December 31, 2009 have been evaluated through October 14, 2010, the date these financial statements were available to be issued, to determine whether they should be disclosed to keep financial statements from being misleading.
