INDEPENDENT AUDITORS' REPORT

Thermopol, Inc. 401(k) Plan:

We were engaged to audit the accompanying financial statements of the Thermopol, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with generally accepted accounting principles in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with generally accepted auditing standards in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (the "Trustee"), except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

THERMOPOL, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

1. DESCRIPTION OF PLAN

The following description of the Thermopol, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers substantially all employees of ContiTech Thermopol, Inc. (the "Company"), who have met certain eligibility requirements as specified in the plan document.

Contributions - Participants may contribute up to 25% of their annual eligible compensation, as defined in the plan document, up to a maximum of \$17,000 and \$16,500 for 2012 and 2011, respectively, subject to certain non-discrimination tests prescribed by the Internal Revenue Code ("IRC"). The Plan allows for rollover contributions from other qualified plans. The Company has elected to make safe harbor matching contributions on behalf of participants. The match is equal to 100% of salary deferrals, not to exceed 6% of eligible compensation. The Company may also elect to make a discretionary profit sharing contribution on behalf of eligible participants. To be eligible to receive a profit sharing contribution, a participant must be employed as of the last day of the plan year. The contribution will be allocated to eligible participants proportionately based upon the ratio of each participant's eligible compensation for the plan year to the total eligible compensation for the plan year. The Company did not make any profit sharing contributions for the years ended December 31, 2012 and 2011.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's safe harbor matching and discretionary profit sharing contributions, the Plan's gains and losses and allocations of administrative expenses. Allocations of administrative expenses are based on the ratio of weighted-average participant account balances to the total weighted-average of all participant account balances. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Investment Options - Upon enrollment in the Plan, a participant directs the investment of their contributions and the Company's contributions into various investment options offered by the Plan. Participants may direct their contributions into mutual funds, common collective trusts and a self-directed brokerage account option that allows contributions in common stock, mutual funds, corporate debt, and cash and money market funds.

Vesting - Participants are immediately vested in their voluntary contributions, the Company's safe harbor matching contributions and rollover contributions in addition to actual gains and losses thereon. Vesting in the Company's discretionary matching contributions is based on years of service. A participant is 100% vested when they attain normal retirement age. Prior to normal retirement age, a participant's interest in the Company's discretionary profit sharing contributions becomes vested 20% after one year of service, increasing 20% each succeeding year until fully vested after five years of service.

Benefit Payments - Benefits paid from the Plan may be made upon proper application by a participant for retirement, proven financial hardship, death (in which case the payment is made to the beneficiary), or employment termination, as specified in the plan document.

Notes Receivable from Participants - The Plan permits participants to borrow a minimum of \$1,000 up to 50% of their vested account balance, not to exceed \$50,000. The loans are secured by the balance in the participant's account and bear fixed interest at rates that range from 4.25% to 7.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Forfeitures - Benefit payments to terminated participants partially vested in the Plan include their vested portion of the Company's discretionary profit sharing contributions. The non-vested portion of terminated participants' account balances is used to reduce the Company's future contributions. Forfeited non-vested accounts totaled approximately \$21,000 as of December 31, 2012 and 2011. During the years ended December 31, 2012 and 2011, the Company's contributions were not reduced by funds from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and common collective trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation (depreciation) of investments.

The change in net unrealized appreciation (depreciation) of investments held from the beginning of the plan year to the end of the plan year is included with realized gains (losses) as net appreciation (depreciation) of investments reported in the accompanying Statements of Changes in Net Assets Available for Benefits.

Contributions - Contributions from participants are recorded as they are withheld from the participant's wages. Contributions from the Company are recorded in the period in which the related participant contributions are due.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as benefits paid to participants based upon the terms of the plan document.

Payment of Benefits - Benefit payments are recorded when paid.

Subsequent Events - In preparing the financial statements, the plan administrator has evaluated subsequent events through September 19, 2013, which is the date the financial statements were available to be issued.

3. INVESTMENTS (UNAUDITED)

The Plan's investment assets are held in trust and administered by Fidelity Management Trust Company (the "Trustee"). All investment and notes receivable from participant information disclosed in the accompanying financial statements and supplemental schedule, including investments held, net appreciation (depreciation) of investments and interest and dividend income, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

The fair value of investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011 are as follows:

	<u>2012</u>	<u>2011</u>
Vanguard Total Bond Market	\$ 326,193	\$ 284,983
Fidelity Retirement Govt. Money Market	\$ 298,861	\$ 244,157
Fidelity Contrafund	\$ 293,263	\$ 220,104
Columbia Acorn USA	\$ 291,812	\$ 333,457
Allianz NFJ Dividend Value Fund	\$ 289,538	\$ 254,352
Janus Overseas	\$ 226,968	\$ 238,137
Spartan 500 Index Adv	\$ 180,725	\$ 146,520

For the years ended December 31, 2012 and 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/depreciated as follows:

	<u>2012</u>	<u>2011</u>
Mutual funds	\$ 176,701	\$ (159,109)
Common collective trusts	<u>23,092</u>	<u>876</u>
Net appreciation (depreciation) of investments	<u>\$ 199,793</u>	<u>\$ (158,233)</u>

4. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles in the United States of America provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles in the United States of America are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: - Quoted prices for similar assets or liabilities in active markets; - Quoted prices for identical or similar assets or liabilities in inactive markets; - Inputs other than quoted prices that are observable for the asset or liability; - Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2012 and 2011.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain investments of the Plan are shares of mutual funds and units of common collective trusts managed by Fidelity Investments, Inc. an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan. Certain other third party administrator fees were paid by the Company on behalf of the Plan. These transactions qualify as exempt party-in-interest transactions.

6. TAX STATUS

The prototype plan has received a favorable determination letter dated March 31, 2008. Although the Plan has since been amended and restated on January 1, 2009, the plan administrator believes that the Plan is designed, and operated, in compliance with the applicable requirements of the IRC and therefore is a qualified plan with a related tax-exempt trust.

Generally accepted accounting principles in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for the years prior to 2009.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500 as of December 31, 2012 and 2011:
